

# Newton Notables

By SARAH SHIELDS PFEIFFER

## JOHN M. POWELL

One of the most interesting conversations can be developed by asking a leading citizen why he chose Newton for his home. Put this question to Indiana-born John M. Powell of 25 Quidnic road, Waban, and you'll be told: "I settled here in 1921 on the advice of business friends who declared that Newton was a fine place to live."

Ever since then Mr. Powell has taken a constant interest in our community affairs. Now president and formerly actuary of The Loyal Protective Life Insurance Co., he has given generously of his time and ability to such local projects as the Newton Community Chest, Waban Neighborhood Club, Union Church Society and Waban Improvement Society. Most recently, Mr. Powell has been called to serve as president and chairman of the Board of Governors at Newton-Wellesley Hospital. Other public-spirited people, also serving long hours without pay on the hospital's governing board, include: Paul T. Babson, Chester C. Spring, Marshall G. Bolster, Henry T. Dunker, C. Raymond Cabot, Donald P. Perry, Charles M. Cutler, Benjamin W. Guernsey, Neil Leonard, O. Herbert Sherbrooke, Mrs. Theron B. Walker, Joseph F. Wogan and John W. Stokes.

In addition there are about 60 other leading citizens on the Board of Trustees.

John Powell speaks with enthusiasm of his new post. He reflects the pride our community rightly has in such a large general hospital. His blue-gray eyes sparkle as he recites the figures his actuarial mind finds so fascinating.

"In 1946 the hospital cared for 7,247 patients of whom 1376 were newborn. That approximates one-tenth of the population of Newton! There are 240 beds, exclusive of bassinets, and 469 regular personnel, which however includes 50 part time employees and 151 student nurses. That's almost two per patient . . . not to mention 35,636 hours of service given by 690 wonderful volunteers."

"Last year there were over 20,000 patient days subsidized in whole or in part by the Community Chest. The figure will run even higher for 1947. As elsewhere, there has been a great and hampering turn-over in help. Hospital costs have risen so markedly and so rapidly that they are in danger of going beyond the reach of the average citizen. The cost of every item a hospital buys, just as the cost of everything you buy, has gone up. That means your hospital has had to spend more on wages, food, drugs, fuel, bedding, dressings, repairs and replacement of equipment. For instance, it's hard to handle rising food prices but Newton-Wellesley Hospital never wants to compromise with the quality of its diet for patients. That is only one of the many reasons why there is more need than ever for your contribution to the Chest Campaign, which opens on October 23rd. Like all 31 hospitals affiliated with the Greater Boston Community Fund, Newton-Wellesley Hospital is not a money-making organization. It's another Red Feather agency dedicated to community service."

Mr. Powell speaks enthusiastically of many other details which the public may not know. Though there is always a waiting list of patients, the routine is so geared that room can be made for accident patients brought to the hospital any hour, day or night. Last year 1943 accident victims were treated!

Here are only a few facts from the 1946 hospital report. The la-

JOHN M. POWELL

boratory increased its total volume of work by slightly over 20%. The Blood Bank which it operates, was set up on the ground floor and equipped for efficient function.

The X-ray department increased its work output by 15% over the previous year. This outstanding department is the only one between Boston and Worcester to train X-ray technicians and to operate a 200,000 volt machine for the treatment of cancer.

Widely known in bedside nursing, the nursing service graduated 46 girls last year. Many of these graduates continue to work at the hospital or do private nursing in Newton.

The free library for the use of patients, doctors and nurses is a model that hospitals over the country seek to copy.

And the Coffee Shop, operated entirely by the Newton-Wellesley Hospital Aid Association, provides through the 15,000 volunteer hours given to it each year, a pleasant oasis for visitors and hospital personnel alike.

And so, when a neighbor calls this fall for your contribution to the Great Boston Community Fund and your Newton Community Chest, John M. Powell and others urge that you let your heart remember these facts about your Newton-Wellesley Hospital. No one can tell you how much you should contribute in time and volunteer service to such an institution that serves its community in times of illness and despair. However, they hope you will adopt this motto of contributing. "Give until you have the peace of mind that comes from knowing that you have done unto others as you would have others do unto you."

## First of New Lecture Series Announced by Christian Scientists

The first of a series of four public lectures on Christian Science will be given on Monday evening, September 15, by Elisabeth Carroll Scott, C.S.B., of Memphis, Tenn., at 8 o'clock p.m., in the church edifice, corner Walnut and Otis Sts., Newtonville. The public is cordially invited to attend.

Following lectures in the series will be given Dec. 11, 1947, February 13 and June 11, 1948.

### Deadline for Filing Nomination Papers Is 5 P.M. Tues. Sept 9

According to City Clerk Frank M. Grant, candidates for office to be voted on in the November city election, must file nomination papers at the city clerk's office before 5 p.m. Tuesday, September 9.

## H. C. Thomas, Jr., Appointed Exchange Fellow at Geneva

The Institute of International Education of New York in conjunction with the Swiss Government has announced the appointment of Howard C. Thomas, Jr., of 35 Calvin road, Newtonville, as an American Exchange Fellow at the University of Geneva and Graduate Institute of International Studies for the coming year.

Mr. Thomas graduated from Dartmouth college in 1943 and received his M.A. from the School of Advanced International Studies, Washington, D. C., in May of this year. He will leave for Europe on the Queen Elizabeth on October 3.

## High School Driver Training Course

School officials announced today the appointment of Edwin H. Wiest as instructor of driver training, a new course to be offered to high school students this fall. Mr. Wiest is a teacher of safety education, and was formerly at the Safety Education Center, New York University.

For the purpose of providing instruction under actual driving conditions, the high school has been loaned the use of a new 1947 dual control Ford sedan by the Newton Motor Sales.

## Kenneth E. Prior Files Nom. Papers

Kenneth E. Prior, of 377 Cherry street West Newton, today filed nomination papers as candidate for Alderman-at-large from Ward 3.

Prior, who has served the past 6 years as Ward Alderman, served on the Franchise and License committee, was chairman of the Public Buildings Committee for 4 years and has been a member of the Public Works, Lighting, Off-Street Parking, Traffic, Mayor's Address as chairman, and the Kendrick Fund committees. He also has served as fuel administrator of the city by appointment of the governor and is a member of the Board of Directors of the West Newton Co-operative Bank. He is treasurer of the B. S. Hatch Coal and Oil Company, a member of Newton Lodge of Elks, and has served in the fund raising campaigns for the Newton Red Cross, the Salvation Army and the Community Chest.

## B.C. Enrollment Breaks Records

A new enrollment record will be set by Boston College this fall with approximately 6000 students attending the seven undergraduate and graduate divisions.

## Favors Bonus for Vets, More Pay for City Employees; Eliminate Pine Street Dump

John H. Brady of 1113 Washington street, West Newton, has announced his candidacy for the office of mayor of Newton at the coming election.

Mr. Brady, a veteran of World War I, favors a \$300 bonus for veterans of World War II. He also is in favor of increasing the pay of city laborers to \$1 per hour; shorter hours and increase in wages for members of the fire department and an 8 hour day regulated in three shifts for members of the police department; higher wages for all clerks and janitors employed by the city; better street lighting throughout the city; better roads and sidewalks, more playgrounds for the children; also lower taxes, and numerous other city improvements.

If elected he states that he plans to get rid of the Pine street dump which is a menace to the health of the people living in that vicinity, and also that he would appoint a qualified man as street commissioner.

Mr. Brady has been a resident of Newton for 12 years. He is a graduate of the Brighton High School.

## Volunteer Needs Of Newton Community Council

The Volunteer Service Bureau of the Newton Community Council, a RED FEATHER SERVICE, seeks to fill the needs of all Newton Agencies. Among the many requests that come to the Volunteer Service Bureau for volunteers is one from the Newton Chapter of the American Red Cross for women interested in training for the Gray Lady Staff at the Newton-Wellesley Hospital.

During the war when all hospitals were more crowded than at any time in their respective histories, Gray Ladies became an indispensable part of every hospital.

Now that the war is over Gray Ladies are still just as vitally necessary to the efficiency and continuity of hospital routine as they were during the war. This is interesting, absorbing and worthwhile work which will give any woman a sense of satisfaction in knowing she has helped where her assistance was needed most.

The Red Cross announces that there will be a new training course for Gray Ladies starting on or about the fifteenth of September. If you have a few leisure hours each week, plan to take this course which will fit you for your place as a Gray Lady. For further information on this course and on other Volunteer services in Newton call THE NEWTON COMMUNITY COUNCIL, LAsell 5121. . . . TODAY.

## Additional Bus to Oak Hill School

When school opens on Monday, September 8, bus service will be available for children living on the Brookline-Boston side of the Oak Hill school and living between the junction of Boylston street and Dudley road and Brookline and Oak Hill streets. The bus, which will be run by the Middlesex and Boston Street Railway Company, will leave the corner of Boylston street and Dudley road at approximately 8:10 a.m. and proceed along Dud-

## Harry Gath, Jr., Will Run for Alderman-At-Large from Ward 2

HARRY GATH, JR.

Harry Gath, Jr., today announced that he would seek election as Alderman-at-Large from Ward 2 in the November balloting. The announcement of his candidacy for the post has long been expected in view of the exceptional showing he made in the last City election two years ago when he polled nearly six thousand votes.

Mr. Gath is married and makes his home at 600 California Street, with his wife and eleven-year-old daughter, Carole. He is a former member of the 101st Infantry, 28th Division. During World War II, he served as Supply officer for the 26th Infantry Regiment of the Massachusetts State Guard. Mr. Gath

### Newton Centre Man Gets H.P. Hood & Sons Executive Post

FREDERICK H. KNIGHT

Frederick H. Knight of Newton Centre has just been appointed a member of the board of executives of H. P. Hood & Sons, prominent New England dairy concern.

In his new position, Mr. Knight will be in charge of ice cream sales of several of the company's branches in Massachusetts. With the Hood company since 1934, he has served in the advertising and merchandising departments, and before his recent appointment, was a divisional sales manager. Before joining the Hood organization, he was the New England district manager of the Cadillac Motor Car Company.

Born in Ludlow, Vt., Mr. Knight was graduated from Princeton university. He now resides with his wife and three children at 20 Meadowbrook road, Newton Centre.

## Brown, Anthony, Ward 6 Alderman-At-Large Candidates

Reginald W. P. Brown, of 1073 Centre street, Newton Centre, Boston College football coach and scout has filed nomination papers for the office of alderman-at-large from Ward 6.

Brown, widely known as "Reggie," served as football coach at Harvard for 15 years, at West Point, Boston University, Northeastern University and other institutions. He ran for the same office two years ago and polled 3467 votes.

Another candidate in this contest is Julian D. Anthony, present ward alderman, who is running at-large. The present aldermen-at-large from Ward 6 are President Joseph B. Jamieson, who is retiring from the Board, and William V. Tripp, Jr., who is expected to run for re-election.

### Registration Next Week; Courses Well Planned For Students of All Ages

Monday, September 15th, will mark the opening of the thirty-seventh season of the All Newton Music School now located at 398 Walnut street, Newtonville. The Peirce School Branch in West Newton will have sessions on Tuesday and Thursday afternoons to serve young students from that section of Newton.

Registration comes during the week before regular sessions start. In order to be sure of their places in the schedules, former students must be registered before Monday, September 8th, on which date registration of new students will begin.

The All Newton Music School, founded in 1911, is a Community Music School and a Red Feather Service. It provides a comprehensive course of study in music with teachers of experience and ability, offers opportunity to young people who are eager to study and willing to work, and cooperates with the other social agencies of Newton in extending its resources to all groups in the community.

Since the very beginning, the school has provided a rich and varied musical life for students of all ages and degrees of talent. Believing that the study of music

## So You Want To Be A Fireman

It wasn't too many seasons ago that a baseball player, particularly well known to Fenway Park's left field fans, drew headlines and considerable riding from the opposition dugouts by his statement that he'd rather be a fireman than play baseball. But he is still playing baseball and the only thing reminiscent of that episode is his blazing bat with which he currently leads his league in batting.

However, had he turned his attention from knocking out base hits to putting out fires, he would by now be well aware of the important place firemen have in the well being of any community, large or small. And, whether we are baseball players or not, we all might do well to appreciate how important the fireman is. Try to imagine a community without a fire department or firemen. It wouldn't be long before it was little more than a fire-blackened area, the result of a fire that started in a small way but gained damaging headway because trained men weren't on hand quickly and expertly to extinguish it.

"All right!" you say. "What can I do about it?" I know we've a good fire department with trained men and modern equipment. What can I do about it?

Just this: You can co-operate with your fire department by taking all possible precautions around your home or place of business to prevent fires. Clean that rubbish out of the cellar and avoid a "business" visit by your local fire fighters to extinguish the blaze in your cellar. Be careful with lighted matches or cigarettes and save yourself from the possibility of meeting one of your firemen as he rescues you from a smoke-filled third floor room in your blazing home.

Ninety per cent of all fires in this country are needless and could have been prevented by exercise of caution and common sense. Fire department officials know only too well the grim toll of lives and property taken each year by fire. They know too that a fire that doesn't start can never cause damage or death. They want you to know it, not only in the forthcoming October Fire Prevention Week, but every week of the year. They want and need your help and co-operation in eliminating the cause of fire every day. They have a big job on their hands. You can help!

## Russia's Gains

Practically everyone is now convinced that U.S.-Soviet relations will continue to deteriorate, at least for the next year or so. The high hopes that were once widely held for real cooperation between the two powers to rehabilitate Europe and the Far East have evaporated like dew in the desert.

In informed U. S. quarters, it is also believed that this is perfectly in accord with the plans of the Soviet top command. Russia, the belief goes, is determined to circumvent any American plan for European stabilization. Reason: A hungry and hopeless Europe is a happy hunting ground for the communists.

This Soviet policy has paid off so far. The extent of Russian gains since V-E Day has been amazing. To all intents and purposes, all of Central Europe consists largely of Soviet satellites. In countries such as Hungary, the communists completely dominate the government—even though, in the last free election, communist candidates got less than 20 per cent of the vote. The other parties have been outlawed or made impotent. The last-ditch dissenters have had an ominous habit of disappearing—save for the fortunate few who have managed to escape to England, the United States, and South America.

The communist group in France is extremely aggressive, and is obviously engaged in an all-out drive for power. This is one of the worst Anglo-American headaches at the present time.

Engage in active operations with the U. S. Coast Guard, men 17-25 without previous service, and veterans 17-30 or over depending on length of service. Apply at your nearest Coast Guard Recruiting Office.

—The average American uses about six pounds of salt a year to season food. Salt is found in 19 states, and produced in commercial quantities in 13, according to the United States Bureau of Mines.

## Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### That Eisenhower Boom

A few more comments on the potential candidacy of General Dwight D. Eisenhower may prove of interest to my readers. The much-publicized Elliot Roosevelt has been quoted as saying that a G.O.P. tandem of "Eisenhower and Stassen couldn't miss." Very interesting, coming as it does from a prominent Democrat.

Another angle. Time magazine, in its Sept. 1 issue, referred to the possibility that the American Legion, assembled in convention in New York during the last week in August, might "seize the occasion to get an Eisenhower-for-President bandwagon rolling, under Legion auspices." This, it should be stated, was the idea of the "Legion bigwigs." Judging from newspaper reports, nothing much along these lines developed.

Most interesting of all, however, is another set of facts brought out in a recent Gallup Poll, which revealed that 22 per cent of those polled expressed the opinion that Eisenhower was probably a Republican and that 20 per cent thought that he was probably a Democrat. Significantly, the remaining 58 per cent said that they did not know to which major party the General owed allegiance. Equally significant was the fact that only 35 per cent stated that they would "like to see like a Presidential candidate, whereas 48 per cent took the opposite view. The balance of 17 per cent said that they did not have any opinion at the moment.

Finally, as a national columnist has pointed out, there seems to be a tradition against professional soldiers in the White House. Personally, I rather object to classifying the popular General as a "professional soldier," even tho' it may be a natural thing to do. To a great many people like Eisenhower is a man with statesmanlike qualifications and a far broader outlook than that of the typical General in the old days. It is hardly fair to compare him with General Grant, who was a flop as President, despite his brilliant military record.

Our other two military Presidents, William Henry Harrison and Zachary Taylor, both died within a few months of their inauguration and therefore had little opportunity to make any sort of record.

### City Election

The election campaign is gradually warming up, as evidenced by the increasing number of telephone calls and letters. A few of our active politicians have shown signs of rising blood-pressure, induced in several instances by portions of columns appearing in this space. That is quite all right and does not in the least disturb me. The more we can get people talking and thinking about our city election the better. Let us hope, however, that the campaigning and the disagreements will be out in the open, where they belong. Let us also hope that those who write letters will be fair enough to quote at sufficient length to give readers the correct picture of what your columnist has said. One can always pick out a sentence here and there and give a strange twist to what an entire paragraph really means.

In connection with the Aldermanic situation, those who deplore the heavy turnover in our Board of Aldermen next year will be relieved to know that Alderman Donald L. Gibbs of Ward 1 has finally decided to serve one more term. He is the type of Alderman we need in Newton.

The withdrawal of candidate McLaughlin in Ward 4 appears to leave Harold Buse in control of the situation in that area unless a last-minute entry makes his appearance. Perhaps I should say "his or her," in view of the fact that we are in the throes of the first lady vs. gentleman contest for the Board in the history of Newton.

By the way, it is my belief that people in my position should not attempt to unduly influence the voters of any given ward in a strictly local contest. There might be exceptions, of course, if some vital principle was involved. All I care to say about the battle in Ward 6 is this: it will unquestionably bring out a very large vote, which is all to the good, and it will also throw some light on the current attitude of our citizens concerning the place of women in public office.

### Committee for Constitutional Government, Inc.

A friend of mine, an old-fashioned, fine type of New England Yankee, has just shown me a copy of a speech made by Congressman Harold Knutson of

Minnesota, Chairman of the House Ways and Means Committee, regarding the double Presidential veto of the G.O.P. income-tax cut bill. He makes out an excellent case for the bill and against Mr. Truman's veto. Among other points, he states that Great Britain and Canada have each had two tax reductions since V-J Day. What especially interests me, however, is Rep. Knutson's quotation of a letter from the Committee For Constitutional Government, Inc., ending as follows:—"The President alone is the obstacle to the fulfillment of the people's will. Do you believe that the decision should rest, as provided for in the Constitution, with the people's representatives or with one man?"

P.W.C.

## Letter to Editor

Dear Sir:

I wish to call the attention of motorists of Massachusetts to a new law which recently went into effect which requires motorists about to pass a school bus which is stopped to take on or discharge passengers, to come to a full stop before passing and thereafter not to operate at a speed exceeding 10 m. p. h. while passing the bus.

This amendment is for the purpose of affording greater protection to our school children, thousands of whom are transported by bus to and from school daily.

It applies to motorists going in either direction, except when approaching from the opposite direction on a divided highway. Our inspectors and the police have been requested to see that this law is rigidly enforced.

Rudolph F. King,  
Registrar.

## NEWTON IN THE PAST

From the Files of The Newton Graphic

### NEWTON IN THE PAST From the Files of the Newton Graphic 55 Years Ago, Sept. 2, 1892

NEWTON—One of Mrs. Chick's boarders left last Saturday evening owing two week's board and also room rent and taking with him a suit of clothes and a pair of shoes valued at \$20. The case is being investigated by the police.

NEWTON—Loafing on street corners needs prompt and vigorous correctionary measures. A favorite spot for the hoodlum element is at the junction of Galen and Washington streets just beyond Hyde's block. Here they get together frequently in large numbers and make themselves obnoxious to pedestrians, especially the fair sex, toward whom insulting language is directed in the sneaky manner common to such useless members of society. Clean them out and keep the community as pure and fragrant as possible.

### HORSE CLOTHING.

The finest assortment of horse clothing ever in Newton at Alex Griswold's new store, Washington Street, opposite Waltham street. He also has a fine line of harnesses which it would pay horse owners to examine. See adv.

NEWTON HIGHLANDS—The electric cars commenced making regular trips on Wednesday and a large number of passengers were carried. Cars are being run every twenty minutes.

A traveler's pipe is one of the latest unique inventions. Attached to the bowl is a hook, which may be fastened in a button hole of the vest or coat, while a flexible tube communicates with the mouthpiece. The smoker can use this pipe while both hands are free to be otherwise occupied.

50 Years Ago, Sept. 3, 1897  
NEWTON—The new high school building may be ready for occupancy by November 1st, although the time for the contractors to finish is not till January 1.

The gypsy moth commission has had its workmen scouring the trees and shrubbery in this part of the city for the past week. The men are very faithful in their work, and not a tree escapes examination. It is expected that after the work in this ward is finished, the other parts of the city will be cared for.

### SCORCHED LINENS

It is said that when linens are badly scorched the spot can be removed if treated in the following manner: Extract the juice from two peeled onions and put it in an agate or granite vessel. Add to it half an ounce of white castle soap cut into small pieces and 2 ounces of fuller's earth. Mix them together and then stir in a cup of vinegar. Stand the vessel over the fire and let its contents thoroughly boil. When the mixture has become cool, spread it over the scorched linen and let it dry upon the cloth. When well dried, wash out the linen.

The opening of the subway in Boston was the great event of the week, but much to the disappointment of many the Newton cars were not in it.

The new railroad tracks on Washington street promise smooth and easy riding, and the rails are in great contrast to the old ones, now being taken up. When the two tracks are in use there will be none of the unpleasant waits at the turn-outs.

ORIGIN OF WEATHER COCKS  
By a papal enactment made in the middle of the Ninth century, the figure of a cock was set up on every church steeple as the emblem of St. Peter. This is the origin of the weather cocks.

## Retires After 18 Yrs. With Boston Bank

Austin W. Flint of 25 Washington Park, Newtonville, retired this week from the National Shawmut Bank of Boston, where he has been in charge of the Income Tax Department for the past 18 years.

Mr. Flint has been engaged in tax work since 1918. He was an internal revenue agent for the government from 1919 until 1923, was a public accountant for many years. For three years before joining the bank he was assistant treasurer at the Smith Woolen Mills in Worcester.

He has lived in Newton 11 years and is Secretary-Treasurer of the Newton Lions Club.

Although he has passed the retirement age, Mr. Flint intends to keep active in tax work and will go into private practice as a special accountant and income tax consultant.

## Needy - MacGill

Miss Elizabeth Fay MacGill, daughter of Mr. and Mrs. Charles Frederick MacGill of 35 Langdon Street, Newton, was married to Carl Kreiner Needy, son of Mr. and Mrs. A. Norman Needy of 41 Cochituate Road, Newton Highlands on Saturday afternoon, August 30, in the Newtonville Methodist Church. Dr. Ray A. Eusden of the Elliot Congregational Church, Newton and Rev. Raymond C. Gifford of the Newtonville Methodist Church performed the ceremony.

The bride wore a gown of white marquisette with lace trimming the double peplum, the neckline and the long sleeves which came to a point over the hands. Her short veil had clusters of orange blossoms and she carried a bouquet of gardenias and stephanotis with an orchid centre. She was attended by her sister, Miss Louise MacGill as maid of honor, who wore yellow taffeta with a headband of yellow velvet trimmed with tulle and carried a bouquet of yellow gladioli and delphinium. The bridesmaids were dressed in blue taffeta carried similar bouquets. They were Mrs. Robert J. Keefe of Clinton, New York, and Miss Elizabeth Carr of Oberlin, Ohio, cousins of the bride, Miss Marilyn Bruhn of New York City and Miss Jean Harden of Newton.

Mr. A. Norman Needy served as best man for his son. The ushers were Charles F. MacGill, brother of the bride, Walter E. MacDonald of Newton, James E. Bryan of Bridgeport, Conn. and Thomas D. Steele of Mullins, West Virginia.

A reception was held at the Charles River Country Club. On their return from a wedding trip to Canada, Mr. and Mrs. Needy will reside on Gainsboro Street, Boston.

The bride was graduated from Middlebury College in June of this year. Mr. Needy was graduated from Harvard in 1946 and is now attending the Harvard Medical School.

## Hines - Kearney

Miss Marjorie M. Kearney, daughter of Mr. and Mrs. Charles A. Kearney of 269 Webster street, West Newton, was married to David J. Hines of 53 Ellison Park, Waltham, son of Mr. and Mrs. Francis R. Hines, at a nuptial mass in St. Bernard's church, West Newton, on Monday, September 1. The Rev. John J. Crane performed the double ring ceremony at 10 o'clock. A reception followed at the Hotel Beaconsfield, Brookline.

The bride wore a gown of white ruffled marquisette with a fingertip veil and carried a prayer book with orchids and stephanotis. Mrs. Barbara Staszky, sister of the bride, of Wilmington, Del., was the matron of honor. She wore a gown of orchid bengaline and carried pink teardrop roses. The bridesmaids, Miss Joan Kearney, sister of the bride, Miss Mary Hines, sister of the bridegroom, Miss Muriel McCasker, cousin of the bride and Miss Barbara Costello of Watertown, wore aqua gowns with matching halo hats and carried bouquets of pink teardrop roses.

Mr. and Mrs. Hines will reside in Waltham on their return from a wedding trip to New Hampshire.

The bride was graduated from the Newton High school and from the Newton-Wellesley Hospital School of Nursing in 1946.

Mr. Hines was graduated from Boston College High School. He served with the army in Japan during the war and is now attending Boston College.

## Moan - Hallett

At an afternoon ceremony in St. Bernard's church, West Newton, on Sunday, August 31, Miss Ilena June Hallett, daughter of Mr. and Mrs. George Hallett of West Newton became the bride of Richard Harold Moan, son of Mr. and Mrs. Francis W. Moan of 233 Auburn street, Auburn, Maine. The Rev. Francis Sullivan performed the ceremony.

The bride, given in marriage by her father, wore a Colonial style gown of white silk marquisette with fitted bodice, a yoke of lace, and a hoop skirt with ruffles of chantilly lace offsetting the long train. Her fingertip scalloped veil was held in place by a tiara of silk marquisette and seed pearls, and she carried a cascade bouquet with streamers, of white roses, pompoms and baby's breath with a removable orchid center.

Mrs. Frederick Wellman Shaw, Jr., matron of honor for her sister, wore a gown of white silk crepe with fitted bodice and hoop skirt. She carried an arm bouquet of American Beauty roses to match a coronet of the same in her hair. Ethelyn Thelma Hallett was junior bridesmaid for her sister. Her fitted gown of white taffeta was fashioned with a sweetheart neckline and hoop skirt and she carried a Colonial bouquet. A coronet of white roses completed her costume.

George Hallett, Jr., brother of the bride, was ring bearer. He was dressed in a white silk poplin suit. The sweetheart pillow on which the rings were carried was fashioned by Marie C. Wrafton of Montpelier, Vt., cousin of the bride, the ivory satin and Chantilly lace being from the train of the bride's mother's wedding gown.

Edward Moan, brother of the groom, was the best man. The ushers, Edwin Wrafton Hallett, brother of the bride, Francis Moan, brother of the bridegroom, and William LeVert, Jr., brother-in-law of the bridegroom, all wore summer formals.

Following the ceremony, a reception was held at the home of the bride's aunt and godmother, Mrs. Viola W. Taylor of 14 Lowell avenue, Newtonville, the reception line forming in the hall which was banked with ferns and tall baskets of white gladioli and baby's breath. Tall vases of white gladioli and hydrangeas decorated the living and dining rooms and a bridal doll, the gift of the bride's former associates at the New England Telephone and Telegraph Company, added to the decorations. Assisting the bride and groom in receiving were the bride's parents, the matron of honor and best man, Mr. and Mrs. William LeVert, Jr., sister and brother-in-law of the groom, and Mr. and Mrs. Francis Moan, brother and sister-in-law of the groom.

Long tapering white candles in silver holders and a three-tiered wedding cake topped by a bride and groom under an arch, adorned the dining table.

The bride wore a going away suit of plum color wool with a lace blouse, pink gloves and a hat of baby pink ostrich feathers, with navy blue accessories.

Following a wedding trip to Niagara Falls and Canada, Mr. and Mrs. Moan will reside on Cherry Place, West Newton.

## Loring - Fernald

Miss Louise Paul Fernald, daughter of Mr. and Mrs. George H. Fernald of 61 Winthrop street, West Newton, became the bride of Joshua Loring, Jr., of Natick, son of Mr. and Mrs. Joshua Loring, at a double ring ceremony performed by the Rev. Clyde Yarbrough on Saturday, August 30, in the Second Church in Newton.

CLAIRE BARTLETT (Mrs. Leland E. Lovett)

Mixed flowers and Woodwardia ferns formed the setting for the ceremony. The bride was given in marriage by her father. Her gown of white satin was in princess style with a collar of seed pearls, long sleeves, and was buttoned down the back with satin buttons. She wore a long veil and a shoulder length face veil of French illusion caught to a Juliet cap of pearls and carried a bouquet of white stephanotis and gladiolus. The matron of honor, Mrs. Caleb Roehrig of Georgetown, sister of the bride, wore blue marquisette and the maid of honor, Janet Blackmore Burleigh of Traveres, Fla., wore peach marquisette. The bridesmaids were Mrs. Burleigh Fernald of Georgetown, Mrs. John Dennett Fernald of Greenville, S. C., Mrs. Asa Hickman Jewell of Franklin, Tenn., and Mrs. Chester Arthur Emerson, Jr., of Kitchener, Canada.

Their gowns were of yellow, orchid, aqua and pink marquisette. They carried bouquets of purple asters, delphinium and larkspur and wore headresses of matching flowers.

Richard Russell Loring of West Newton was best man for his brother. The ushers were Capt. John Dennett Fernald, Burleigh Fernald and George Herbert Fernald, Jr., brothers of the bride; William Drummond Boyle of Natick and Caleb Roehrig, brother-in-law of the bride. A reception was held at the home of the bride's parents.

The bride is a graduate of Dean Academy, 1940, and of Mount Holyoke College in 1944. She spent 2½ years in the Marine Corps Women's Reserve. Mr. Loring served with the 15th Army Air Forces from November, 1942, to October, 1945.

## Boudreau - O'Connor

In St. Joseph's Church, West Springfield, on Monday, September 1, Miss Rosemary Alene O'Connor of West Springfield, daughter of Mr. and Mrs. Dennis W. Coryea, was married to John Irving Boudreau, Jr., son of Mr. and Mrs. John I. Boudreau of 55 Jackson road, Newton. Rev. John T. Powers performed the ceremony.

The bride was attended by Miss Patricia Kelleher of Montpelier, Vermont as maid of honor. The bridesmaids were Miss Elizabeth Boudreau, sister of the bridegroom and Miss Rose M. Barocco. Walter Burke of Watertown was the best man and the ushers were Norman J. O'Connor of West Springfield, John Martone of Westfield, John Birmingham of Lynn and Francis Boudreau of Newton.

A reception was held at the Fox and Hounds Club.

## Mr. and Mrs. Oliver Grant Re-open Walter's Restaurant At Coolidge Corner, Brookline!

In its thirty-first year of successful operation, Walter's Restaurant at Coolidge Corner is now in the able hands of Oliver Grant and his wife, Alice (Rice) Grant, who last week re-opened the restaurant after a complete remodeling.

Mr. Grant has been Manager for the past ten years and Mrs. Grant was the genial Head Hostess for several years. Prior to his association with Walter's, Mr. Grant had exceptional training with some of New England's largest restaurants. He is a past director of the Massachusetts Restaurant Association and was long active in its affairs. For several years he has been head of the Brookline Beverage Control Committee.

Occupying spacious and attractive quarters at the corner of Beacon and Centre streets at Coolidge Corner, Walter's offers a combination of pleasant atmosphere, efficient management,

quality foods and courteous service, all of which have earned for it a well-deserved reputation and evoked the enthusiasm—"The Ritz of the Discriminating."

When previously remodeled about ten years ago, a series of unusual hand-wrought chandeliers were installed at a cost of \$3,000, and the cocktail lounge balcony with its curved Colonial staircase entailed another investment of \$20,000.

After closing on August third for a period of three weeks, wonders were performed by the decorators following designs by and under the direction of Mr. George Goodman, president of the Christerfield Studios, Brookline. The walls are shaded in raspberry, the ceilings tinted a pleasing ice green and the mahogany paneling and beams have been finished in light natural color. All of the chandeliers have been painted oyster white,

and matching baroque concealed light fixtures adorn the walls.

The floor is tiled and the new seats and chairs are upholstered in oyster-white, fireproof Bolita Plastic. Much seating space has been gained in the rearrangement of the main dining room with the large, comfortable, high-backed settees aligned along all but two walls which are still devoted to booths, seven in all, and the balcony will have the same comfortable settees—truly a delightful lounge.

A Cashier's cage has been installed and a new practice adopted whereby amiable waitresses take guests' checks to the cashier and thus avoid waiting lines at the desk.

Mr. Grant has surrounded himself with a capable force, his key personnel including F. Herbert Donahue, Accountant, and Ramon Cortez, Chef, who claims that Walter's kitchen is the very last word in electric equipment.

## Thompson - Brooks

In the First Parish Unitarian Church, Weston on Saturday, August 30, Miss Jean Hope Brooks of 10 Lafayette road, Newton Lower Falls, daughter of Mr. and Mrs. Everett M. Brooks, became the bride of Richard D. Thompson, son of Mr. and Mrs. Edward C. Thompson of 31 Melton street, Dorchester. Dr. Andrew Richards performed the ceremony.

The bride wore a Victorian gown of heirloom lace with a fingertip veil of tulle and carried a white rose nosegay bouquet. She was attended by Mrs. Jean Gately who wore white faille and carried American Beauty roses.

James H. Blair of Dorchester was the best man. The ushers were Charles Thompson and David Jenkins, both of Dorchester. On their return from a wedding trip to Maine, Mr. and Mrs. Thompson will reside at 219 Commonwealth avenue, Chestnut Hill. The bride was graduated from the Massachusetts School of Art. Mr. Thompson served for three years in the Army Air Forces and is now attending Tufts College.

## Jones - Duemler

At a garden wedding at her home on Saturday, August 30, Miss Dorothy M. Duemler of 61 Brush Hill road, Newton Highlands, daughter of Mr. and Mrs. Alfred F. Duemler, became the bride of Charles B. Jones of 251 Grant Avenue, Newton Centre, son of Mrs. H. Eugene Jones. Rev. William Hart of the Old South Church, Boston performed the ceremony.

The bride wore a floor length gown of white dotted swiss with sweetheart neckline and a cape effect at the back. She was attended by her sister, Miss Carol Duemler, as maid of honor who wore a gown of pale blue marquisette.

William Richard Jones of Newton Centre was the best man.

Following a wedding trip to Canada, Mr. and Mrs. Jones will live in Ipswich.

The bride was graduated from Dana Hall and Edgewood Park Junior College in Briar Cliff Manor, New York. Mr. Jones

served as an Army Air Forces pilot during the war. He was graduated from Massachusetts Institute of Technology in 1941 and received his master's degree in engineering from M.I.T. in June of this year.

## Harris - Cooper

At a candlelight ceremony in the Central Congregational Church, Newtonville on Saturday, August 30, Miss Shirley Cooper, daughter of Mr. and Mrs. Cooper of 29 Warwick Road, West Newton, was married to Thomas A. Harris, son of Mr. and Mrs. Stanley E. Harris of 583 Chestnut Street, Waban. Dr. Marshfield Wingfield of Memphis, Tennessee performed the ceremony.

The bride, given in marriage by her father, wore a street length gown of aqua crepe and lace with a flower tiara which matched her Colonial bouquet of sweetheart roses, and brown gloves and shoes. Miss Janet Hockridge, the maid of honor, wore a dress of rose moire with a satin hat, gloves and shoes of brown, and carried a Colonial bouquet.

Charles Hyde was the best man and the ushers were Robert William Cooper and Rodney Parker.

Miss Lillian West played the wedding march. Following a wedding trip through New Hampshire, Vermont, Upper New York and Chicago, Mr. and Mrs. Harris will reside in Evanston, Illinois where he is a student at Northwestern University. The bride was graduated from Boston University.

## Kendall - Moore

At a candlelight ceremony in the Lincoln Park Baptist Church on Saturday, August 30, Miss Ethel Louise Moore, daughter of Mr. and Mrs. Burton Moore of 392 Cherry Street, West Newton, was married to Nelson L. Kendall, Jr. son of Mrs. Nelson L. Kendall of Gardner, Mass. Rev. William E. Blake performed the double ring ceremony.

The bride wore a gown of white slipper satin and a fingertip veil of illusion. Her shower bouquet was of white gladioli and stephanotis. She was attended by Miss Lauretta M. Nelson as maid of honor who wore delphinium blue moire and carried American Beauty roses. The bridesmaids, Miss Lauretta M. Nelson, Miss Shirley Nelson and Miss Joan E. Roy, wore gowns of American Beauty moire taffeta with headresses of fresh flowers and carried bouquets of blue delphinium.

Dr. David M. Kendall was the best man. The ushers were Parker Kendall and Courtland May. Mr. and Mrs. Kendall left on a wedding trip to Niagara Falls and New York.

The bride was graduated from the Newton High School and Mt.

sic is a serious undertaking, the faculty aims to develop in each student qualities of skill, imagination, and a thorough knowledge of the material of which music is made. The school also encourages the amateur musician to follow procedures similar to those of the professional, although not necessarily to the same degree.

The Music School offers a carefully planned course of study with systematic supervision and regular promotion grade by grade. The curriculum meets the requirements set up by the National Guild of Community Music Schools and is divided into elementary, junior, intermediate, and advanced grades. A course of study is outlined for each grade in each department, including the requirements on the chosen instrument, as well as supplementary studies in musicianship, theory, and ensemble. Certificates and diplomas are awarded upon the satisfactory completion of the stipulated requirements.

Pre-instrumental classes for students up to 7 years of age and classes in musicianship and theory for older children are held weekly starting in October. These offer a foundation in the knowledge and skills essential to the trained musician. They aim to make the student thoroughly familiar with the various elements of music, and are designed to develop ability to listen intelligently, to provide a musical vocabulary based upon experience in sound and rhythm, and to encourage the creative impulse.

Opportunities for group playing in orchestras, quartets, and trios are offered without charge to Music School students who are sufficiently advanced. This training is also open at a small fee to outside participation in music.

Students and faculty recitals are held at frequent intervals during the school year. These are always free and open to the general public.

The office of the All Newton Music School is open for business matters mornings from 9 to 12, Tuesday through Saturday. Calls may be made during these office hours for information, appointments for an interview, or appointments to visit the school. The Music School is a member of the Newton Community Chest, Newton Community Council, and the National Guild of Community Music Schools.

# A Message ADDRESSED TO THE PEOPLE OF ARLINGTON, BELMONT, BOSTON, BROOKLINE, CAMBRIDGE, CHELSEA, EVERETT, MALDEN, MEDFORD, MILTON, NEWTON, REVERE, SOMERVILLE and WATERTOWN

Last Friday at noon you became the owners of the Elevated. Hereafter, the railway will be managed and operated by the Metropolitan Transit Authority, created in 1947 by Chapter 544 of the Acts of the General Court.

Your ownership will save a net of \$610,402.50 annually by eliminating the outstanding common stock and the payment of guaranteed dividends thereon. Also, the railway will not have to pay Federal income taxes.

All this is good.

We wish that we could say that your ownership of the railway ends all financial worries connected with public transportation in this area.

But that is not so.

Right now we face this problem—for the first seven months of this year, the loss from operations of the railway has amounted to \$2,363,659.04.

Annual deficits have been caused by the heavy burden of fixed charges which the railway has to carry. Except for the fixed charges, the expenses of operating the railway have been well within income.

For the past 20 years, fixed charges have amounted to about \$10,000,000 a year. Of this amount, more than \$3,000,000 is paid annually to the Commonwealth of Massachusetts, the Boston Metropolitan District and the City of Boston for the purpose of paying off public indebtedness.

These fixed charges are:

Rentals on subways and tunnels owned by the City of Boston and the Commonwealth of Massachusetts, including provision to pay off the public debt incurred to build the subways.

Interest on bonded indebtedness, including provision to pay off the public debt of the Boston Metropolitan District.

Local real estate taxes.

Unless legislative action is taken which reduces the amount of the fixed charges paid by the railway—by having subway rentals borne in whole or in part through general taxation of the District and by relieving the railway of local real estate taxes—the operation of your railway within its present income will not be possible.

The public trustees believe that you, who are now the owners of the railway, would want to know that although the railway has been relieved of certain charges there is still a serious financial problem to be solved. And, as you can readily understand, this financial problem has been made even more difficult by the higher costs prevailing generally.

As to our main job—providing you with safe, efficient and economical transportation—we shall do all in our power to make this publicly owned and managed railway system outstandingly successful, mindful of our obligations to the riders, to the taxpayers in the cities and towns served and to our employees.

As directed by the Legislature, we shall continue the studies relative to an "extended and improved system of rapid transit in the Greater Boston metropolitan area."

You are now the owners of the railway system. Your dimes and the dimes spent by your family and friends will help to make it self-sustaining. Use your railway more—for shopping and for your trips to evening events in town.

Yours sincerely,

DINING with JANE and BILL

Junior—Gosh, Mom, my lunch box is always full of surprises. What am I going to have today?

Jane—Well, here's some of that meat loaf we had last night. We'll put it in a sandwich with lettuce and a little chili sauce to pep it up. Then how about a peanut butter and grated carrot sandwich for a change?

Junior—That sounds swell! Would you put in a whole tomato—and some dried prunes or apricots? They're always so chewy and good.

Jane—All right, Junior. Now, I'll get some of your favorite hermits. You can get your bottle of milk at school and you're all set.

Junior—Thanks, Mom—that should keep me from getting hungry this afternoon. See you tonight!

Jane—Goodbye, Junior!

Jane—Well, Sally—cat got your tongue?

Aunt Sally—I've been wondering how you think of so many different things to give to Junior for lunch. I'll bet he really looks forward to opening that box. Aren't you afraid he'll buy some candy bars at noon, though?

Jane—Wait a minute, Sally—one thing at a time! As for variety—the Newton Nutrition Center gave me some pamphlets and some darn good ideas about packing a lunch box. They told me that a carried lunch is as important a meal as breakfast and dinner. It should supply its share, or about one-third of the day's food needs. A well-balanced lunch, they told us, should contain meat, fish, cheese, eggs, or peanut butter to supply protein for good growth and repair of tissues. Any one of these fillings makes a tasty sandwich with whole-wheat bread and butter or Vitamin A oleomargarine.

The other sandwich can have a filling of nuts, fruits, or vegetables. At least one fruit and one vegetable are very important additions because they are good sources of vitamins and minerals.

Aunt Sally—A nutrition lunch like the one Junior took out this morning certainly will be appetizing and satisfying. But how about milk? Are you sure Junior gets enough?

Jane—Oh, he can always buy it at school. The lunchroom has only milk as a beverage.

You mentioned candy bars a while ago. Junior is usually pretty content with the lunch he carries. But if he does get hungry after playing baseball in the afternoon, he would rather have a sandwich, some fruit, or crackers.

Aunt Sally—You've given me some good pointers on packing a lunch for Tom. I'll be sure to include at least one sandwich with meat, fish, cheese, eggs, or peanut butter as a filling, whole-grain bread and butter or Vitamin A oleomargarine, a fruit and vegetable—and I'm sure he can get milk at the plant.

## Newton Now "Big Business"—Edwards

Yesterday, during a Graphic reporter's interview with Roy S. Edwards, candidate for Mayor, Mr. Edwards said:

"I want to emphasize at the outset that I am unreservedly dedicated to the future of Newton. I have every faith in Newton's potentialities as a strong, fine city that can well become the envy of any other comparable community in the State.

"I believe in Newton's future so wholeheartedly that, if I am elected Mayor, I shall immediately relinquish the active management of my business in order that I may devote my whole time, thought and energy to the welfare of our city and its development.

"My view of the office of Mayor is that it offers the chief executive untold opportunities for initiating measures tending towards making the city a better place in which to live and work and of which every citizen can be increasingly proud.

"Those opportunities, however, can be accepted only by a Mayor who will give the position his full time and who sees it, not as a stepping stone to future political activity, but, rather, as an invitation to accomplish important work.

"I intend to be a full-time Mayor, in every sense of the word. I do not, above all, contemplate the mayoralty as a chance to further political ambitions, for I have no political ambitions, whatever. If elected, my whole concern will be to fill the position to the best of my ability and to work at it intensively, without thought to any personal advantages that might conceivably result.

"I believe that Newton now needs a business administration. Newton has become 'big business'. Like any big business, its problems are complex and must be viewed with a practical eye. Actually, those problems must be approached and handled in the same analytic, unbiased, open-minded manner as would be the case in any other major business. Having been a business man in Newton for 24 years and actively interested in civic affairs, I am familiar with the city's problems and I know they can, and must, be solved according to sound business principles.

"I want, especially, to express my gratification for the countless complimentary messages which have come to me, even at this early date. However, I do not accept them simply as friendly gestures towards me. I accept them, instead, as enthusiastic acknowledgements of the principles I stand for. In a word, these messages indicate that, throughout Newton, people are endorsing my candidacy as the means of establishing a government that will conduct the city's affairs soundly, efficiently and in a businesslike manner."

Where any one is greedy, someone else is needy.

## 2nd Baptist Church Vacation Bible School Closes

The Daily Bible and Vocational School which has been in session for the last two weeks in August, held a very interesting closing program on Friday evening at 7 p.m. at the Second Baptist church, Newton Upper Falls. The audience of over 100 guests, parents and friends of the 84 children registered for the two weeks session, enjoyed the following program: Processional by all the children and leaders, singing, "Ship Ahoy," welcome by the pastor, Francis P. Crislie, hymn, "The Solid Rock."

Song by the primary group followed by a recitation by groups, hymn, "Stand Up for Jesus," Junior song, "For God So Loved the World," followed by recitation. Duet by two juniors, Caroline Stark and Nancy Cardinale, "The Bible," scripture reading, Acts 16: 25-40, by Natalie Borgeson, duet, "Every Day With Jesus," Sylvia Osborne and Lillian Colton. Prayer, Intermediate song, "Jesus Savior Pilot Me," Intermediate quartet, Agnes Dowhouguk, Carol MacDaniels, Carol Walker and Shirley MacMaster, "Climb, Climb Up Sunshine Mountain," solo, Paul Cassidy, "I Will Make You Fishers of Men," hymn, "Tell Me the Story of Jesus," Flannegraph Story by Miss Betty Whitney, "The Philippien Jailer."

Awarding of diplomas and prizes for memory verses, perfect attendance, and bringing extra students for their departments, also awards to the two best students in each department. Fifty-five diplomas were awarded. Closing hymn, "Beneath the Cross of Jesus," benediction by the pastor.

A splendid exhibition of wood work drawings and handicraft was held in the Sunday school rooms.

The school was organized by F. T. Crislie, student at Boston university, assisted by Miss Betty Whitney of Gordon college, Miss Betty Jo Dickson of Needham, Mrs. Fred Walker and Mrs. Arthur McLean of Newton Upper Falls.

## Rev. Roy M. Pearson Goes to Lexington Church as Pastor

Rev. Roy M. Pearson, a former director of young people's work at the Newton Centre Baptist Church, began his duties as pastor of the Hancock Congregational Church in Lexington on Monday.

Mr. Pearson was graduated from Harvard College from the Andover - Newton Theological School. He was ordained in 1938 and was student pastor of the Federated Church in Southville as well as director of young people's work at the Newton Centre Baptist Church. He also served at the Congregational Church in Swanzey, N. H. and for the past seven years was pastor of the First Congregational Church in Amherst.

He succeeds Rev. James Willis Lenhart, who resigned.

## Newton Community Club

Newton Community Club was again hostess at the Cushing Veteran's Hospital, Framingham, Sunday August 31st.

The following members who served refreshments to the boys and their guests, were the President Mrs. Kenneth Backman, Mrs. Carlton Shaw, and Mrs. Edgar M. Horne. They were assisted by Mrs. Backman's daughter Sally and her friend Marylin Atwater. Birthday cakes were taken to the boys in the wards who had birthdays.

## NEWTON FIRE DEPARTMENT

### FIRE PREVENTION SERVICE

#### Fire Prevention Service

Fireproof construction applied to a building (sometimes designated "fire resistive" construction) is intended to mean a building having walls, floors, columns, girders and other structural features, particularly enclosed stairways and shaftways, such that fire on any one floor will not involve other floors. It requires stability to a high degree. There should be no danger from walls falling or collapsed floors. There must be a good margin of safety as to the probable duration of the fire. It cannot include in its basic structural elements materials of a character that will fall under unusual conditions, whether these are caused by fire, wind, earthquake or excessive loads. The term "fireproof" as applied to a building speaks in terms of safety to the occupant, particularly in connection with hospitals, hotels, theatres, factories and offices. It implies that stairways and elevators are properly enclosed and that the hazards are segregated by fire partitions.

Because material is classed as noncombustible it does not mean that its use makes the building fireproof. The use of fireproof construction does not protect against damage to the interior of the building, especially where the building is seriously exposed. In all the conflagrations of note some fireproof buildings were gutted, their contents burned, and excessively heavy damage done to trim, decorations and other interior parts. The buildings stood, however, and acted as partial barrier in the path of the conflagration.

A fireproof building with protected steel framework, by comparison with other types is costly, but where designed under proper building code requirements it will have a stability and life corresponding to the massive stone structures of the ancients.

Obsolescence of fittings and interior arrangement may occur, but the structure will remain, and changes in occupancy may follow in a safe and orderly manner as the character of a district varies over the years.

This ageless character of fireproof construction and its value to the community are not always recognized. There has been a tendency in building codes to reduce the requirements, especially as to fire resistance, on some arbitrary basis involving the

duration of a fire. Cheapness of original cost is assumed of paramount importance, even to the extent of disregarding possible failures to obtain workmanship of high quality. Inasmuch as some of these proposed building code requirements contemplate only resistance to a fire of one-hour's duration it is obvious that it would be misleading to the public, to label such a structure "fireproof" or even "fire resistive".

Don't take chances where lives are involved, build for safe living; it is worth the difference.

#### Real Estate

Carley Realty reports the sale of the white brick front Colonial home at 1949 Commonwealth avenue, Auburndale, Newton, consisting of six spacious rooms, tiled bath, guest lavatory and one-car attached garage.

Edwin B. Locke conveyed to John L. McAvoy Jr. of Roxbury.

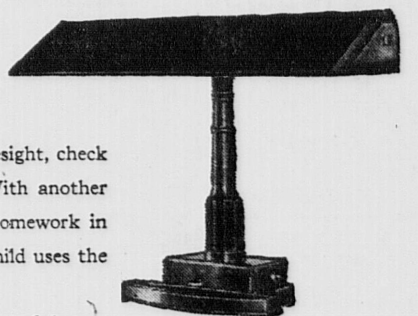

Alvord Bros., Realtors, report the sale of the substantial two-family home at 68 Manet road, Chestnut Hill, for Ann Irene Conway to Morris and Sadye L. Swartz, of Roxbury.

Another recent Alvord Bros. transaction is that of the brick and stucco English-type dwelling located at 94 Grove street in Auburndale. Title passed from Morris H. Brown to Allan M. McClain of Wellesley.

Alvord Bros. also report selling the very attractive, newly-constructed home at 30 Ithaca Circle, Newton Lower Falls. The builder, John R. Elander, conveyed to Misses Mildred Cooley and Elizabeth Faulkner of Syracuse, New York. The new owners are occupying the premises.

# LIGHT UP NOW!

... for school homework  
... for longer nights ahead

For the sake of your family's eyesight, check up on your home lighting now. With another school term, there'll be hours of homework in the evenings. So make sure your child uses the proper study lamp.

September ushers in the season of longer nights, too, after Daylight Saving ends. Then your family will spend more time indoors reading, sewing, studying. That's why it's a good idea to spend a few minutes checking every lamp socket to see whether it is equipped with the right size bulb. Perhaps the kitchen fixture needs a new 150-watt bulb—and surely the study room should have the very best of lighting.

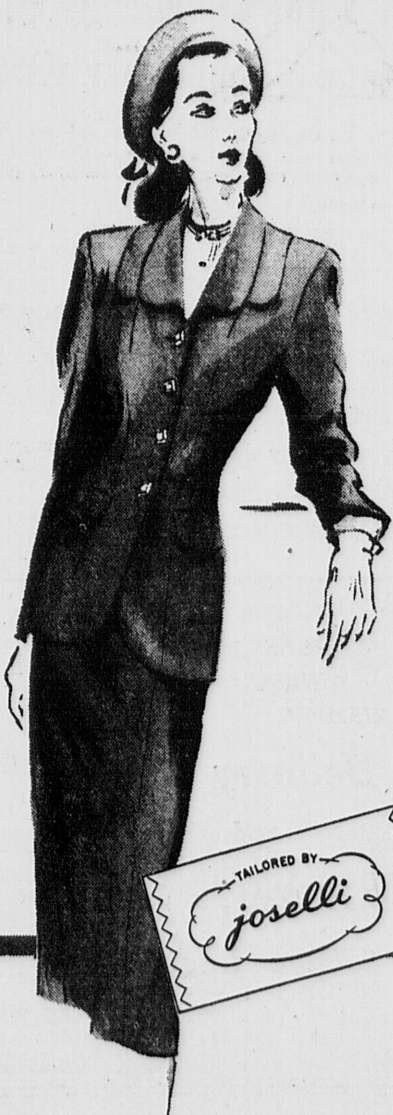

Make a list of your lighting needs and visit your Edison Shop. There you will find a complete line of lamp bulbs in every available size. There, too, you can shop for new floor or table lamps. We have a wide variety of handsome models.

Please remember—your Edison Shop is your Lighting Headquarters, eager to equip your home with Better Light for Better Sight. Call on us today.

## Midget Auto Racing Attracts Thousands at Westboro Speedway

For some time now many Newton residents have been wondering why there is so much traffic on the Worcester Turnpike Tuesday evenings. The reason: a new sports arena has been built in Westboro right alongside the pike. Since its opening a few weeks ago Newtonites have taken over the town of Westboro in more ways than one. The new Westboro Stadium is currently featuring "America's Fastest Sport", Midget Auto Racing every Tuesday night.

There are more Newton men winning at the track Tuesday nights than men from any other town or city in Mass. In last week's first qualifying heat, first and second place respectively were taken by Joe Ross, and "Wild Man" George Lewis, Newton. The next race of the night was won by an ex-Newtonite whose number 54 Offy has become a legend around New England tracks and is without a doubt the fastest driver and car in the circuit, Joe Sostillo. Joe broke the record at that track for qualifying heats by a winning time of 2 minutes 30.79 seconds. Incidentally the record that Joe broke was one that he set himself the previous week. The name Sostillo is not new to Newton sports fans as his brother, Tally, has gone down in the records of Newton High as one of the greatest Hockey Cap-

tains ever seen in the history of Hockey at Newton.

Getting along in the evening the Newton boys did it again. In the first Semi-Final of the evening all 4 Newton men on the roster appeared in the same race. Sostillo and his 54 came in first again, once again breaking the Semi-Final record with a time of 3 minutes 46.44 seconds the fastest time for 15 complete laps at Westboro. Joe Ross, Andy Ellis, and George Lewis all crossed the finish line a few seconds later and all 4 Newtonites qualified for the feature.

Sostillo won again, despite the fact that tragedy struck on the track. Art Sprague crashed the retaining wall on the 4th turn in the 17th lap of the feature race causing the event to be stopped for a long enough time for the wall to be repaired and for Sprague to be rushed to a nearby hospital suffering a broken collar-bone. If the race had not been stopped Sostillo surely would have broken another record. When the race was stopped Joe was ahead of the field by a full lap. When the track was ready for use again the cars made another start to complete the remaining 7 laps. car 54 shot out into the lead and Sostillo of Newton did it again.

Westboro is just about the fastest track in the country for Midgets excepting of course Seekonk Speedway. One of the track officials was heard to say after the race that if one has a weak heart, keep away from Midget Auto races, too much excitement.

## Blue Cross Issues Statement on Changes in Plan

The following statement was issued today by R. F. Cahalane, executive director, Massachusetts Hospital Service, Inc.:

"It is apparent that some confusion has resulted from the recent announcements concerning a proposed change in the existing Blue Cross Comprehensive Plan.

"It is most important that the 2,000,000 Blue Cross members in Massachusetts have a clear understanding of just what is being proposed and how it will affect them.

"First, it should be clearly understood that Blue Cross is not in danger of bankruptcy. Thousands of Blue Cross members in hospitals today are receiving the full service benefits covered by their memberships, and all members will continue to receive full benefits until an official change is put into effect.

"Although the demands on Blue Cross funds are currently greater than our income, we are meeting these demands in full through the splendid cooperation of Participating Hospitals. Temporarily, the hospitals are accepting 90c on the dollar from Blue Cross, while they continue to give Blue Cross patients all the services included in the subscriber contracts.

"Secondly, the proposed change will not go into effect until formal approval by the Department of Insurance.

"Thirdly, Blue Cross has re-

## WBZ-TV MOBILE TELEVISION UNIT

This "mobile television control room," which is scheduled for early fall delivery to Boston's first television station WBZ-TV, will house all necessary equipment for a two-camera television pick-up operation. On top of the vehicle are shown two image orthicon cameras and the Microwave Relay Unit, used to relay the program back to the main transmitter when coaxial communication is not available.

requested approval by the Department of Insurance of the following proposal:

1. No increase in membership rates.

2. No reduction in the scope and type of benefits.

3. That hospitals having proven charges to the public higher than \$9.00 per day should be authorized to charge Blue Cross patients a flat daily charge, covering the difference between the Blue Cross payment of \$9.00 per day and the average daily charges for all inclusive service benefits.

"For example, if the average daily cost in one hospital is \$12.00 per day, the Blue Cross patients would be billed a flat \$3.00 per day by the hospital. For this amount plus the Blue Cross payment the hospital would give the patient all of the benefits necessary to make him well as covered by the existing Blue Cross contract.

"The entire existence of Blue Cross has been one of experimentation to learn what is best for its members in meeting the unexpected burden of hospital costs. Neither hospitals nor Blue Cross are responsible for the present inflation which has hit the entire American people in every phase of their living. Blue Cross has made mistakes in the process of honest experimentation, but they have been mistakes which were born of a desire to give better service to our members. From our experience in the past we are confident that we will emerge from this inflationary period a stronger and better service organization than ever."

## Reformatory Inmates Finish Bible Studies

Nine prisoners at Concord Reformatory recently received certificates for having been the first among over 200 inmates throughout the State to complete the non-sectarian correspondence Bible study courses under the supervision of The Salvation Army. The presentations which took place during regular Sunday church services, were made by Colonel Richard F. Stretton, Provincial Commander in charge of all Salvation Army activities in New England.

Colonel Stretton also made a special presentation of a Salvation Army library to Superintendent John C. Dolan. Other similar presentations will soon be made at Norfolk, Charlestown State Prison and Bridgewater. The gifts are being made as a result of numerous requests from prisoners for information on the aims and purposes of The Salvation Army and its outstanding leaders.

Completion of the correspondence Bible study courses by the inmates at Concord marked another forward step in the pioneering work of The Salvation Army Prison Department here in New England and Prison Secretary, Major Edward H. Bailey. Lessons are mailed to prisoners requesting them and are completed as fast as the individual's ability allows.

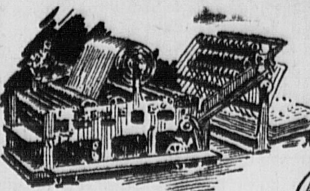

A current resurgence in prison activities will soon result in an increase in prison work by The Salvation Army. Present plans call for the extension of the correspondence Bible study courses to institutions throughout New England.

The work of the Prison Department is conducting Bible courses, helping in the rehabilitation of parolees, giving Christmas baskets and other gifts to inmates, and in conducting religious services is aided by contributions to The Salvation Army 1947-1948 Greater Boston Appeal for \$500,000.00. The campaign will begin September 17 with a rally at the Boston City Club and continue through October 31.

## OUR DEMOCRACY — by Mat

### MULTIPLYING THE PRINTED WORD

THE INVENTION OF THE ROTARY PRESS BY RICHARD HOE IN 1846 MADE IT POSSIBLE TO PRINT WITH SPEED AND EFFICIENCY.

TILGHMAN'S DEVELOPMENT IN 1866 OF A METHOD FOR MAKING PAPER FROM WOOD PULP, VASTLY INCREASED PRODUCTION.

WHEN MERGENTHALER INVENTED HIS MECHANICAL TYPESETTER — THE LINO TYPE — IN 1885, THE PROCESS OF SETTING TYPE WAS SPEEDED UP.

THE INVENTIVE GENIUS OF THESE THREE AMERICANS TREMENDOUSLY BROADENED THE SERVICE OF THE PRINTED WORD AND STIMULATED THE FREE EXCHANGE OF IDEAS, SO ESSENTIAL TO A DEMOCRACY.

Hold on  
to your bonds!

Veterans! Set an example of level-headed thrift. Don't cash your terminal-leave bonds now, unless you must.

If you need the money desperately—or are in debt—that's different. Otherwise, hold on to your bonds. You'll be glad later.

Every terminal-leave bond earns interest at 2½% a year. A \$100 bond is worth \$112.50 to you if you hold it to maturity.

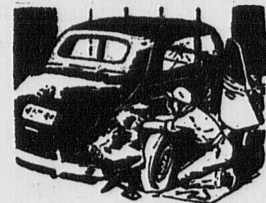

So hold those bonds until you can get full interest and full value.

## Metropolitan Transit Authority Acquires Boston Elevated

The Metropolitan Transit Authority acquired the property of the Boston Elevated Railway Company at noon, Friday, August 29, with the tendering of a certified check for \$20,297,490 by Carroll L. Meins, chairman of the Authority, and its acceptance by P. A. O'Connell, chairman of the board of directors of the railway company.

After the acquisition of the railway property by the Authority, Mr. Meins issued the following statement:

"The citizens of the 14 cities and towns served by the Metropolitan Transit Authority today became the owners of the railway system operating in their communities.

"They now own a comprehensive transportation system which is one of the best equipped and maintained in the nation.

"The operating personnel, who have become employees of the Authority, are well trained, have built up an enviable safety record and realize their obligations to the passengers.

"From this day on, guaranteed dividends are eliminated at an annual net saving of \$610,402.50. In addition, the Authority will not be subject to Federal income taxes as in the past the Boston Elevated Railway has been. The resulting savings are helpful but the remaining fixed charges are still an exceedingly heavy burden. These fixed charges consist of subway rentals, interest on bonded debt and local real estate taxes.

"The trustees are directed by the Legislature to continue the studies for an extended, integrated and improved rapid transit system in the greater Boston area.

"The trustees will make their primary concern to furnish safe, efficient, economical transportation within the area now served and they ask the active support of the riders, the taxpayers, public officials, the employees and the general public in making this publicly owned and managed railway the best local transportation system in the nation.

"The public trustees of the Authority met this afternoon and, in accordance with the provisions of Section 19, Chapter 544 of the Acts of 1947, appointed the following general officers of the Authority: Edward Dana as general manager, John H. Moran as treasurer, Willis B. Downey as general counsel, Charles A. McCarron as general claims attorney and Thomas A. Dunbar as comptroller.

"These men are outstandingly able and experienced in their respective capacities."

The first telegraph line was constructed by Samuel F. B. Morse with funds provided by Congress and amounting to \$30,000.

The first telegraph line went from Baltimore, Md., to Washington, D. C., and in 1866 the United States and England began sending messages to each other.

Among motorcycleists there is only one accident in every 315,459 miles of driving. Contrary to popular belief, they are among the safest of motorists.

## U.N. Facts and Faces . . . . . EGYPT

The Kingdom of Egypt, occupying the Nile Valley—cradle of civilization in northeast Africa—is 386,000 square miles in area and has a population of about 17,500,000. Egypt borders on the Mediterranean in the north, the Anglo-Egyptian Sudan in the south, Libya in the west and the Red Sea in the east. The irrigated lands around the Nile Valley, which has been cultivated since the dawn of history, are rich with silt and produce a variety of agricultural crops, with cotton an outstanding export. Ancient Cairo is Egypt's capital and her King is Faruk I. Egypt is a member of the U.N. General Assembly and is represented at U.N. Headquarters by Mahmoud Hassan Pasha. Her flag is green, bearing a white crescent and three white stars.

ley road to Brookline street, arriving at the Peabody Home at approximately 8:22. All children residing on Dudley road and in the vicinity of the junction of Dudley road and Brookline street will be eligible to ride on the bus. Children living in the vicinity of Nickerson road and Audubon drive should congregate at the corner of Dudley road and Brookline street to take the bus.

It is impossible at this time to state the number of children living between the junction of Dudley road and Brookline street and the Peabody Home who can be accommodated on the bus. This will have to be determined after the first day of school. Every attempt will be made to take as many children on the bus as safety and convenience will permit.

The Middlesex and Boston bus will operate every morning and will return by the same route at noon on Tuesdays and Thursdays and at 3:30 on Mondays, Wednesdays and Fridays. A station wagon will operate at 11 a.m. for kindergarten children, and at 12 noon for first grade children during the first two weeks of school. Beginning Monday, September 22, the station wagon's trips on Mondays, Wednesdays and Fridays will be confined to kindergarten children only at 11 a.m. Children enrolled in the afternoon session of kindergarten who live at extreme distances from the school will be provided transportation both ways by the station wagon on Tuesday and Thursday afternoons. On Mondays, Wednesdays and Fridays, the afternoon kindergarten groups will be provided transportation to school by station wagon but will be returned by Middlesex and Boston bus at 3:30.

## 'Squash End' Fair At W. Newton Church

Plans have been announced for the Squash End Fair to be held on Thursday and Friday, Nov. 6 and 7, in the Second Church, West Newton. The project, sponsored by the Woman's Council, will enable the organization to share in the support of the medical missionaries in India, to raise money for the post-war emergency fund and to renovate the parish house.

Squashes grown by members of the church during the summer at their summer homes in Maine, New Hampshire and Cape Cod, as well as in Newton will form the decorations and will be sold at the Fair.

Mrs. John C. Campbell is general chairman and the co-chairmen are Mrs. R. B. Catell, Mrs. T. C. Danker, and Domenico Mingace.

## RECENT DEATHS

## Franklin T. Kurt

Franklin Thomas Kurt, principal and owner of the Chauncy Hall school, Boston, died on Sunday, August 31, at his home, 86 Prince street, West Newton.

Mr. Kurt was in his 76th year. He was born and educated in Middletown, Conn., and was graduated from the Wesleyan college in 1885 where he received his master's degree. He spent one year as an instructor at the Garfield school, Concord, and in 1896 joined the teaching staff at Chauncy Hall, becoming owner and principal four years later. During the next 47 years he concentrated on making the school a special preparatory school for Massachusetts Institute of Technology and other science colleges.

In 1900, he also was appointed head of the chemistry department of the former Polytechnic school and later was named dean. He left the Polytechnic school in 1903 to become dean for four years of the New England Optical Institute.

He was a staff member of the central bureau of planning and statistics of the War Industries Board during the World War.

He was a member of the Massachusetts Committee on Public Safety, the Committee on Private Agencies and the state's Americanization division in 1918. In 1911-12, he was secretary and treasurer of the Boston Committee on Ventilation, and while a resident of Reading was chairman of the gas light committee, president of the 'Meadowbrook Golf Club and a member of the Civic League.

He was a member of the board of trustees of the Wells Memorial Institute from 1915 to 1920, a member of the board of governors of the Boston City Club and an officer in the Boston Chamber of Commerce and the University Club of Boston. He also was a member of the Twentieth Century Club.

## Daniel J. O'Connell

Funeral services for Daniel J. O'Connell of 311 Nevada Street, Newtonville were held Monday morning. A solemn requiem mass was celebrated in the Church of Our Lady, Newton by Rev. Francis X. Bransfield assisted by Rev. Alphonsus Palladino as deacon and Rev. Heinrich Hoffman, sub-deacon. Rev. Edward O'Connell of St. Aidan's Church, Brookline, a nephew of the deceased, was seated within the sanctuary.

Burial was in Calvary Cemetery, Waltham with prayers by Rev. Edward O'Connell and Rev. Francis X. Bransfield.

Mr. O'Connell died on Saturday, August 30. He was born in County Cork, Ireland and had resided in Newton for the past 60 years. He had been active in civic affairs in Newton, was a former member of the Democratic committee and had served as alderman from Ward 2. He formerly was employed by the United Carr Fastener Company in Cambridge, retiring two years ago. He was a charter member of Division 35, A. O. H., a past chief ranger of the Massachusetts Catholic Order of Foresters and a member of Waltham Lodge of Elks.

He leaves his wife, Mrs. Ellen (O'Grady) O'Connell a daughter, Mrs. Herbert W. Martin of Maynard, two grandchildren.

## TAKE IT EASY

LOOK BOTH WAYS BEFORE YOU CROSS!

The first steps are the most DANGEROUS because it is so easy to misjudge the speed of an approaching car. If you're not sure of its speed WAIT... TAKE IT EASY!

Since the war, six temporary buildings have been erected on the Beacon street side of the campus to accommodate the huge enrollment increase. These include three dormitories for veterans and a huge wooden structure erected this summer to provide additional classroom space. Work is progressing on a new Gothic structure to be finished next year for the School of Business Administration.

The registration period for returning students will run from Sept. 8-12 on dates assigned. The freshmen orientation will be Sept. 11 and 12, and all classes will begin on Monday, Sept. 15.

## MANY NORUMBEGA BOY SCOUTS ENJOY SUMMER CAMP

Camp Quinapoxet Boy Scout camp owned and operated by the Cambridge Council, Boy Scouts, has been the summer home of many boys from Newton and Wellesley. The camp at West Rindge, N. H., has been the scene of many happy and valuable activities during the summer months.

Included in the program, in addition to the many scouting tests that were passed, and the camping lore that was enjoyed with neighboring scout camps, camp fires in the council ring, fascinating Indian ceremonies, and the high light of the season, a pig barbecue prepared by Walter Howe of Newton Centre and Amos Kent of Newton Centre.

One hundred and fifty-eight scouts from Norumbega Council spent the summer at this haven for scouts and scouters alike. Young men from Norumbega who were on the camp staff: Roger Bryant, 27 Knowles street, Newton Centre, as water front director, who has done an outstanding job with swimmers and non-swimmers advancing better than 85 percent of the non-swimmers into the swimmer ranks; James Moller of 17 Prairie avenue, Auburndale, as assistant program co-ordinator specializing in hikes and outdoor camping; Leonard Kent, Dorset road, Waban, as unit leader; John Collier of 62 Hyde avenue, Newton, as assistant unit leader; William Starkweather, 59 Pigeon Hill road, Auburndale, as nature director; William Smith, 112 Forest street, Wellesley as assistant unit leader; William Moore, Parker road, Wellesley as assistant unit leader; Richard Randolph, 112 Overbrook drive, Wellesley, and Richard Lloyd, Woodside avenue, Wellesley as kitchen aides; Fred Hamburg, 25 Huntington road, Newton, as assistant handicraft director; William McClellan, 20 Braceland avenue, Newton Centre, as assistant ranger; Graham Fulton, Chesley avenue, Newtonville, as clerk; Assistant Scout Executive John C. Adams as assistant camp director in charge of business and commissary departments.

An interesting feature of camp life this year was the short hikes to the Cathedral of the Pines at West Rindge which was built in memory of Sanderson Sloane, a former member of Troop 1 in Newtonville, by his father, Douglas Sloane. This fitting memorial to all the service men that lost their lives in World War II is located on a mountain overlooking one of the most picturesque spots in all of New England. From the altar at the Cathedral can be seen Mt. Monadnock, Mt. Kearsage and distances of many miles. The altar and organ pit are built of stones sent from many states and countries. Needless to say the scouts were moved at the simple splendor of

the Cathedral and the spirit that it instills in them.

The largest fish of the season was caught by Gerald Parnin of Troop 7W in Wellesley, a 17-inch 14-pound pickerel. Gerry is now a confirmed angler.

Those scouts attending camp from Norumbega Council this year were: Victor Ginzberg, Troop 17; Addison Ault, Troop 5; William Murphy, Troop 10; Roger Master, Troop 17; Warren T. Emery, Troop 22; Donald Sharpe, Troop 4B; Fred Hamburg, Troop 17; Roy Fogelgren, Troop 22; Henry W. ## Newton Archers Hold Championship Tourney

The Newton Archers held their championship tournament on Sept. 1 on the ball field of the Newton Centre playground. It was a perfect day for shooting arrows. Bertram Harrison had charge of the tournament. Theodore F. Engel was field captain, Dorothy Matthews, lady paramount while Mrs. Budgell had charge of the juniors.

Two of the archers shot a perfect end during the afternoon. To shoot a perfect end an archer must shoot six arrows in succession into the nine-inch "gold." Dorothy M. Stevens of the Newton Archers shot a perfect end at 30 yards. Eugene Small of the Waltham Archers shot a perfect end at 40 yards. The National Archery Association will send each a pin to award their excellent shooting.

Dorothy M. Stevens received several other awards for her excellent shooting. She led all the women on the range, having the highest total score of 141-873. For this she will have the Open Championship trophy to enjoy for one year. She also had the highest score in the Columbia Round of 70-502 and for that was awarded the Columbia Round Plate.

Adrian Matthews won the Championship Trophy for Newton men.

Archers receiving Dallen medals for the Newton championship were:

**Men**  
Adrian Matthews ..... 297-1129  
Burton Howarth ..... 164-984  
Victor Lemay ..... 175-951

**Women**  
Dorothy M. Stevens ..... 141-873  
Thelma Phillips ..... 131-709  
Grace Harrison ..... 111-575  
The Newton juniors received a miniature Dallen medal. Allan Billingsley was awarded both the junior championship trophy and the Mariner Junior Handicap Cup.

**Juniors**  
Allan Billingsley ..... 166-892  
Raymond Buell ..... 157-859  
Janet Budgell ..... 129-571  
Malcolm Pearce of Waltham led the field with a total score of 223-1409. In the morning he had a York Round score of 133-765. He received the Open Championship Cup for men.

The next tournament at Newton will be the regular handicap shoot held Sept. 14. At that time the Cummings Handicap Cup will be used as well as other handicap awards.

Wightton, Troop 4A; Charles Damon, Troop 21; John R. Leyon, Troop 84; Charles Post, Troop 22; Joel Clark, Troop 2W; Andy Vaughan, Troop 10; Bruce P. Reid, Troop 27; Lothrop Smith, Troop 83; Bailey Kennedy, Troop 4A; James Gerrie, Troop 7A; Edward Pendergast, Troop 70; Raeburn Cameron, Troop 9; Willis Goodman, Troop 9; Richard Lloyd, Troop 7W; Richard Iafate, Troop 3; Alessio Iafate, Troop 3; Michael DeVito, Troop 7A; Charles Moreau, Troop 3; Charles L. ## First Graders on Single Session First Two Weeks

Children who are enrolled in first grade will attend only the morning session until Monday, September 22, at which time the first graders will attend both morning and afternoon sessions to conform to the schedule of the upper elementary grades.

The school entrance age remains at 4 years, 9 months as of October 1 for kindergarten and 5 years, 9 months as of Oct. 1, for first grade.

Parents who have moved to the city since last spring are urged to register their children at school on Thursday, September 4, or Friday, September 5. At the time of registration parents should bring the child's birth certificate, or other proof of age, vaccination certificate, diphtheria prevention certificate, and a list of illnesses and accidents.

## Ferguson Succeeds Father as Coffee Firm Head

Crawford R. Ferguson of 40 Kelvedon road, Waban, has been named president of the Stanley W. Ferguson Co., of South Boston.

He succeeds his father, Stanley W. Ferguson, formerly of Waban, who will continue to serve as chairman of the board of directors and who has been named president of the Martin L. Hall Co., distributors of Victor tea and coffee.

Founded in 1922, the Ferguson Co., is in the coffee roasting and tea packing business.

## Auburndale

Mrs. Henry F. Kersting and children, Irene and Conrad, are vacationing at their summer home on Pilgrim Beach, Provincetown.

To keep nylon and silk stockings from wrapping around the clothes lines, put a teaspoon in the toe of each stocking and hang stockings on the line by the top.

## BEWARE THE BLIND SPOT!

Oncoming bright headlights can momentarily blind the best of drivers. It requires seven seconds after passing glaring lights for your eyes to dilate again to the darkened road. Even in this brief space of time you may not see the dim figure in the road ahead of you until it is too late.

It's the early hours of darkness, especially in the Fall and Winter when traffic is still heavy, that produce the heaviest fatalities in driver-pedestrian accidents. The three hours after sunset are three times more dangerous than daylight hours.

A safe driver reduces his average speed at night. He looks away from glaring lights, watching the edge of the road on his side. He never "overdrives" his lights and can stop at any time within his headlight range. He is especially careful at intersections and is on the watch for unlighted vehicles, and motorists changing tires at the side of the road.

Pedestrians, for your own safety, walk to the left facing traffic, carry something white. Be extra cautious at night. Never forget, the life you save may be your own.

## Newton Notables

By SARAH SHIELDS PFEIFFER

### MRS. HENRY WHITMORE, JR.

"I am of the conviction that parents can most easily keep up with their children's activities if they are actively interested in what their children are doing."

This is the credo of Mrs. Henry Whitmore, Jr., of 18 Sterling Street, West Newton, the mother of three daughters. In demonstration of her sincere belief Mrs. Whitmore has worked continuously for ten years with the Girl Scouts—as troop leader for seven years and now the energetic Commissioner of the Newton Local Council Girl Scouts, which is a Red Feather Agency.

When you meet Mrs. Whitmore you are impressed first by her sincerity and directness. Her deeply tanned complexion sets off blue eyes of quiet hue. She uses a minimum of gestures. Her voice is low, yet distinct. And her slender figure could easily be compared to that of her daughters who, quite naturally, are all active in scouting!

Mrs. Whitmore began to exhibit great interest in community service during her school days in Concord, N. H., when she was Grace M. Chase. Later, college life deepened her interest in politics and government at Mt. Holyoke where she was graduated in 1926. And finally, marriage to Henry Whitmore came about after they worked in the same office and saw each other often at Unitarian church parties.

"How did your interest in Girl Scouts begin?" I wanted to know.

"In 1937 I learned there were 25 girls on a waiting list for Brownies with no leader available."

Naturally Mrs. Whitmore did something about this situation. She became troop leader for the girls in the youngest age group admitted to Scouts, 7 to 10 years. Today the Whitmores have a daughter in each scouting division.

As a Brownie, Elizabeth Whitmore shares the thrill of beginning adventures in a grown-up world, particularly in the fields of nature and homemaking.

As an Intermediate, Ada Jane Whitmore is in the 10 to 14 year covering hidden talents and interesting avenues for self-expression through her badge work.

As a Senior, Carolyn Whitmore is given an opportunity for activities close to the heart of girls in the 14 to 18 age group. These include overnight camping, boy and girl parties, sailing, aviation and community service.

If you should ask any of the 1,771 Newton Girl Scouts what she is getting out of Scouts, the answer is usually "We have fun!" This is no haphazard or amateur result. The Scouts take a girl at the age when she begins to be group-minded. Without lecturing or tedious explanations, the psychologically sound Scout program holds her attention and leaves her with actual skills and social interests. It turns to the best possible account the natural impulses which many a parent might find bewildering in a teenage girl.

"Won't you give us an example from your own experience?" I asked.

Mrs. Whitmore thought a moment, then a smile lighted her eyes. "I recall a group of nine year olds who wanted to cook. To do this, they first studied foods and balanced meals. They cooked a luncheon, then a breakfast. Next, they decided to give a luncheon for their mothers. It meant planning an economical, tasty meal from their meager treasury. The menu they finally chose included Spanish rice, cole slaw, corn muffins and a simple gelatin dessert. Next they divided themselves into groups. There were shoppers, cooks for each

Mrs. Henry Whitmore, Jr.

dish, waitresses, hostesses and clean-ups. Needless to say, the mothers were thrilled over the skills of their nine-year-olds.

"But I shall always remember the wistful face of a child whose mother had died. The troop did much for her. She had been shy, without the opportunity to learn homemaking as a mother teaches a daughter. So all the experiences in Brownies gave her a needed sense of belonging and of accomplishing."

"There must be humor as well as pathos in Scouting, Mrs. Whitmore."

"Indeed!" she said. "You know, the Newton local council operates Camp Mary Day at Cochichewick where 60 girls at a time can spend 2 to 8 weeks outdoors. We also have a day camp with room for 70 girls. One example of learning about nature took place this very summer at Camp Mary Day. A little girl told her counselor breathlessly: 'Down at the lake I petted the cutest baby chipmunk. He was black with a white stripe down his back.'"

"This was the moment to teach a young Scout that such black and white creatures are not chipmunks—they are skunks!"

"Operating two camps and caring for almost 2000 Girl Scouts must be expensive," I suggested.

"It costs surprisingly little for this constructive guidance outside of school hours," she replied with statistics to prove it. "We estimate it at only \$8.75 per Scout in Newton! Of this amount the Community Chest contributes 60 per cent. There are 489 adults who actively work on the program. But for us to help more Newton girls, we need two things—more leaders and more money. Every person in Newton can help us by contributing to this Red Feather Service through the Campaign in October of the Greater Boston Community Fund and the Newton Community Chest."

"We want to teach each Newton Scout the democratic way of life through using her head in crises and using her heart to do something for her community."

As I left Mrs. Whitmore, I carried away the conviction that the Newton Girl Scouts are setting a pattern for community betterment that we adults can applaud and follow!

## Graphic to Sponsor Fire Prevention Show at High School October 9th

Will Be a Feature of Fire Prevention Week; Graphic Demonstration Will Show Causes of Fires, Prevention

A whisp of smoke curls from under a roof, providing evidence of a fire caused by an overloaded electrical circuit; lightning strikes and crackling flames are the result; garage windows are blown out by the force of an explosion of ignited gasoline fumes.

Any one of those circumstances could cause a destructive and death-dealing fire, but at the Newton High School auditorium all of them, and more, are going to happen on the night of October 9 and no one is going to be hurt and no property will be damaged.

It's all part of "Fire! . . . In Miniature", a no-admission fire prevention show to be sponsored by the "Graphic" as a feature of Newton's observance of Fire Prevention Week. The house struck by lightning, the garage damaged by explosion and the home with the overloaded electrical circuit are all models, part of the unique demonstration designed to show homeowners how they can avoid and eliminate fire hazards. Designed and presented by the United Fire Insurance Company, "Fire! . . . In Miniature" reproduces in vivid detail the full scale reality of cause and effect. All the scenes are based on actual cases and most of the presentation concerns the common everyday neglect and carelessness which cause about 90 per cent of all fires.

Director of the show is E. W. Williams, a former assistant chief of the Lynn fire department and nationally-known authority on fire fighting and fire prevention. More than \$2500 worth of equipment is used in the show which presents in miniature the cause and effects of fire that burns 1650 buildings in this county.

## Increased School Enrollment Means Five More Classes

The Newton School Department reports that the total enrollment in the schools this year is 10,811 as compared with the enrollment in September 1946 of 10,566, an increase of 245.

The largest increase was in the elementary schools where 5953 pupils reported as compared with 5721 a year ago, an increase of 232.

In the junior high schools there was a decrease due to the fact that the School Department had seven years ago raised the school entrance age to seven years.

At the Newton High School also there is a decrease, 2206 students having reported as compared with 2244 in September of last year. There are 28 World War II veterans attending this year's session.

At the Trade School there are 267 students enrolled as compared with 279 last year, a decrease of 12.

A large increase in the registration of kindergarten pupils this year has made it necessary to establish five extra classes, two at the Angier School and one each at the Mason, Pierce, Carr and Claflin Schools, in order that the pupils can be comfortably accommodated.

As I left Mrs. Whitmore, I carried away the conviction that the Newton Girl Scouts are setting a pattern for community betterment that we adults can applaud and follow!

## UN Bazaar at Trinity Church, Newton Centre, Sept. 25 and 26

Flags of many nations will be flying on the grounds of Trinity Church (Episcopal) Newton Centre, when the United Nations Bazaar will open for its two-day festival on Thursday and Friday, September 25 and 26.

To honor the United Nations further, the women of the parish, who have been busy all summer to make this annual event successful, will each wear a tiny flag representing one of the nations. Trinity House will be gaily decorated by the clever artist, Miss Katherine Wilkins and there will be found entertainment and bargains, both days, all day. An innovation introduced this year is the Parade of Fall Fashions, staged by Newton's Miss and Mrs. Shop, which will intrigue every feminine heart and which may be seen in the Parish House on Friday afternoon at 2:30. It

will be under the direction of Mrs. Sidney S. vonLoesbecke and Mrs. Alan J. Young and the models will enhance the charm of every garment. Toys to tempt the young fry and the teen-agers, games and puzzles to interest children of all ages will be sold at Toyland by Mrs. Edward F. Wales and her co-chairman, Mrs. F. Wynne Paris and their committee, Mrs. Thomas M. Nee, Mrs. Walter D. Stewart and Mrs. J. Arthur Krauss. Again this year the started residents of Newton Centre see the antique automobiles, piloted by their owners, Mrs. Roderick M. Blood, Mrs. Frank Gardiner and Mrs. Frank E. H. Johnson, tour the streets—the cars filled with delighted passengers of all ages. The un-

### "Bloodmobile" in Newtonville Oct. 3

On October 1st and 2nd from one to seven in the afternoon, and October 3rd from ten in the morning to four in the afternoon, the Bloodmobile will again visit the Red Cross Headquarters at 21 Foster Street, Newtonville. On its last visit Newtonites demonstrated that they were behind this new project over one hundred percent. Since the inception of the program more and more individuals have learned the advantages of contributing life-giving blood to this humane bank. Not only does the donor assure himself of any amount of free blood he may require during the period of a year following the donation, but his contribution also pays dividends to his entire family who may draw on the bank in the same manner.

Mrs. F. Brittain Kennedy, recently appointed Chairman of the Blood Donor Committee, is assisted by Mrs. Paul M. Goddard

(Continued on Page 4)

Although there are only twenty-nine places to be filled at the coming city election in November, there are forty-six candidates now in the field. Thirty-three men and women are contesting for the twenty-one seats on the Board of Aldermen; ten men are battling it out for the seven places on the School Committee and three men are in the race for Mayor. The recent fourth entry for Mayor, John H. Brady of West Newton, withdrew shortly after he filed his papers.

Of the present twenty-one Aldermen, ten Aldermen-at-large are running for re-election and three Ward Aldermen are hoping to move up from Ward Alderman to Alderman-at-large. We are, therefore, bound to have at least eight new faces on the 1948 Board of Aldermen. The following candidates for the Board are already assured of election because they have no opposition: James E. Murphy, candidate for Ward Alderman in Ward 1; John C. Beale, candidate for Alderman-at-large in Ward 7 and Winfield C. Anderson, candidate for Ward Alderman in Ward 7.

Present indications are that there will be rather close contests for all three seats on the Board from Ward 2; a close fight for Ward Alderman in Ward 3; and a fairly good scrap for the two At-large seats in the same ward; a battle of uncertain tenacity in Ward 4 for Ward Alderman; a somewhat similar situation in Ward 5 and a battle royal in Ward 6 for the position of Ward Alderman.

## Freezing Exhibit by Nutrition Center

A very successful Freezing Demonstration, sponsored by the Newton Nutrition Center and the Newton Red Cross Nutrition Committee was held Thursday evening, September 4, at the Newton Red Cross Chapter House.

Miss Edith West, Home Demonstration Agent for Middlesex County and Mrs. Paul Dempsey assisted by Miss Marjorie Cantoni and Miss Marie Gervais, Newton Nutritionists, gave the best methods for freezing vegetables, peaches, chicken, sponge cake and homemade bread. Mrs. Dempsey explained that she and her husband, Paul Dempsey, Professor of Horticulture at the Waltham Field Experiment Station, have been freezing foods for six years. During that time, they've had experience in freezing many different varieties of fruits and vegetables.

The demonstration was followed by a question period when the audience queried the experts about home freezing problems.

## S.A. Major Speaks At Kiwanis Club

Major Giles Barrett of The Salvation Army tells Newton Kiwanis of the coming drive and of his experiences, overseas, as Major Chaplain.

Major Giles Barrett, Divisional Young People's Secretary for The Salvation Army in Massachusetts and Rhode Island, addressing the members of the Newton Kiwanis Club, Wednesday, at the YMCA told of his many and varied experiences, overseas, in the South Pacific, during his three and one half years service with a U. S. Infantry unit during the recent scrap with the Japs.

A genial, pleasant veteran, Major Barrett also told of the coming Salvation Army Drive for funds which, as usual, will be used to "build better boys and girls." Newton's three Service Clubs, Kiwanis, Rotary and the Lions will participate in the drive and Dr. Ernest Marcoux, president of Kiwanis, will be in charge.

In concluding his talk, Major Barrett said the Japs, pound for pound, were good fighters; Philippine Scouts could go days without food and fight; the Australians big and tough asked no favors in a scrap, with the Americans on par in every department and superior because of their own incomparable sense of humor.

### Kiwanis Notes

Rev. Leslie H. Johnson of the Newton Methodist Church, formerly a member of Haverhill Kiwanis and Benjamin Louis, past president of Newton Kiwanis and now a member of the Wellesley Club, attended the meeting. With Al Gagne at the piano, Archibald Bellinger and Thomas Donnelly sang: "Lead Kindly Light." President Dr. Ernest Marcoux, Harold Pillsbury and Frank Battles will attend the New England Kiwanis Convention, at Poland Springs, next week. . . . James Riggs of the Newton Club was nominated, last Thursday, at the Hotel Commander, Cambridge, for Lt. Governor of the 5th Kiwanis District.

Harold Pillsbury presented Walter Hood the Kiwanis Pin for five year's perfect attendance. . . . Thomas Lyons, program director, announced that Arthur T. Lyman, former commissioner of correction, will be next week's speaker.

Ellis Hunt, Mrs. George B. Lewis, Mrs. Zadoc Long, Mrs. J. E. Masters, Mrs. John F. Milner, Mrs. Harry F. Morse, Mrs. D. Bradley Rich, Mrs. H. Esmond Rowley, Miss Katherine Robinson, Mrs. Francis S. Snow, Mrs. James A. Storen and Mrs. L. Lee Street. Across the hall in Trinity House, Mrs. John M. Colony and Mrs. A. Gordon Weinz will offer gifts for those who have an eye to being fore-handed for Christmas, as well as for those who will be buying for other events. They have enlisted the help of Mrs. W. Cornell Appleton, Mrs. William J. Battelana, Mrs. John Bergenson, Mrs. Mable Boutelle, Mrs. Frank H. Colony, Mrs. Florence M. Davidson, Mrs. Henry E. Goodnough, Mrs. Merrill Hammond, Mrs. Anthony Jauregui, Miss Eleanor LaBonte, Mrs. Norman Midgley, Mrs. Robert A. Moncrief, Mrs. Arthur G. Muldoon, Mrs. Hugo M. Nordstrom, Mrs. Augustus B. Smith, Mrs. W. Herbert Stetson and Mrs. Charles W. Wallour. Presiding over the food table where cakes, cookies, pies and other cooked delectables will be found are co-chairmen Mrs. Ralph E. Houghton and Mrs. John W. Merrill whose assistants are Mrs. Charles H. Cobb, Mrs. Dora R. Dennison, Miss Marie Dennison, Mrs. Leo A. Handy, Mrs. Eldon R. Johnson, Mrs. Herman A. Leighton, Mrs. Curtis H. Mosher, Mrs. Philip L. Miller, Mrs. Ambrose Mugford, Mrs. Stanton J. TenBroeck and Mrs. Earl E. Tilton. There is always tremendous interest in the attic where one is sure to find either an antique or a bit of costume jewelry and where, this year, the added feature will be garments of every sort and description. Once again Mrs. Harry Ross, Jr. and Mrs. H. Kempton Parker will preside over this ever-busy department and will be assisted by Mrs. Austin C. Bittenbender, Mrs. Harry G. Boyer, Mrs. John E. Eaton, Jr., Mrs. George A. Graves, Mrs. Clifton Hynes, Mrs. Charles K. B. Nevin, Mrs. Donald C. Root, Mrs. John J. Skehan and Mrs. Harry W. Sutton. Soaps and powders as well as dainty linens in the bedroom and bath will again prove alluring to the women who patronize this fascinating fair and Mrs. A. Edward Roys with Mrs. Lawrence Meyns as co-chairmen, will have the aid of Miss Lula D. Adams, Mrs. Cora Crowell, Mrs. David C. Dittmore, Mrs. Arthur Drown, Mrs. Josephine L. Dudley, Mrs. William H. McCabe, Mrs. H. L. Mann, Mrs. John Milerkis, Mrs. Frederick W. MacDonald and Mrs. S. Lee Tanner. Not only will children flock to buy the sweets which will be on sale, but the grownups will find it worth their while to patronize this very popular department for there will be found candy made by some of the famous fudge-makers of the parish. Mrs. James D. Blackall is chairman with Mrs. Anthony Leone and Mrs. William J. Stover as vice-chairmen and will have Mrs. James F. Barclay, Mrs. William Haynes, Mrs. George E. Heels, Mrs. Gilbert Hubbard, Mrs. Clarence W. Randlett, Mrs. Gordon B. Small and Mrs. Frederick W. Wright at helpers. Fortunes told, palms read and portraits sketched all three attractions will be busy all days, both days, for everyone who attends this United Nations Bazaar cannot leave without satisfying that curiosity to know what the future may hold or to carry away a cleverly sketched profile of themselves. Mrs. Melville D. Liming is in charge of this three-fold attraction and will have as her committee: Mrs. John J. Hines, Mrs. James Mitchell, Mrs. Norman J. Mitchell, Mrs. Howard O. Winslow and Mrs. John S. White. Mothers, grandmothers, aunts and cousins will

## Brady Withdraws As Mayoral Candidate

John H. Brady of 1113 Washington Street, West Newton, who last week announced that he would seek the office of Mayor of Newton, has withdrawn his candidacy.

In a statement released today Mr. Brady said "When I decided to enter the fight for Mayor of Newton it was at the behest of several of my friends who felt that my candidacy would be for the good of Newton. I have always had the good of Newton in my mind and after due consideration, careful study, and thought, I have come to the conclusion that for the good of the city I must put my shoulder to the wheel and give all my support to Roy S. Edwards whose very life has always been for the 'good of Newton' and whose aims embody the aims of the greatest number of citizens. I call upon all of my loyal supporters to work for the election of Roy S. Edwards as Mayor of Newton."

not want to overlook a single item in the nursery, for Mrs. Frederick M. Morris and her co-chairman Mrs. Edmund W. Perry have been making the most enchanting articles for your child if that lucky darling happens to fall into the nursery age. Their committee consists of: Mrs. William B. Barkley, Jr., Mrs. Robert L. Bishop, Mrs. Murray Both, Mrs. George J. Chabot, Mrs. George J. Cleary, Mrs. Guy DeBruin, Mrs. Marion W. Dunnell, Mrs. George Davis, Mrs. F. L. Furphy, Mrs. John Garland, Mrs. W. R. Gerhardt, Mrs. Albert Hegnauer, Miss Edith Hooper, Mrs. Alex J. McFarland, Mrs. William McNitt, Miss Christine Morris, Mrs. Earle M. Sommerfeld, Mrs. S. Belmont Segar, Mrs. Lawrence W. Simonds, Mrs. Charles Spiller, Miss Marie C. Ulmer, Mrs. Noel Urquhart, Mrs. Frederick W. Wlach, Mrs. Jack Woolfing, Mrs. Albert Walker and Mrs. John J. Whitlesey. As a convenience for those young mothers who will wish to take advantage of the opportunities offered at this two-day festival Mrs. F. Chandler Jones will operate a "Park-Your-Tot-Lot" where, for a small fee, she will take charge of those little folks who are not yet impressed with bargains for adults. This service will enable mothers to shop leisurely with the assurance that their small sons and daughters are being entertained by the entertaining Mrs. Jones. Out on the lawn will be the familiar milk bar, newly adorned with bright colors. The tantalizing odors of hot dogs will again be wafted on the autumn air and presiding over the grille will be Mrs. M. Fletcher Eades, Mrs. Charles L. Waterhouse and Mrs. Ralph L. Morse. Serving ice cream, the great American favorite treat will be Mrs. Gustave R. Breitzke and Mrs. Harold E. Burnham. The milk bar would not be complete without the professional air of the milkshake-maker supreme—the Rev. Frederick M. Morris whose ability to make these delicious drinks is shared by his assistants Mr. James P. Millikan and Mrs. A. Stephen Pierce who is chairman of the milk bar. Beautiful arrangements of fall flowers, potted plants, fresh fruits and vegetables will be found on the side lawn of the church grounds, where Mrs. D. Allen Smith, chairman and her committee: Mrs. William D. Bradshaw, Mrs. Marion Brockert, Mrs. Frederick T. Cobb, Mrs. Isaac J. Swope, Mrs. N. M. Smith-Peterson, Mrs. George Stanton and Mrs. F. Hopewell Underhill will preside over this bower. From year to year all members of Trinity Parish look forward to the delicious suppers served by the two famous supper chairmen, Mrs. Willis B. Clough and Mrs. A. Harry Hutchison. Their tempting dishes are the talk of the town so that this year, reservations are already being made for this gustatory treat. Composing their committee are Mrs. Charles E. Bailey, Mrs. John H. Dummer, Mrs. Douglas B. Francis, Mrs. Charles G. Houghton, Mrs. Henry J. Ide, Mrs. August C. Klein, Mrs. Kenneth D. Lipincott, Mrs. Mervyn M. Millikan, Mrs. Eleanor D. McIver, Mrs. Raymond P. Norton, Mrs. Arthur M. Padden, Mrs. Henry T. Patch and Mrs. Andrew Schwab. Climaxing both nights will be the Famous Trinity Follies which for the fifth year will entrance, entertain and amuse the audiences which have filled the hall to capacity. The Men's Club is responsible for this annual show and reservations have come in by those who wish to insure having a seat to view the entertainment. The grand finale on Friday night, after the show, will be an evening of square dancing—dancing that can be enjoyed by young and old, thin and fat, and the Young People's Group of Trinity Church has full charge of this part of the bazaar. This unusual annual festival is under the general chairmanship of Mrs. Harold R. Keller and her vice-chairmen, Mrs. Elmer M. Kling and Mrs. E. K. Mentzer. Mrs. Henry S. Cross, Mrs. Sidney S. vonLoescke and Mrs. Alan J. Young are members at large while Mrs. Frederick M. Morris is secretary and the treasurer is Mrs. Worthing L. West.

## City Employees' Pensions Up 20% on Petition of Moriarty

A petition recently presented by Mr. A. Leslie Moriarty of 316 River Street, West Newton, on behalf of former city employees who are now on pension, was granted by the Newton Board of Aldermen on Monday night when they voted to accept a recent act of the Legislature authorizing a 20% increase in pensions providing that the increase did not bring any of the pensions up to more than \$1,000.

At the time the petition was first presented there were 50 former city employees on pension, two of whom are now deceased.

At the September 22 meeting of the Board of Aldermen it is expected that an appropriation for the additional amount of pension will be passed and that it will be retroactive from September 9.

## Newton Corner Dinner Meeting

The first fall meeting of the Newton Corner Business and Professional Associates was held last Tuesday evening at the Newton Y. M. C. A.

Roy S. Edwards, president of the Newton Chamber of Commerce was the guest speaker. After Edward's talk on improvements at the corner, a lively question period followed. Parking areas and general conditions at Newton Corner were the topics of discussion in which many of the 60 who attended the dinner meeting took part. Several new members were accepted into the organization.

President Philip Sherman presided.

now live at 489 Walnut Street, Newtonville. He is a certified public accountant and a member of the firm of Robert Douglas & Company, 50 Congress Street, Boston.

For many years Mr. Vincent has been a member of the executive committee and auditor of the Newtonville Improvement Association. As such he has served on numerous committees having to do with Newtonville and City betterments.

In the Spring of 1941, with a small group of Newton men, he attended the first A. R. P. School which was held in Boston, and during the war took an active part in the A. R. P. work in Newtonville.

For the third consecutive year Mr. Vincent is serving as Chairman of the Reports Division of the Greater Boston Community Fund.

In the Summer of 1939 Mr. Vincent was one of a group of twenty certified public accountants invited to meet with Mayor Maurice Fobin of Boston to discuss ways and means by which such a group might contribute to the general improvement of the accounting practices and procedures in certain departments of the City of Boston. The group volunteered their services as members of an Advisory Committee to cooperate with the Municipal Survey Committee and subsequently business and accounting methods and practices employed in each department, rendering a series of reports, which were published in 1940 by the City of Boston.

Early in 1941 Mr. Vincent accepted an appointment by the Paymaster General of the Navy as a Supervising Auditor in the First Naval District. A year later he was appointed Chief Supervising auditor for the First Naval District, in which capacity he served until the dissolution of the panel of supervising auditors in 1944.

For a number of years he has served as a member of the Prudential Committee of the First Baptist Church in Newton and is now church treasurer.

Mr. Vincent is a graduate of Boston University, College of Business Administration, and at present is chairman of the accounting committee of the Alumni Advisory Council of the College.

During the first World War he served overseas in France and Belgium with the 75th Canadian Infantry Battalion.

Mr. Vincent is a member of the American Institute of Accountants and of the National Association of Cost Accountants, of which he is past president of Boston Chapter. At present he is vice-president of the Massachusetts Society of Certified Public Accountants, of which he is a Fellow. He is also a member of Good Samaritan Lodge, A.F. & A.M., and of Alpha Kappa Psi Fraternity.

Mrs. Vincent is a member of the Newton League of Women Voters and is active in church and community affairs.

Mr. and Mrs. Vincent have three children: a daughter, Alice, who was graduated from Newton High School in 1946, and is now a sophomore at Smith College; a son, William, who was graduated last June from Newton High School and is entering Boston University this fall; and a son, Norman, who is a senior in Newton High School.

but not to bring about the very real cause and effects of fire. Williams, drawing from amateur magician experience, incorporates magic and sleight of hand into the show to the delight of audiences, young and old alike to add to its impressiveness. "The magic tricks are worked into the

show for a very definite purpose," Williams explains. "We use magic at special places in our show to underline the points of fire prevention we want remembered, to stress the every day presence of fire hazards and to make the audience doubly conscious of fire prevention habits."

The Newton Fire Department and the Chamber of Commerce are cooperating with the Graphic in presenting the show which will also be highlighted by the award of a door prize of a \$50 U. S. Savings Bond.

Fire Prevention Week will be inaugurated with a spectacular demonstration of fire protection equipment on Sunday afternoon October 6th at the Newton Corner Fire Station.

The practice of holding the display at the opening of Fire Prevention Week was started several years ago by Fire Chief John L. Keating.

## For the man beyond the pale

FRIENDS, even family, will turn away from the man or woman who has broken the law. But there is no transgression so serious that The Salvation Army will not stand at the transgressor's side, seeking to bring repentance, to comfort and heal and save.

For 65 years The Salvation Army has taken its message of Redeeming Power and its services of hope and cheer to the men and women inside prison walls. Steadfastly The Salvation Army officer works to bring about the prisoner's release on parole and a chance for him to make a new start. And when he is discharged, the officer strives to adjust him in a job and a permanently satisfactory way of life so that he can go forward with courage.

Today, looking toward a better postwar world, The Salvation Army is making its work for the prisoner much more helpful and personal, and endeavoring to make more effective its service in the Police Courts, where the first offender most often makes contact with the law. A service of human salvage which our community needs to support.

Give—and give generously!

## First Meeting of Hallowe'en Comm. Set for Next Thursday

The start-off meeting for this Fall's city-wide Halloween parties will take place next Thursday, September 18, at 7:30 P. M., in the Newton Centre Playground House, Tyler Terrace.

The meeting will be called to order by Howard Whitmore, General Chairman; and Mrs. Ragna Hovgaard of the Newton Recreation Department; and Chairman of the Hallowe'en Program Committee, who has been a leading factor in these neighborhood parties since their inception, will touch on the various problems faced during previous celebrations and how they were solved. It is expected that Mr. C. Evan Johnson, recently appointed Commissioner of Recreation will also speak, inasmuch as his Department, together with the Newton School Department, has each year co-operated to make these Hallowe'en gatherings so successful.

Present at the meeting will be the Supporting Committee and Village Co-ordinators, in whose hands rests the responsibility of marshalling the forces which will have the actual direction of the 240 separate parties in which more than 10,000 school children will participate.

Mr. Whitmore, who will head the organization comprising some 1400 men and women throughout the city, has been a lifelong Newton resident and was graduated from the Newton High School. Active in athletics, he served two years as baseball captain and played varsity baseball at Harvard. He is a former alderman, currently one of Newton's representatives in the Legislature, is president of the Newton High School Alumni and assistant treasurer of Perkins Institute and Massachusetts School for the Blind.

The first oaks were brought to the Jamestown settlement in 1611, and to the Plymouth colony in 1624.

It takes no great amount of space to hold any of the post-war household washers. A job in the wall, a nook, a disused corner in a kitchen or a bedroom, that is all which is required as a "throne" for the new sudsier in all its gleaming splendor.

men, several other members of the Board and Secretary Rupert C. Thompson of the Newton Chamber of Commerce.

Mayor John F. Devane headed the Waltham delegation. He was accompanied by Earl J. Arnold, Chamber of Commerce secretary; Thomas J. Murphy, News-Tribune managing editor; and Arthur M. King of the city engineering staff.

The latest data on plans for the new Route 128 circumferential highway which would extend from the present highway at the Newton-Wellesley line to Wakefield were given by Philip H. Kitfield, chief engineer of the State Department of Public Works, who stated that the amount of money available when it is appropriated would guide the department's action on the matter.

He stated that difficulties heretofore existing which concerned property of the Leo J. Martin Golf Club supervised by the Metropolitan District Commission, and Boston University, have been virtually ironed out. The nearly 25 miles of four lane highway from Newton to Wakefield estimated at the current cost of highway construction he said would require an expenditure of \$13,790,000 if constructed now.

The diversion of traffic from principal business and residential areas was stressed as the main benefit to be derived by Newton and Waltham if the new highway is constructed. It was pointed out that more than one half of the volume of traffic over Route 128 in both cities is by non-local or through motor vehicles.

A committee was formed and given power to expand itself when necessary. It will seek an early conference with State Department of Public Works authorities to discuss various phases of the highway problem and later seek to enlist assistance of the State Legislature.

Chairman of the meeting was Alan G. Adams, editor of the Lexington Minute-man, prime mover in the undertaking. Representatives of the communities named on the preliminary committee were Rupert C. Thompson, Newton; Thomas J. Murphy, Waltham; Alan G. Adams, Lexington; Arthur Harding, Wakefield; Francis McAdams, Woburn; State Rep. Charles Gibbons, Stoneham; Alexander Brown, Burlington; and Philip White, Reading.

Rev. Richard P. McClintock

## Church Members to Nominate Rev. R. P. McClintock for Bishop

Members of St. Paul's Episcopal Church, Newton Highlands, made public today their intention of placing in nomination for Bishop the name of Rev. Richard P. McClintock, former rector at that church, and now rector at the Church of the Messiah, Auburndale.

The nomination will be made at a special convention of the Diocese of New Hampshire at Concord on Sept. 16 for the purpose of electing a bishop coadjutor to assist and succeed the present Bishop, the Rt. Rev. John Dalls, who will retire next April. When approached at his home, 175 Auburn street, Auburndale, Mr. McClintock confirmed the announcement, but said that it was not in good taste to comment further at this time.

Mr. McClintock was born in Winthrop, Oct. 3, 1904, and was educated in the public schools of that town. He was graduated from Dartmouth with the class of 1926 and received the B.D. degree from E. T. S. at Cambridge in 1929. He has done some graduate studies toward an S. T. D. at Boston University (summer session). He was ordained deacon in his home-town parish of St. John, Winthrop, by Bishop Slattery, May 30, 1929, and was elevated to the priesthood in December of the same year.

In 1938 he became rector of the Church of the Messiah, where he has had an effective ministry. In the years 1943-46 both the parish and rector obtained widespread recognition for their inspired courage in facing a disastrous fire and the successful rebuilding of the entire plant under seemingly impossible war-time conditions. The newly completed church has been erected at a cost of \$130,000 and was consecrated debt-free last November by Bishop Sherrill. During the past nine years the parish has doubled in size.

## Community Fund Drive Opens Oct. 23, Continues Through Nov. 13

340 Leaders Appointed. 13 Red Feather Agencies to Participate.

With more than 300 Red Feather social and health services participating, the Greater Boston Community Fund will launch its 1948 Campaign in Newton on October 23, and the Campaign will continue until November 13, according to a statement made by E. Graham Bates, Newton Campaign Chairman. Practically all of the 340 Newton leaders in this Campaign have been appointed and the enrollment of Residential workers is now under way. The Advance Gifts, Mercantile and Manufacturing Divisions' personnel has been entirely completed and the Municipal Division enrollment is well under way.

Thirteen Red Feather Agencies, members of the Newton Community Chest, are partners in this Campaign. These agencies are the Newton-Wellesley Hospital, Family Service Bureau, Newton YMCA, Newton District Nursing Association, Norumbega Council Boy Scouts, Newton Council Girl Scouts, Catholic Welfare Committee, All Newton Music School, West Newton Community Centre, Rebecca Pomroy House, Newton Community Council, Stone Institute, and the Newton Nutrition Center. The present yearly operating budgets of these agencies run from about \$5,000 to over one million dollars, and the grants allotted for the present year vary from about \$2,000 to nearly \$60,000. The Greater Boston Community Fund was organized in 1936 to raise

yearly, for operating deficits only, in one yearly campaign, the total minimum requirements of its member agencies. During the past six years the average amount raised was \$7,500,000.

During the same period the average amount raised in the yearly Campaign was \$320,000. The Greater Boston and Newton goals have not as yet been set for the 1948 Campaign, but Chairman Bates expects to make announcement of these goals shortly.

The Chest office at 93 Union street, Newton Centre, is a beehive of activity. The staff of the Newton Community Chest is now completing the issuance of pledge cards and control sheets, is compiling budget requests of its member agencies, and is working on the detailed plans for a successful campaign. Hundreds of letters are going out almost daily to Campaign leaders and Committee members. Statistical reports of previous campaigns are being compiled in an effort to supply all of the 2300 workers who will assist in the Campaign with material that will be helpful in presenting correct information to the prospective givers, of which there were more than 16,500 last year.

Meetings scheduled for the balance of September include the following: September 11, meeting of Advance Gifts Chairmen; September 16, meeting of Mercantile Chairmen, Men's Division; September 17, meeting of Village Chairmen, Assistant Chairmen and Majors; September 25, meeting of Mercantile Division Chairmen, Women's Division; September 26, meeting of Manufacturing Division Chairmen. Village and group meetings will start taking place beginning October 1 and will continue almost daily throughout the month until the Opening Dinner on October 23.

"It will be our object in this Campaign," Mr. Bates states, "to supply our workers with more factual information than ever before and it is our hope that these representatives of the Chest when carrying on their solicitation will be well equipped to pass on this information to the citizens of Newton."

### C. of C. Endorses S.A. Campaign

The Newton Chamber of Commerce wholeheartedly endorses the campaign of the Salvation Army for funds which will be carried on in Newton beginning September 17th. The services rendered Newton citizens by the "Salvation Army Service Fund" are greatly appreciated by the City.

### Roy S. Edwards' Campaign Opens With Meeting

The campaign of Roy S. Edwards for Mayor got off to a fast start with a large and enthusiastic meeting of key men and women workers at the home of Norman Moore, 302 Highland Avenue, Newtonville, last Monday evening.

These workers, who have been sizing up the situation for several weeks through talks with voters, reported a widespread feeling of confidence that Roy Edwards would be Newton's next Mayor. It was evident, they said, that an Edwards-for-Mayor tide had begun to rise throughout Newton, even at this early stage of the campaign. And it was also brought out that more and more voters are viewing Roy Edwards as the symbol of sound, business-like, unbiased government.

The business of the meeting included the appointment of chairmen for numerous important committees to cover every phase of campaign activity. One committee, already functioning has been arranging dates for home rallies. The schedule calls for a great many small, neighborhood gatherings. Speakers will be provided and Roy Edwards will give informal talks at as many as possible.

Mr. Edwards spoke at some length, at Monday's meeting. He gave a concise outline of his principles and reiterated that he will give his entire time to the Mayor's office, if elected, relinquishing the active management of his business in order to serve as a full-time Mayor. He said, earnestly, that Newton now needs a chief executive who can and will devote himself completely to the city's affairs.

Mr. Edwards repeatedly stressed that his campaign must be absolutely clean. He will not, he made clear, countenance any direct or implied reflections on any of his opponents by his workers, either in private or public talks. Skeletions, he emphasized, are not to be dragged out of closets.

If elected, Mr. Edwards said, he will not only conduct his administration fairly and impartially for every section of the community, but he will also keep all citizens enlightened, with facts, as to what is going on in civic matters.

He concluded with the reminder that he is "dedicated to the future of Newton" and that slogan, with all that it implies will, he added, be the underlying theme of his campaign.

### Junior Red Cross Conducts First Inter-School Council Camp

Eighteen satisfied boys and girls, members of the Newton Junior Red Cross, returned to Newton by bus last Saturday morning after winding up a three-day session of the first Junior Red Cross Inter-school Council Camp, held at Camp Mary Day in Cohasset which had been loaned by the Newton Girl Scouts.

Beginning with an opening swim on Wednesday afternoon under the supervision of a Red Cross instructor and life-saver, the young folks were steadily indoctrinated with Red Cross principles of service and education. That first evening came the first serious consideration of the Red Cross program, and Red Cross movies were shown.

On Thursday the highlights of Volunteer Special Services were presented by Mrs. Leo E. Concannon and Mrs. P. Edward Edén. Mrs. Robert W. Moore Jr. and Mrs. Hugh Munro, appearing in Nurse Aide and Gray Lady uniforms respectively, told of their activities at Newton-Wellesley Hospital. Later in the day, Mr. R. B. Emery gave a First Aid Demonstration, and Miss Marjorie Cantone talked on the Newton Nutrition program stressing the importance of well-balanced meals and school lunches.

A cookout supper with corn and all the fixin's under the direction of Mr. and Mrs. M. P. Gaddis, was followed by a Council Campfire. A feature of the evening was a lively game of charades.

The program on Friday morning consisted of a Home Nursing demonstration by Mrs. Sarah F. Woodworth, a discussion of Junior Red Cross and its relation to Senior Red Cross led by Mrs. Joseph L. Graham, Assistant Director, Junior Red Cross, North Atlantic Area, and a presentation of the National Blood Donor Program and suggestions as to how Juniors may help in Red Cross publicity by Mrs. E. Graham Bates, Chairman of Public Information of the Newton Chapter.

After lunch, Mrs. Beatrice DeCostas of Cushing Veteran's Administration Hospital, told of the part Red Cross plays in such an institution. Mrs. Mary Chase explained the duties of Home Service. The usual swim and a Council Campfire at which the boys and girls clarified and summarized what they had been learning and set up plans for the continuation of the Council, completed the final full day of a most successful camp.

It was felt by the staff that the purpose of the camp, namely, to orient members of the newly-formed Inter-school Council

to Red Cross, had been achieved, and that this group of selected boys and girls will now be able to interpret Red Cross programs to their fellow students.

Sponsoring the Camp were Mr. Charles B. Floyd, Chapter Chairman, Mrs. Frances B. Harris, Executive Director, Mr. Alden W. Read, Junior Red Cross Chairman, Mr. James Dunlop, Junior Red Cross Director, Mrs. Sarah F. Woodworth, Director Nursing Activities, Miss Virginia Murphy, Water-Safety Supervisor, and Mr. Joseph L. Graham. Also assisting in the program were Mrs. Priscilla Daudelin, teacher sponsor from the Levi Warren Junior High School, and Mr. John Carey, Lifeguard and Motor Corps.

The boys and girls in attendance were as follows: from the Weeks Junior High; David Blackall, Martha Ellis, Andre Come; from Bigelow; Conger Fawcett, Council Vice-President, Katherine Dolan, Robert Wilkie, Adrian Depper, Charles Morrissey; from Day; Daniel Lewin, Council President, Ann Underhill, Carol Bram, Harold Murphy; from Warren; William Hudson, Nelson Nugent, Shirley Mims, Beverly Moor, Jane Bergquist, Mary Hunt.

Red Cross workers from Boston and Cape Cod visited the Camp to observe its organization as a help toward setting up similar camps.

## F. BRITTAIN KENNEDY

F. Brittain Kennedy, president of the Norumbega Council of Boy Scouts of America, recently made a welcoming speech to its newly elected officers and board members. One sentence typified Mr. Kennedy's feeling for every job taken on in his successful career. He said: "I should like to welcome you and at the same time let you know that you have accepted no mere honorary position, but a working one."

Such a zest for work has always been a trait of this Newton man who makes his home at 1 Gammons Road, Waban. A graduate of Boston Latin School and of Boston University, he now owns his own firm, F. Brittain Kennedy & Co., which deals in municipal bonds exclusively.

Lean and wiry, every inch of his frame is surcharged with energy and ideas. A dynamic speaker, even before a single interviewer, his eyes light with

enthusiasm and his hands emphasize the points he wishes to put across. His record of community service is broad and of long duration. But his interest in scouting stemmed directly from his son, "Britt, Jr.," who is now an Eagle Scout of Troop 10 in Waban. His only daughter, Martha, a student at Dana Hall, upholds the feminine branch of scouting as a Mariner Scout in Abundant.

F. BRITTAIN KENNEDY

The fourth member of the Kennedy clan is Mrs. Kennedy, widely known as "Kay". She pairs with him in the zeal for community service as in the forthcoming Newton Community Chest campaign for its Red Feather Agencies.

When Mr. Kennedy welcomed his new board, he was addressing this group who lead the Norumbega Council of Boy Scouts: Edward C. Michaud, G. D. W. Marcy, Frederick R. Garon, Philip VerPlanck, Albert C. Blunt, Jr., Horace W. Cole, Lawrence B. Damon, Roderick H. MacKinnon, Richard E. McKown, Daniel Mordecai, Warren W. Oliver, Dr. Lewis S. Pilcher, Howard L. Rich, Philip Richardson, Charles O. Richter, George M. Shannon, John B. Starkweather, Richard H. Thornton, and James C. Walton.

Altogether, there are only 5 paid personnel in Norumbega Council but 731 people serve as Scout leaders. Thus with a new high of 2123 members, there is one actively interested adult helping to guide every three boys!

"We consider such work is preventive medicine," Mr. Kennedy emphasized. "As against a year ago we have more boys, more units, more scouts. Cub Scouting has grown rapidly. For the first time it's greater in numbers than any other branch. We pay tribute to Norumbega's Den Mothers. Good Dens mean good Packs!"

"At what age can a boy become a Cub Scout?"

"At nine. And he may continue to manhood with this same group of friends, so challenging and far-reaching is the entire program. For example, the main theme for the Cub Scouts last year was Indian lore which culminated in outstanding Wild West shows and rodeos. Last year was typically active for all Scouts. One group took a wilderness canoe trip through New England rivers and woods. The Newtonville group put on a marvelous show. Some of our Air Scouts went to West Point. Sea Scouts journeyed to the New London Coast Guard Base. Others went to the National Scout camp at Philmont, N. M. Two attended the World Jamboree in France. And the Norumbega Council started a scouting program at The Peabody Home for Crippled Children."

"But how could a crippled child pass the Boy Scout advancement tests?"

"The Scouts have special achievement awards for handicapped boys. Senior Scouts, adult leaders and Den Mothers went to the Peabody Home to teach crafts to the bedridden youngsters. I wish you could see them signal from bed to bed with flags or in Morse Code! I recall vividly one boy who showed me a silver case belonging to his father, who'd been an Eagle Scout. On it was engraved this message from Lord Robert Baden-Powell who founded the Boy Scouts 37 years ago: "Once a Scout, always a Scout—keep Plugging!"

"A beautiful thought," I said. "Isn't it? But let me point out the international aspect—Boy Scouts all over the world follow this training. In the World Jamboree in France, boys from 42 countries built a great tent city and lived in perfect fraternity, finding much in each other to admire and understand. Though at times they communicated only by signs and grins, they made warm international friends."

"And last, I'd like to know how the Scouts handle their finances, Mr. Kennedy. Are the dues large?"

"No, indeed! On registration each boy pays 50 cents to his troop or pack. This is not retained but is sent to the National Scouting headquarters. The sum total of this is what keeps scouting a national movement. In addition each boy pays 5 to 10 cents for dues at each meeting. That is all."

"But it must cost more than these tiny sums for such good preventive medicine, as you call it."

"Yes, it does. That's where we adults come in. Scouting is 100% dependent for its operating expenses, few salaries, etc., on the Community Chest. Newton citizens have a real opportunity to contribute to this Red Feather Agency. If we can put across only one message to each person when his neighbor calls on him in the interest of the Greater Boston Community Fund and the Newton Community Chest, it would be this: "Give generously so that you can take a boy to your heart and mold him into a man."

## Newton Methodist Church to Observe 50th Anniversary

The Golden Anniversary of the Newton Methodist Church, marking the dedication of the present church building, will be observed October 17 and 19.

A dinner and program, to which all former pastors have been invited, will be held at the church on the 17th, during which the history and progress of the church will be presented. A special service of worship will be held on Sunday morning, the 19th at 10:30 o'clock.

Eldred M. Peterson, a member of the board of trustees and former superintendent of the church school, heads the general anniversary committee. Assisting him are Mrs. George R. Strandberg, president of the Woman's Society of Christian Service and superintendent of the adult division of the church school; Miss Emily Day, steward and treasurer of benevolences; Fred A. Hawkins, trustee and church treasurer, and the Rev. Leslie H. Johnson, minister.

Other committee chairmen include: Dinner, Mrs. George H. McFarland; Program, Arthur R. VanWyngarden; Decorations, — Church —

## All Candidates for Mayor to Appear on Same Platform

All three candidates for mayor, Hugh S. Boyd, Roy S. Edwards and Theodore R. Lockwood have tentatively accepted invitations to appear at a meeting of the Newton Progressive Association, early in October. The association, a non-partisan organization, will announce the date of the meeting as soon as arrangements can be made.

The candidates will discuss the principal issues of the campaign and set forth their views on the various issues.

This first appearance of all mayoral candidates at the same meeting for many years, will afford the voters the opportunity to determine how the candidates measure up against each other.

## Dr. Harold W. Tribble New Pres. Andover Newton School

"Because we have not developed moral character to match our scientific knowledge, we are in danger of destroying the human family with the very power that should be our greatest material benefactor," the Rev. Dr. Harold W. Tribble said at the convocation ceremonies on Wednesday marking his formal introduction

DR. HAROLD W. TRIBBLE

as new president of Andover Newton Theological School, Newton Centre.

Dr. Tribble, who formerly headed the department of theology in the Southern Baptist Seminary, Louisville, Ky., was presented to trustees, faculty and student body in the chapel on the 40-acre campus by Howard W. Cole of Beverly, chairman of the board of trustees.

Participating in the exercises was the Rev. Dr. Vaughn Dabney, head of Andover Seminary and dean of the Andover Newton School. The school is the combination of the oldest Baptist and Congregational seminaries in America, both dating back more than 100 years.

Speaking to the student body, comprising future ministers, Dr. Tribble emphasized that "God's design for nature makes it a

## General Halloween Committee Holds Important Meeting

As we go to press, Newton's 1947 Halloween celebration is getting its start-off to-night with an important meeting of the Supporting Committee and Village Co-ordinators, at the Newton Centre Playground House.

Approximately 1500 men and women from every village of Newton will serve on the many committees needed to run the 240 separate parties in which over 10,000 school children of all ages will participate.

The general committee, meeting tonight—from which all other committees stem—comprises the following:

Howard Whitmore, Jr. General Chairman; C. Evan Johnson, Commissioner of Recreation; Mrs. Ragna Hovgaard, Supervisor of Recreation; Mayor Paul M. Goddard; Chief of Police Nicholas Vedeucio; Fire Chief John L. Keating; E. F. Haberstroh, Publicity Chairman; Dr. Homer Anderson, Supt. of Schools; C. Everett Kinchla, President P. T. ## Volunteer Needs

The Volunteer Service Bureau of the Newton Community Council, a RED FEATHER SERVICE, seeks to fill the need for volunteers for library cataloguers and supervisors for the Family Service Bureau and the Newton-Wellesley Hospital.

The Family Service Bureau needs a volunteer with library training or experience to catalogue and index a small library of books and professional publications. This is work that is necessary, interesting and which you could do in your spare time if you have had this special training.

The Newton-Wellesley Hospital needs a supervisor for the hospital branch of the Newton Free Library from 2:55 p.m. daily. Any healthy woman between the ages of 18 and 50 is eligible. If you have a knowledge of books and like to meet people this is the volunteer service for you.

Just a few hours of your time each week devoted to this volunteer service will mean that many people will benefit. If you qualify for these jobs . . . and have free time each week to devote to a worthwhile cause . . . call The Newton Community Council . . . LASell 5121 for further information today!

## LET'S TAKE A TRIP

But we're not talking about a trip to Niagara or any other scenic spot. The trip we're referring to doesn't require that you leave your own home. What you'll see depends on how good or how bad a housekeeper you and your family are, not on what mountains you climb or what you look at.

The kind of trip we're talking about is an inspection through your own house, looking for fire hazards and dangers. The trip is particularly timely at this time of year as we snap out of summer laxness and prepare for fall with its increased activity around the house and an increased chance that fire will strike at the one place you least want it . . . in your home.

So let's go! Check your house from cellar to attic for rubbish and other common fire hazards. Don't kid yourself! You can probably find a few in your home. And it takes only one to cause trouble.

Keep these fire safety tips in mind as you make that inspection tour:

Covered metal cans should be provided to hold necessary collections of rubbish. Remove trash regularly from the house. Where there are accumulations of old boxes, furniture, paper, combustible trash or debris, fires get a quick start. Some kinds of waste material may ignite spontaneously.

Check the heating system (you'll be using it soon) for cracks, soot and clogging. Watch for woodwork and other combustible material near that heating system. Keep ashes in metal containers and shield fireplaces with metal screens.

Use safety matches wherever possible. Keep matches where small children cannot reach them. Provide a liberal supply of adequate ash trays throughout the house. Those dinky little ash trays, shallow and small, are not considered adequate, however ornate they may be. Cultivate careful smoking habits. Do not smoke in the garage, the barn, nor attic. If you value your life, do not smoke in bed.

Replace frayed electric cords and defective electrical equipment. See that proper fuses are properly installed and that lamp shades are at a safe distance from the electric light bulbs which get mighty hot when they are turned on.

Those are but some of the things you should be on the lookout for. The fire inspection trip won't take you long, but it'll pay off. Then, when you do leave your home, you can reasonably expect to find it still intact when you return and not a burned-out shell.

## Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### 1948 Election

Especially interesting to Newtonians is the statement issued by our senior U. S. Senator, Leverett Saltonstall, in connection with the Republican nomination for President in 1948. After taking himself out of the picture, insofar as he can do so, he goes on to name the six men whom he considers to be the leading contenders at the moment. Note the sequence carefully. He names Gov. Dewey first and follows him with Gov. Warren of California, Senator Taft of Ohio, former Governor Stassen of Minnesota, General Eisenhower and Speaker Joseph W. Martin, Jr. of the House of Representatives.

Three points intrigue me, as follows: top position for the New Yorker, Gov. Dewey, second spot for Gov. Warren, whom we hear relatively little about these days, and ANY position at all for the man who may well become the Wendell Willkie of 1948, the ever-popular General Eisenhower.

### Dutch Elm Disease

An increasing large number of citizens of Newton, including many far-sighted, thoughtful men and women, are showing grave concern over the menace of the Dutch Elm disease. The prevalence of this disease is probably not realized by one citizen in a thousand. It hits us here in Newton with special force in view of the large number of beautiful elm trees in the Garden City.

Not long ago the Boston Traveler published a news item to the effect that Milton and Quincy each have over 150 trees infected with this dread disease. In Boston the situation is extremely alarming. The eventual cost of fighting a successful battle there may well run into the impressive figure of a million dollars. What does our government propose to do about this?

### City Election

The Newton Graphic proposes to do its share in working up interest in the coming city election in a number of ways. As you have noticed, your columnist is giving considerable time and attention to the matter. Furthermore, this paper will start next week an informal poll of all its readers, (see page 1) for the purpose of sounding out sentiment throughout the city. You will all have an opportunity to register your personal choice for the all-important office of mayor. It is to be hoped that every reader will take advantage of this opportunity to express his or her opinion. It will not be long now before all three candidates swing into high gear.

### Brady Withdraws

John H. Brady of West Newton stirred up quite a bit of interest in the very brief time between the announcement of his candidacy for mayor and his withdrawal. Had his candidacy continued, it would have disturbed the Edwards forces more than anybody, in my opinion. The Boy aspirations might have suffered to a degree.

### Election Contests

We have a most interesting situation this year. Three new Aldermen and one new School Committeeman are as good as

elected today, without having to bother with a campaign. These men are James E. Murphy, who has no opposition for Ward Alderman in Ward 1, Winfield C. Anderson, who is in a similar position in Ward 7, John C. Beale, who has no opposition as Alderman-at-large in Ward 7, and Gordon B. Russell, who will be the next School Committeeman from Ward 7. Murphy will take the place of Ward Alderman Edward A. Fahey, who, incidentally, has no opposition for Alderman-at-large from Ward 1, where his running-mate will be Alderman Gibbs.

Anderson will take the place being vacated by Mayoral candidate Lockwood, who has served a number of terms as Ward Alderman from Ward 7.

Beale will take the place of Alderman Carlos T. Pierce, present Alderman-at-large from Ward 7. Russell replaces Thomas A. West as School Committeeman from Ward 7.

You will note that three of these four lucky individuals come from Ward 7. So far as I am concerned, this is pure "happenstance."

### Detailed Information

It takes considerable time to dig up vital statistics and other interesting data concerning 46 candidates, especially when there are a few who are not listed in either the phone book, the city directory or the list of Assessed Polls. However, we are well on our way and we hope to present some helpful information well before election day and maybe quite a bit earlier.

One significant fact has already come to light. Of the 33 candidates for the Board of Aldermen, over one-half were born in the decade between 1900 and 1910; in other words, they are between 37 and 47 years of age. The oldest candidate so far is 70 years of age and the youngest is 32. Offhand, it is not likely that the age average of the Board of Aldermen will undergo any profound change next year.

Finally, practically all candidates are married. P.W.C.

## Letter to Editor

To the Editor—  
Since all voters are not as alert as they should be, wouldn't it be a good idea to remind them that they elect school committee members at large? Of course, the voter may vote for only one member in each ward, but, if there is no contest in his own ward, he may forget that there are contests in other wards and he should inform himself of the qualifications of the candidates in order to vote intelligently on this most vital subject, his children's education. A little prodding and a reminder on this score might be a good thing, so that people will realize before they are confronted with it on the ballot that they must make some choice.  
Helen J. Stetson.

## Governor Proclaims 'Child Safety Week'

Massachusetts has joined 23 sister states in the nation in proclaiming the week of September 22, through September 27, as "Child Safety Week," a national project in which the "Tom Mix Safety Campaign" is cooperating with the National Safety Council. Governor Robert F. Bradford's proclamation calls attention to the child safety campaign being waged again this year on Mutual's "Tom Mix and his Straight Shooters" program on Monday through Friday from 5:45 to 6 p.m. over WNAC and the Yankee Network in New England.

More than a score of specially prepared safety slogans and posters will be inserted in the "Tom Mix" format during the week of Monday, September 22, through Friday, September 26, with mayors and other officials of communities served by Mutual stations also heard. There will be no Ralston commercials at all on these programs, for the entire Safety Week.

The safety campaign on the "Tom Mix" show will have two separate facets the need for care on the streets and the avoidance of simple home accidents. Many of these warnings will be made by Curley Bradley, who is the singing-acting "Tom Mix" on the radio show, and will point up the need for watching carefully while crossing streets, what to avoid while playing "in the open," what not to bring during thunder, snow and sleet storms, etc. The home campaign will stress fire hazards (playing with matches) carelessly and dangerously placed toys, avoidance of badly wired electrical gadgets, etc.

Rubber Company, is a member of the Research Committee. Mr. Henry S. Kaplan, 65 Gordon Road, associated with Bonnar-Vawter, Inc., is a member of the Special Activities Committee.

## YOUR MASSACHUSETTS NATIONAL GUARD

With a proclamation by President Truman, and a proclamation and radio address by Governor Bradford, an intensive recruiting campaign for the National Guard gets underway this week.

Nation-wide goal of the campaign is to enlist 88,888 men in the Guard during the two-month period between September 16 and November 16. That will be at the rate of a man-a-minute for two months, and will double the present enrollment of the Guard. Here in Massachusetts the quota is 3575 new recruits.

At the end of hostilities in World War II, all veterans were discharged directly to civilian life with no provision made for the regular training of a citizen-soldier reserve component such as Massachusetts has had for over 170 years.

It was not until last year that the tradition-cloaked National Guard of Massachusetts was reactivated. In little over a year since the activation order in 1946, the Guard has reached approximately one-half its pre-war strength. Accomplishing its present quota will put the strength of the National Guard back to what it was on September 16, 1940, when it was mustered into Federal service. Strength then in Massachusetts was about 12,000 men.

President Truman, in calling upon the Governors of the various states to re-form their National Guard units, set a gigantic

national quota of 682,000 officers and men as a goal. That is more than three times the strength ever before allotted to the Guard. The President also made provision for the state Property and Disbursing Officers to draw uniforms and equipment from regular Army supply sources so that the new citizen army would look as trim and be as familiar with the new weapons as the regulars.

Provision was made for Guard members to draw a full day's pay at Regular Army rates for one two-hour training period per week, and for each of the fifteen days of field training held in the summer. Also, veterans of the last war may enlist in the grade held on discharge if a vacancy exists in their specialty.

In making plans for the recruiting drive, Major General William H. Harrison, Jr., the Adjutant General of Massachusetts, presided over an enthusiastic meeting at the Parker House, Boston, at which the heads of all veteran's organizations in the state pledged their full and continuous support.

A plan whereby posts of the American Legion, V.F.W., and others, will adopt a local company of the National Guard and make themselves responsible for bringing it to full strength, the best organization of its kind in the now underway. The Ancient and Honorable Artillery Company, old-guard, is giving considerable help in preparing a recruiting trailer to tour the state.

## Former Fireman Combines Magic With Demonstration At Fire Prevention Show

Thirty years ago, a young Lynn fireman, paused long enough during a routine inspection of a theatre to watch the mystifying stage magic of the great Houdini. Like the audience, the young fireman was fascinated by the performance, so much so that he was on hand again when Hardeen, another of the Great Men of Magic, displayed his feats of legerdemain in the Lynn theatre.

As a result of these performances, magic became a hobby with the fireman whose chosen profession was the all-important one of fire fighting and fire prevention. Today, the fireman is a former assistant chief of the Lynn department and no longer is active in the field of fire fighting in which he served for thirty years, but in the field of fire prevention, he is still active and into that activity he has incorporated his ability as an amateur magician.

The ex-fireman is E. W. Williams and the way in which he combines magic with demonstration of fire prevention will be seen on Thursday night, October 9, at the Newton High School auditorium when "Fire . . . In Miniature" is presented by the Newton Graphic through the courtesy of the United Mutual Fire Insurance Company with the cooperation of the Newton Fire Department and the Chamber of Commerce. A feature of Newton's observance of Fire Prevention Week, the presentation will be free and will be highlighted by award of a \$50 U. S. Savings War Bond to holder of a lucky ticket, drawn on the stage.

The United Mutual Fire Insurance Company's production graphically presents through use of model homes, factories and garages as well as home equipment, the every day hazards of fire and how it can be prevented. Every scene in this unusual show is produced in miniature and witnesses are perfectly safe. But the reality of cause and effect is present in vivid detail.

Mr. Williams directs the show and presents the feats of magic that have been woven into the production. The magical side of the show, he explains, is incorporated into "Fire! In Miniature" to more forcefully drive home important points of fire prevention. "There is no magic or slight of hand to fire prevention," the former Lynn fire official asserts. "Fire prevention is something everyone can and should do through exercise of precautions in their homes and places of business. We use magic tricks in our show to underline the points we want remembered, to stress the every day presence of fire hazards and to make the audience doubly aware of the fire dangers and menaces to life and property," he adds.

More than \$2500 worth of equipment has gone into "Fire! . . . In Miniature" which has been shown in six states and was developed by the 60-year-old Williams who drew from his vast experience to plan the exhibits. Thus, the United Mutual Fire Insurance Company's con-

tribution to fire prevention is not a guess as to what might happen. It is a dramatization of what has happened, can happen and will happen unless homeowners, proprietors of business establishments, children, as well as grown-ups all exercise care and caution and constantly battle the neglect and carelessness which cause 90 per cent of all fires.

Newton homeowners and residents who attend the free showing of "Fire! . . . In Miniature" at the high school auditorium, Thursday, October 9, will not only see a graphic presentation of the whys and wherefores of fire prevention, but will further see how magic and slight of hand has been skillfully incorporated into the show to illustrate even further the inescapable fact "That Fire Can Be Prevented."

## Large Attendance at Opening of Ballet School in Newton

A large number of children and their mothers attended the opening today of the Paulette Knox School of Ballet, at the Unitarian Church, Newton Centre.

Miss Paulette Knox, of Parker street, Oak Hill Village, who conducts the school is the well known premiere ballerina. She has just returned to Newton from a 3 year engagement as a soloist at New York's famed Radio City Music Hall. Other New York engagements include Billy Rose's Diamond Horseshoe where she was the soloist.

Newton mothers of daughters, who recognize the advantages of ballet training welcome the opening of Miss Knox's school here. Information regarding enrollment, training methods, age limits, etc. may be obtained by telephoning Lasell 8012.

## Bill Cunningham's Book 'Pearl of Her Sex' Now on Sale

BILL CUNNINGHAM

Bill Cunningham, one of the nation's foremost newspaper men, who has just written the widely discussed book, "The Pearl of Her Sex," will make a guest appearance together with Mrs. Cunningham and Alice Dixon Bond, distinguished literary critic of the Boston Herald, at R. H. White's department store, Boston, Saturday afternoon, September 20, at 2:15 o'clock. All three will autograph copies of Bill's book. The public is invited to the informal interview and broadcasts from White's over Station WNAC.

"The Pearl of Her Sex" (really it's Mrs. Cunningham), is a rollicking saga of husband-and-wife life as lived on Millstone-on-the-Neck, (Bill's designation for 42 Sheffield road, Newtonville), written with the delicacy of a two-handed grip on a battle-axe; homey, human, hilarious, by famous columnist with his gloves off, but his heart on his sleeve.

## West Newton

Barclay Feather of 63 Gammons road, Waban, has been appointed to the faculty of the Fessenden School in West Newton. Mr. Feather is a graduate of Harvard University and the Harvard Business School. He served for four years in the Navy.

## W. Newton Resident Open Another Store in Boston

The store opened recently by M. T. Bird and Company, stationers, at 135 Newbury street, offers a new adventure in retail selling with every attempt made to remove commercial pressure.

Since 1885, this concern, founded by Mellen True Bird, has been noted in the social stationery field in New England. It is now operated by his two sons, Philip and Courtney Bird. The main store, creative art studio and work rooms on West street and a small branch store at Coolidge corner, Brookline, offer other convenient shopping locations. Courtney Bird resides at 276 Highland street, West Newton.

At the heart of the new shop in a secluded area, mothers and debutante daughters may relax in comfort while deciding on a date for their party which is listed in the Bird Engagement Book. Applications for Bird's Debutante List, published each June, also may be filled out there. Mrs. Roger Bird, widow of a third brother, who was formerly a member of the firm, is in charge of this new shop.

## NEWTON IN THE PAST

From the Files of The Newton Graphic

From the Files of the  
Newton Graphic

55 Years Ago—Sept. 16, 1892  
NEWTON—The reservoir on Hiram Barker's land, Galen street, has been completed. It will furnish the water supply for his starch works.

COTTAGE HOSPITAL NOTES  
—There are now twenty-one nurses engaged at the hospital, some of whom are pupils under instruction, and some are qualified to answer calls for nursing in our city when not on duty at the hospital.

A few cases of typhoid fever have already come in this fall. There may be others after a while unless great care is taken by those who are exposed to this disease, which seems to be especially prevalent in the fall.

EXTENSION OF TIME  
The Newton and Boston Street Railway asked for an extension of time in the construction of their tracks on Homer street, because of the sewer now constructing there.

On Alderman Coffin's motion the petition was tabled.

NONANTUM—About fifty persons belonging in this village were aboard the ill-fated train on the Fitchburg road, last Saturday evening, several of whom were slightly injured. Mr. Andrew Doyle and his son, Edmund, are the only ones receiving any serious injury.

50 Years Ago—Sept. 17, 1897  
NEWTON UPPER FALLS—A severe thunder storm Monday afternoon, caused considerable damage in this place. The silk mill boarding house was struck, and the roof of the building was badly wrecked. Several trees and large amounts of shrubbery suffered.

NEWTON—P. A. Murray is building for Stanley Brothers a two-seated electric carriage. The steering apparatus and motor regulator is directly in

front of the occupants. The carriage will be propelled by a chain and sprocket running from the motor, which will be supplied by power from a set of storage batteries in the rear of the body of the vehicle. The wheels will be of the regular pneumatic sulky pattern.

NONANTUM—The matter of constructing houses of alleged improper material on Beach st., an account of which was published in the GRAPHIC, has been brought to the attention of the city government. At the meeting Monday evening a special committee was appointed to consider the matter.

WABAN—Electric lights are to be put in at the depot in a few weeks.

NEW DRINKING FOUNTAIN  
To the Editor of the Graphic:  
I see by the papers that Mr. Coffin is to give our good city a drinking fountain with this inscription:

"Welcome stranger, of every Country, clime and creed,  
Quench your thirst, then do  
Some good deed."  
This is wholly praiseworthy as to its spirit if not as to its poetic beauty, and suggests, as it indeed almost wholly equals the following lines that used to adorn a drinking trough in a Maine town of my remembrance: Crystal fountain, pure as can be,  
Better far than rum or brandy;  
If these lines excite your fury:  
Let your horse be judge and jury.

H.S. Kempton

35 Years Ago—Sept. 27, 1912  
This is Electric Day. People must now live in the Electric way in order to keep up with the pace everywhere set in the hustle and bustle of life. To be efficient one must be comfortable and happy; to be efficient one must have the best tools to work with and they are all here now at the Great Electric Show.

## Kiwanis Club

Mr. Arthur T. Lyman, well known throughout the state for his activities in the field of human relations, told the Newton Kiwanis Club, Wednesday, at the Y.M.C.A., of his experiences during the 10 years as Commissioner of Correction, President of the Massachusetts Division of the Cancer Society, President of the Norfolk House Center and as President of the Boston Committee for Education on Alcoholism.

Also President of the Bay State Schools Incorporated, Trustee of the Judge Baker Guidance Center, Director of the Junior Achievement School, Mr. Lyman, speaking principally on cancer, declared there are but two types of the dread disease that, to date, are yet to be cured.

The first of these, adult cancer of the liver, he said, will respond to a 'cure' now in the offing and will be eliminated as an 'incurable' in the near future. The second, cancer of the blood stream is, as yet, eluding a successful cure. Cancer, principally a disease of old age, he said in conclusion, can be conquered quickly when the public learns to take the cancer test without delay. . . and funds to spread the knowledge are needed.

Members of Newton Kiwanis attending the Kiwanis Convention, at Poland Spring, last week, won first prize at the costume ball. Archibald Bellinger and Robert Wilcox, dressed as Floradora Girls, assisted greatly in the winning. . . Bellinger challenged to play golf by John Janse, Cape Champion, borrowed shoes and clubs from fellow Kiwanians defeating champion Janse with ease. . . Gorton is becoming a popular summer resort of Newton Kiwanians Harold Pillsbury and James Riggs maintain summer homes there. Color photos of Harold's place, within a few yards of the water, show an attractive summer setting. . . Rev. Frederic Groetsma, John Cable, Clarence Hutchings and Walter Finlay entertained with song. . . James P. Gallagher was reported at home ailing with a cold. . . William Small attended the meeting as the guest of Rev. Frederic Groetsma. . . Program director Thomas Lyons announced Mr. Kenneth Kelly, Massachusetts Federation of Labor Official, will be speaker at next week's meeting.

## Upper Falls Garden Club

The members of the Newton Upper Falls Garden Club will meet at the home of the President, Mrs. Henry A. Sharrott, 48 Cottage street, Newton Upper Falls on Monday, September 22 at 7:30 p.m. The hostesses will be Mrs. Sharrott, Mrs. George Braceland, Mrs. Robert Miller. Roll Call—Members will bring some flowers and a container. Mrs. Hopf of Wellesley Hills, Mass. will give a demonstration of flower arrangements and will show the members how to arrange their flowers. Refreshments will be served by the hostesses.

## Newton Newcomers Club

Seven new members of the Newton Newcomers Club were entertained by the Board members at the home of their president, Mrs. Forrest F. Lange, at Cohituate Lake on September 12.

Mrs. John A. Long, chairman of the membership committee, introduced the following new members: Mrs. George Wilson, Mrs. Walter Bird, Mrs. Gerald Skulley, Mrs. Loring Litchfield, Mrs. John Day, Mrs. Paul Cronk, and Mrs. Charles E. Batchelder.

Mrs. Daniel Lacy, social chairman, planned the afternoon of dessert and bridge, with clever prizes for the bridge winners.

## Newton Man Is Radio Director For Comm. Fund

Harry D. Goodwin, 1778 Washington Street, Auburndale, who is Promotion, Merchandising and Publicity Manager of radio station WCOB, Boston, has been appointed Radio Director for the Greater Boston 1947-48 Community Fund.

## Tuesday Eve. Club Begins Fall Program

The Fall activities of the Tuesday Evening Club of the Church of the Messiah, Auburndale, are getting underway, the date of the first meeting to be on October 14th in the Church Parlors. Informal weekly gatherings are now being held at the homes of members for the purposes of sewing on articles for the approaching Fair in December. The meeting this week was held at the home of Mrs. Wendell U. Hutchinson, 206 Melrose Street, Auburndale.

One of the major projects of the Club in the form of a Children's Clothing Exchange will be resumed on Wednesday, September 24th from 10 a.m. to 3 p.m. in the Parish House. Good used clothing at reasonable prices will be on sale and the Exchange will be open on subsequent Wednesdays throughout the Fall and winter seasons.

## Amesbury Post V.F.W.

Lt. Stanton M. Amesbury Post, V.F.W., is working in close co-operation with the American Red Cross in the blood donor drive to create and sustain the Massachusetts Blood Bank. Individual members have been generous in their response for donors and the post is planning an active campaign to canvass and secure pledges from the residents of Auburndale to assist in obtaining the quota set by the State and the Red Cross for the City of Newton.

The first of four winter dances will be held at the Auburndale club on Friday, October 3. Music will be furnished by the popular "Paul Ambler Orchestra" and the tickets entitle the purchaser to participate in the drawings for valuable prizes. Subscription is \$1.50 per couple.

The next regular meeting of the post will be held at the post quarters at Riverside Recreation Hall, Tuesday, September 23, at 8 p.m.

## Newton Lodge B.P.O.E.

Newton Lodge of Elks at their meeting on Thursday night accepted as new members Basil Fiore, Joseph Ferrasi, Salvatore Toscano and Salvatore J. Barbo. Initiated were five new members, James J. Noon, James V. Matherway, Wilfred G. MacPherson, Rance Flanagan and Anthony F. Lucenti.

Archibald Connelly was named as chairman of the committee in charge of a day of fishing and relaxation on September 27 for which the lodge has chartered a steamer.

Esteemed Leading Knight Thomas McEnaney reported for the social and welfare committee on the penny sale which was held at Norumbega Park on September 4 which he stated was a financial and social success. He expressed the appreciation of the Lodge to all who helped with arrangements and also to the ladies of the Emblem Club who assisted.

Heavy frosts in Spring hit the vineyards of Turkey, severely damaging some 15,000 acres of grapes, the Agricultural Department was informed.

## Many Citizens Volunteering As Workers In Salvation Army Drive

In the Newton Division of the Salvation Army's Greater Boston Appeal for \$500,000, much progress has been made in the organization of the separate village groups of volunteer workers. A number of the villages are 100% organized, according to Mrs. Louis F. Billings, Executive Secretary, and others are within sight of their goal.

Newton Upper Falls and Waban are the latest to join the "complete" list; and their set-up is as follows:

NEWTON UPPER FALLS—Chairman, Miss Grace G. Hunt; Vice Chairman, Mrs. Robert B. Proctor; Workers: Mrs. Arthur J. Batey, Miss Helen Marie Browne, Mrs. Harry H. Brookins, Mrs. Ralph E. ## Trojan Club Raises \$332 for American Cancer Society

The Massachusetts Division of the American Cancer Society has benefitted to the extent of \$332 from the generosity of the Trojan Club, well known boys' club of Brookline and Newton teenagers who raised the money by holding a dance.

Rodger Stern, President and Jerry Birnbach, Treasurer, presented checks totalling that amount to Arthur T. Lyman, President of the Society, saying the club had voted to give the money for the fight against cancer because they felt "that's where it is most needed".

The Trojan Club held their highly successful dance last April at the Hotel Bradford, using the clever slogan "Be a Dancer and Fight Cancer", which enticed over 300 couples to participate. Prior to the dance, the boys published and sold 350 copies of a booklet with information about their 16 year old club and about the dance they were giving; the money earned through advertisements placed in this book by local businessmen paid for the expenses of the dance, and the \$160 per couple admission fee made up the \$332 contribution to the Massachusetts Division of the American Cancer Society.

The club has approximately 35 members, all of whom worked hard to make this generous venture a success. The officers at the time of the dance were Elliot Slater, President; Bert Waldstein, Vice President; Roger Stern, Secretary; and Jerry Birnbach, Treasurer.

Mr. Lyman assured the Trojan Club members that their money would be put to excellent use to battle cancer on all fronts of research, service, and education. He stated that it is particularly gratifying to give to the American Cancer Society at this time when so many researchers seem to be just on the edge of important discoveries, as was demonstrated by the encouraging news arising from the International Cancer Congress just held in St. Louis.

In expressing his thanks, Mr. Lyman told the boys that their best thanks will come from the knowledge that they are actively helping to save lives.

## Army Offers Training To Young Men

High school graduates are now being offered the opportunity of all time to learn a trade at Army Schools, it was announced today by Major Douglas A. McKillop, Commanding Officer of the Army and Air Force Recruiting Station, 55 Tremont Street, Boston.

"Effective 15 September 1947, the New Regular Army has authorized the enlistment of High school graduates for training at many Army Schools," said Major McKillop. "It will now be possible for the man with a high school education to enlist for training at these schools where he can take up subjects that range from watch repair to the operation of heavy construction equipment."

In order to be eligible for this training a young man must be between the ages of seventeen and thirty four, must have a high school education and be otherwise qualified for Regular Army enlistment.

## Dr. Chase To Speak At Mason School

Dr. Lynwood Chase, famous educator, will be the speaker at the first open meeting of the Newton Centre School Association on Tuesday evening, September 30, at 8:00 o'clock in the Mason School Auditorium.

His subject concerns a problem we all face today—how shall our children be trained in elementary school to meet the modern world which is so different from that in which we grew up.

The Newton Centre School Association extends a cordial invitation to members of other Newton school associations to hear Dr. Chase.

## "Sound Business Administration Newton's Need"—Edwards

That Roy S. Edwards, Mayor, candidate definitely views Newton in the light of big business is evidenced by his statement that "so many of its problems are business rather than political that they must be studied and acted upon sound, business lines."

"I feel this so sincerely," said Mr. Edwards, "that I hope the citizens of Newton, in the best interests of their fast-growing city which faces the multiple problems that beset any large community, will not delay too long in adopting a satisfactory form of council management government."

"Meanwhile, if elected, I shall endeavor to conduct the affairs of the city according to the same progressive methods as are practiced in successful businesses everywhere."

"That means of course, devoting my full time to the office. And to do that I shall, as I have frequently said, immediately dissociate myself from active participation in my own business. As full-time Mayor, I will have the time to take the untold, existent opportunities to investigate the possibilities for correction or improvement in our many departments and in our other divisions of our governmental structure."

"I shall, above all, carefully watch expenditures. Before expenditures are authorized, I shall weigh the income available against the importance of the emergency under consideration, and let facts and figures govern my decision. In addition, I intend to encourage systematic, long-range planning budgeting, which are vital to the sound development of a rapidly-growing city and which are, unquestionably, the essence of any well-managed enterprise."

## Newton High School Notes

A new driver education course will be introduced this year at Newton High School. This course will consist of classroom lectures and discussions, road work in a dual control car, a knowledge of the car and its mechanical safety features, the rules of the road, and safe driving practices. The north side of Commonwealth avenue between Exeter and Temple streets, and the east side parkway, opposite the Cabot School, will be used as the driver-training area. These roads will be properly marked and set aside by the Newton Police Department.

The course will be taught by Mr. Edwin H. Wiest, a member of the Newton High School staff. Mr. Wiest is a graduate of New York University where he majored in the field of Safety Education. He has had much experience in this field, having been associated with Dr. Herbert J. Stack, director of the Center for Safety Education at New York University. Mr. Wiest was a teacher of disabled veterans last year in New York City.

There will be no expense to any boy or girl of the Newton High School who is accepted for this course. Each student must be 16 years of age and have one full block of study periods per week. It is expected that on satisfactory completion of all work the student will immediately apply to the Registry of Motor Vehicles for a Massachusetts driver's test.

Tryouts for cheerleaders for 1947-48 were held last week in the high school gymnasium. Because of the unusually large number of talented applicants, final selections were most difficult to make. The new members are to be Priscilla Cook, Faith Percy, Madeline Stewart, David Osborne, and John McAloon. Returning members of last year's squad include: William Murdoch, head cheer leader, and Carol Hartford, Cynthia Leach, and Shirley Sieberg.

Jerome Eisenberg, formerly of Central High School in Philadelphia and a winner of one of the Westinghouse sectional scholarships, was a visitor at Newton High School during the week. While in the city, Eisenberg paid a visit to Martin Karplus, Newton High School Westinghouse winner of last year. Both boys will enter New England colleges to begin their undergraduate study this month.

The shorn wool output in the U. S. this year was the lowest since 1925—256.3 million pounds—eight per cent less than in 1946 and 29 per cent below the 1936-45 average.

Onyx, quarried in Arizona, is used for table tops and interior decoration.

## New Girls' Club Organized

Pioneer Girls, a nationally organized Girl's Club has been organized at the Second Baptist Church, Ellis street, Newton Upper Falls.

The club will be divided into two age groups. Girls attending the third, fourth, fifth, and sixth grades, or between the ages of 8 years and 11 years, will meet at the church, every Tuesday at 3:00 p.m. starting September 23, 1947, with their first meeting.

The senior group will be for girls between the ages of 12 and 14 years attending junior high school. They will meet at the church on Thursday, September 25, at 3:30 p.m.

It is an interdenominational group and the exciting activities include games, handicraft, ranks and badges, songs and Bible exploration. All girls are invited.

## Rotary Club

Forest H. (Tommy) Thompson of Athol, governor of the 197th District of Rotary International, was the speaker at the meeting on Monday of the Newton Rotary Club. He was introduced by Harold Gores and was accompanied by Harry Starr of Waltham, club Counselor for Newton in this district.

Speaking of several impressive experiences he had in his recent trip to the international meeting at San Francisco and Sun Valley, he told of how a helpful stranger had taken the time to show him about downtown Chicago—and that this stranger turned out to be Chesley Perry, for 34 years secretary of Rotary, as the international aspect of the train trip and of the meeting of 15,000 in San Francisco and 200 in Sun Valley.

He spoke of Gil Pouyatt, first vice president of Rotary International, and the magnificent work being done by his Manila Rotary. In closing he pointed out that we are in a unique position to aid and foster international fellowship; that if we are to have peace, we must foster a strong United Nations and as long as a need in the line of health, education, peace or any other civic endeavor exists there is still a place for Rotary.

## Warren Junior High School Notes

Monday, September 8, marked the beginning of the Levi F. Warren Junior High School's twenty-first year of service to the boys and girls of West Newton, Auburndale, and Newton Lower Falls. With a total enrollment of 754 pupils, Junior I tallied first with 276 pupils, Junior II second with 247, and Junior II the smallest class with 231. Forty-eight pupils were transfers from other schools in Newton, from Cohasset, Melrose, Medford, Concord, Boston, Watertown, Springfield, Wellesley, Quincy, the states of Pennsylvania, Virginia, New York, and the District of Columbia.

Miss Esther Pepin, teacher of English, returned after spending a year as exchange teacher in Seattle, Washington. Mr. James F. Onthank, who served five years in the naval air forces as Lieutenant Commander, resumed his former position as Junior III mathematics teacher and Junior III Counselor for Boys.

At a tea on Thursday, given by Miss Gertrude Hasty, an official welcome was given to six new members of the faculty. Mrs. Katherine Barton of Cambridge is filling the position as substitute in the Home Economics Department. Miss Rosemary Warren, coming from New York State, has taken over the classes in Latin and General Language taught last year by Miss Claire Ashley who was transferred to the Newton Senior High School. Miss Marcia Crombie who has been associated with the Little Wanderers' Home in Boston the past two years, has assumed the duties of Helping Teacher at

Warren. Boys' Physical Education Department this year is under the direction of Mr. John Pennington, a native of Ossining, New York, and a graduate of Springfield College.

In addition, two teachers who have previously substituted in the city have been appointed to Warren for this year. Mrs. Dorothy Huss is teaching seventh grade mathematics in place of Miss Sally Fleming who transferred to Bigelow Junior High School. Mrs. Dorothy Prien, has taken the position in the Art Department left vacant by the resignation of Mrs. Eileen Glodt. Although the school year is only a few days old school activities are well under way. Instrumental music classes, glee clubs, and athletic teams are being organized. The work of all regular classes is well under way, and plans are already being made for a Parents' Go-To-School Night in October.

## NEWTON FIRE DEPARTMENT

### FIRE PREVENTION SERVICE

A community is only as safe from fires as its inhabitants will cooperate to combat the existing hazardous conditions which prevail in the individual homes. They may have the most efficient and modern fire department possible, but if the householders do not eliminate the breeders of fires, all that the department can do is to continually fight these unnecessary fires, and fire losses will grow proportionally.

There are certain laws that respect the rights of home owners whereby the inspection of homes can not be accomplished without their direct consent. Merely because this is so it should not give some people the idea to flaunt all types of safety rules and regulations and common sense, which after all, have been compiled to help improve living conditions.

Unless the individual realizes that a fire can destroy his property and even himself, it is hard sometimes to arouse them from their lethargic state of mind, that it won't happen to him. Generally speaking many of the simple hazardous conditions found in the average home can be corrected by merely cultivating safety habits. Doing the right thing should be just as easy as doing it wrong, because at some time it must be corrected. Consider for a moment these items:

The disposal of rubbish safely in a container outside of a building instead of throwing it in a heap in the cellar, hoping that someone else will remove it. What would the results be if, somehow, late at night a match was dropped into it?

The placing of newspapers neatly in a pile, instead of dropping them on the cellar stairs to slip down themselves. This is a great aid to spreading fire. The use of metal containers for hot ashes instead of placing them on the floor or into a combustible container with the possible result of an unwelcome disaster.

The disposal of worn out articles, either to a reclaiming agen-

cy or in the rubbish collection. If they are worth keeping store them neatly, don't just drop them where they are.

Keep all stairways free and clear of all articles so that they will not help a fire to spread upward and so that you will not fall over them and get hurt. This also applies to the cellar and attic stairways as it is usually in these places the fires start or extend.

Keep all articles neatly with a clear passage to all sections of the building including the attic and cellar.

Dispose of all rags that have been used with oil and paint as soon as possible either outside or in a tight metal covered container.

Keep the yard next to the house clear and free of combustible material such as papers and grass so that they cannot catch on fire from a spark and start the building.

The practice of doing these simple things requires little or no money, just the expenditure of a little time on our part. Yet if these things were done they would materially reduce our fire losses here in Newton and save the much needed homes or an expensive repair bill or maybe save a life.

## Blood—

(Continued from Page 1)

tion, adds his endorsement by issuing the statement that "The Newton Ministers' Association gladly sponsors the Blood Program of the Newton Chapter of the American Red Cross. The Association is cooperating in every way possible and urges that the members of the congregations respond to this great humanitarian undertaking."

New techniques in surgical and convalescent treatment requiring either the whole blood or its important fractions necessitate that hospitals always have available a minimum number of units and fractions thereof. The recent case of the new-born twins whose lives were saved by the medium of complete transfusions is only one illustration of the miracles worked by doctors who have available resources of human blood. As no substitute has been found for the latter it is essential that donors continue to replenish supplies. This is protection for the donor himself, his family, and the community.

Call Lasell 6000 for appointments on October first and second, from one to seven in the afternoon; and October third, from ten in the morning to four in the afternoon.

## Weather Course at Newton Y.M.C.A.

Henry R. Lever, meteorologist, weather forecaster, and air traffic control expert, will conduct a series of eight one-hour discussions at the Newton Y.M.C.A. on the factors contributing to our much-talked-about weather.

The class begins on Monday evening, September 29th, 1947, at 7:30 p.m. It is open to both men and women.

Registrations are limited.

cosmos, an orderly universe with symmetry and purpose, but man's behaviour has made it a chaos, a mighty jungle of conflicting forces.

"The world is in tragic confusion," he said. "We are not able to agree on peace treaties. We cannot solve industrial problems. Intemperance, drunkenness, gambling, and immorality are increasing. Divorces are multiplying."

"Fear is the dominant motive of our day. Business and labor are afraid of each other. People with money are afraid to invest. Nations are afraid of each other. Governments are afraid of the people."

"The need of the hour is for courage based upon true knowledge. The truth that our generation needs to learn is that in Christ the universe is a harmonious whole."

"Now we are being forced to the realization that the moral character of the universe is more important than its physical structure. The structure of an atom of uranium is important, but of vastly greater moment is the use that may be made of uranium."

"There is no need for physics to quarrel with chemistry, or for biology to battle with astronomy. Nor is there any need for science and religion to engage in conflict. Truth is truth, wherever it is found."

"The reverent application of the moral and spiritual meaning of the universe is the hope of society. Fascinating indeed will be the story of the achievement of a world community where war will be outmoded and the welfare of every individual will be respected in the social pattern of the nations."

"Jesus Christ remains the hope of the world. His plan and power of redemption for every individual must be wrought into social, national, and international behavior. It remains eternally true that 'In and through Him the universe is a harmonious whole.'"

**PIONEER IN NURSING EDUCATION:** Sister Marclana of Boston's Carney Hospital observed on Sunday her 50th anniversary as a nun, 37 of these years as superintendent of the School of Nursing at famed Dorchester Heights institution. Mrs. Helen M. Hackett of Boston, her first graduate, presents fifty roses, a spiritual bouquet and a purse on behalf of Carney alumnae association. The purse Sr. Marclana at once contributed to fund to replace worn out Carney hospital building. The committee for Sunday's alumnae reception included Miss Anne McPherson and Miss Josephine M. Curtin of Newton.

## Girl Scouts Plan Neighborhood Training Days

Training opportunities for new and experienced leaders and adults interested in Newton Girl Scouts, a Red Feather Agency, were announced in detail yesterday at the first fall meeting of the Newton Girl Scout Council by Mrs. Elliot C. Laidlaw, training committee chairman.

Initial basic training for every new Girl Scout Volunteer, before beginning active leadership with a group is being given in Waban this week and in Newtonville, September 23rd at the home of Mrs. Ralph Smith, 40 Washington Pk. at 9:30 A.M. Other opportunities for this initial introduction to Girl Scouting will be given as needed during the next two weeks.

During the month of October there will be Neighborhood Training Days scheduled in each village within the Girl Scout Newton Council. These Neighborhood Training Days are planned especially for experienced Brownie and Intermediate leaders and assistant leaders, for Troop Committee Members, and other interested adults. In each village there will be four sessions running from 9:30 to 11:30 in the morning and from 1:30 to 3:30 in the afternoon of two days.

The first session will demonstrate How Long Term Program Planning is carried out in Girl Scouting. The second session will deal with handicrafts and troop committee activities. In the third session Girl Scout badge work and Second and First Class standards for troops will be discussed and demonstrated and Program Fields for Brownies will be presented. The fourth meeting will be a discussion and evaluation of a year's plan of work, made up by the students in the course.

Assisting with this training program will be the following trainers: Mrs. Kenneth Crafts for the Senior Program, Mrs. John White for the Teenage Group, Mrs. Earl P. Bourne for the Brownie, Mrs. Robert G. Toher for Arts and Crafts, Mrs. Dwight P. Merrill and Mrs. Walter Mueller for Troop Committees and Girl Scout Staff members: Miss Elizabeth Richardson executive director, Miss Mildred Kuntz and Miss Josephine McDonough, field directors.

Neighborhood Village Training is scheduled as follows:

totalled well over \$1,000,000. The goal is merely an objective for the 40,000 campaign solicitors, an objective which it is their purpose to exceed by as large an amount as possible in order to bridge this gap brought about by rapidly rising costs in recent years. "Beat last year" is the challenge unanimously accepted by campaign leaders in the various divisions and chairmen of the metropolitan cities and towns.

"The Red Feather Services exist for, and affect the lives of, all the people of Greater Boston," Mr. Theopold asserted. "Last year they served over 400,000 men, women and children and vitally affected all of us indirectly. It is, therefore, the responsibility of each one of us to decide the extent of our generosity in helping to maintain a strong, sound community by supporting these services. The measure of our success will be how close we can come to caring for this full need of Red Feather Services through extra sacrifices of working and giving."

The advance gifts division in the Newton campaign will hold pre-campaign meetings at the homes of the village chairmen, beginning Sunday, September 21. At these meetings, E. Graham Bates, Newton chairman, Dwight C. Arnold, division chairman, and H. J. Pettengill, executive director, will present the needs for the coming year and lay before the workers in this division the methods of procedure.

The meetings for advance gifts workers have been arranged as follows: Sunday, September 21, 3 p.m., Newton workers at the home of George M. Shannon, chairman; 5 p.m., Oak Hill workers at the home of Eric A. Bianchi, chairman; 8 p.m., Auburndale workers at the home of Irving B. Kolley, chairman; Monday, September 22, 8 p.m., Newton Highlands workers at the home of Ferdinand B. Brigham, chairman; Tuesday, September 23, 8 p.m., Chestnut Hill workers at the home of Elwyn G. Preston, Jr., chairman; Sunday, September 28, 5 p.m., Newton Centre workers at the home of Halvor R. Seward, chairman; 8 p.m., West Newton workers at the home of Archie A. Rogers, chairman; Monday, September 29, 8 p.m., Waban workers at the home of Roger B. Salinger, chairman.

Total worker enrollment in Newton as of Tuesday noon was 896 and Mr. Bates confidently expects that by the end of this week at least 50 percent of the 2500 total workers in the campaign will be enrolled. A schedule of worker enrollment has been prepared and the objective for complete enrollment is October 7, which is approximately two weeks before the opening of the residential campaign.

The advance gifts, manufacturing, mercantile and municipal divisions all have their plans laid for solicitation starting shortly after the first of October. It will be the objective of these divisions to report at the opening dinner as high a percentage of their goal reached as possible, to give a lift to the residential workers when they start out on October 24.

Working as it does entirely in the field of government, and legislation, the League may either support or oppose issues which are up for public consideration or legislative action. It does not, however, either support or oppose individual candidates seeking office. So strictly adhered to is this rule that any League member holding an office in the League automatically resigns from that office and does not hold office with the League during any period when she is seeking election to or holding a public office.

Her standing as a regular member of the League, however, remains unchanged.

A recent example of the carrying out of this policy was seen in the resignation from a League chairmanship of Mrs. Helen Leses of 33 Hancock avenue, who announced her candidacy for the position of alderman from Ward 6.

Although the League as an organization is non-partisan, its members as individuals are urged to take effective part in public and political affairs, acting according to their personal convictions and preferences.

Further announcements regarding the service to voters will be made at a later date.

### FREDERICK SAYFORD BACON

When the Newton Young Men's Christian Association recently told its members about a proposed fund to rebuild Y's in devastated countries, a small eleven-year-old boy listened, wide-eyed and absorbed. He sought out one of the officials afterwards and said: "I want to give half the money I'll receive on my birthday to help other fellows get another Y just like ours in Newton." Then the youngster went home and talked up the need so enthusiastically that his family contributed three times the usual amount for his birthday gift!

This is a cherished story of the Y.M.C.A.'s president, Frederick Sayford Bacon, of 42 Hyde avenue, Newton. Now in his sixth year as its leader, Mr. Bacon can be truly proud of its current record. For the first six months this year, the boys' department had the highest percentage of participation for any Y.M.C.A. in our country! An outstanding record for this Red Feather Agency!

But through the entire Bacon family there has long run a vein of public service. Both his grandfathers worked arduously for young men. Samuel M. Sayford, state secretary of the Y.M.C.A., toured colleges and cities in connection with "Y" work in the 1880's. Joseph N. Bacon, the other grandparent, worked to assist many young men through college. The late Judge William F. Bacon, his father, held a sustaining membership in the Newton Y. And now, both Mr. and Mrs. Bacon carry on the tradition. She is active in the work of the Women's Auxiliary, lending her charm and ability to building up various phases of "Y" work.

The other members of the Bacon family include Bessie Rilla, graduate of Vassar, now supervisor of reservations for the Boston office of Eastern Air Lines. Her brother, William E. Bacon, has entered Harvard University, following his graduation from Wilbraham Academy. In his Harvard matriculation, "Bill" follows his grandfather Bacon, who was graduated there in 1885, and his father in 1915, who majored in chemistry. This led to the business which Mr. Bacon has organized—the Frederick S. Bacon Laboratories, chemical consultants, in Watertown.

"Most Newton people are familiar with the Y building at 276 Church street," explains Mr. Bacon. "But visitors marvel at our huge playground area. At one time there can be held 3 outdoors soft ball games, 2 baseball games, a quarter mile track race and 4 tennis games in addition to swimming, bowling and other sports."

Mr. Bacon's enthusiasm is contagious. A tall, well-built man, he radiates sincerity and consideration of others. You feel that he takes a scientist's approach in checking every fact carefully before he speaks.

"In the last three years there has been a tremendous growth of community work at the Y," he continued. "We feel that it is an all-Newton institution, not just for its immediate vicinity. So we've supervised group play in areas distant from this building, such as in Waban, West Newton and Auburndale. More of this is planned for other city playgrounds and school yards."

"How old must a child be to join the Y?" I wanted to know. "The boys' division begins at 8 years. When he reaches 15, he goes into the youth group. At 18 he can move into the men's

group. Altogether these members, with 467 from the 3 villages I just mentioned, make a total membership of 2,232. And last year there was a total participation of 71,555!"

"How many people live in your dormitory space?"

"There are 47 men occupying our 36 rooms," Mr. Bacon replied. "We also list rooms in private homes so that no applicant need be turned away. We try to fill many community needs. Recently, over 1500 ex-servicemen were given a 3 months membership. Many non-members use our facilities, such as churches, Scout groups, the Kiwanis Club, the Lions Club, the Newton Corner Business men's Club, etc. Every Friday afternoon during the school term, girls activities are scheduled under the guidance of our financial secretary, Miss Marjorie W. Aldrich. But our pool is a city wide favorite. Recently over 800 men and boys were taught to swim. And 52 qualified for Jr. and Sr. Life Saving Certificates."

"And the Y operates several camps, I understand."

Never at a loss for statistics, Mr. Bacon said, "Yes, 669 boys registered at our two day camps, Massachusetts and Chickamauga, and at Camp Frank A. Day. These were ably directed by Frank M. Simmons, head of physical education at Newton High. We operate 2 clubs at the high school, besides dozens of clubs here for those interested in public speaking, crafts, music, contract bridge, etc. In all this program the Women's Auxiliary, under the able leadership of Mrs. Alban F. Rosene, gives wonderful help. But we need more funds for maintenance and expansion."

"Are your dues large?"

"On the contrary, exceedingly small. But 26 per cent of our income is received from the Newton Community Chest. So, when

## Aldermen Appropriate Funds For Increase in Former City Employees' Pensions

The Newton board of Aldermen on Monday night appropriated the sum of \$2800 for pensions of former city employees who by a recent act of the legislature were allowed a 20% increase in pensions.

Other appropriations made included \$9,000 for street construction on Lowell Avenue, Ward 2; Derby Street, Ward 3, \$5500; Wolcott Street, Ward 4, \$10,000; Clark Street, Ward 5, \$24,000; Woodcliff Road, Ward 5, \$500 additional. Also for maintenance of sidewalks, \$5,000 additional; maintenance of drains, vate land, Dedham Street to Ledgewood Road, Ward 5, \$3,500 additional.

For the purchase of 100 folding chairs for the new hall in the Plummer Memorial Library, Auburndale the sum of \$348 was voted. For additional pay for part time assistants in the Library Department the sum of \$4500 was appropriated, part of which will be returned to the treasury.

## Workers Cover City in Salvation Army Appeal

That Newton citizens are ready to back any community enterprise with their time and energy is being demonstrated again in the present Salvation Army Appeal, which aims to raise \$500,000 in Greater Boston. In every Newton neighborhood teams of workers have been organized and more are joining daily, assuring complete coverage and the certainty that the city will reach its quota, and even exceed it.

The list of workers most recently added, as reported by Mrs. Louis F. Billings, Executive Secretary, is as follows:

Oak Hill—Chairman, Mrs. Edward S. Colton; Vice Chairman, Mrs. H. John Lucier; District Chairman, Mrs. William M. Whitney. Workers for Mrs. Whitney: Mrs. Howard P. Kling, Mrs. R. W. ## Roy S. Edwards States His Creed

MY CREED  
To live as gently as I can;  
To be no matter where, a man;  
To take what comes of good or ill  
And cling to faith and honor still;  
To do my best and let that stand  
To record of my life and hand;  
And then if failure should come  
Still work and hope for victory.

To have no secret wherein  
I stoop unseen to shame or sin;  
To be the same when I am alone  
As when my every deed is known;  
To live undaunted, unafraid  
Of any step that I have made;  
To be without pretense or shame  
Exactly what men think I am.

To leave some simple mark behind  
To keep my having lived in mind;  
If enmity to aught I show,  
To be an honest, generous foe.  
To play my little part not white  
That greater honors are not mine.  
This, I believe, is all I need  
For any philosophy and creed.

## Community Council Meeting Oct. 16 to Discuss Food Crisis

The Fall Meeting of the Newton Community Council will be held on Thursday, October 16, at 8 p.m. in the Y. M. C. A. auditorium. Glenn Craig, Assistant to the Under Secretary of Economic Affairs, State Department, Washington D. C., will address the delegates and friends of the Newton Community Council.

Mr. Craig will speak on the world food situation, the key problem in postwar global rehabilitation. A panel made up of Newton citizens representative of nutrition, newspaper, retail grocery, and the housewife who does the marketing will then carry on a round-table discussion based on the question as it affects the average individual.

William M. Cahill, chairman of the Council, will preside at the meeting. The public is invited to attend. Further details of the program will be announced shortly.

## Keeping the Home Fires Burning

In 1946, 450,000 dwelling units were built. That was good! In 1946, fire destroyed 325,000 dwelling units while forest fires, blazes in lumber yards, planing mills and saw mills deprived the United States of enough lumber to build at least 150,000 permanent houses. The net result was that last year fire destroyed more homes and home material than the number of new homes built. And that was bad!

The current housing shortage is bad enough without adding to it. And that very same housing shortage provides reason for an increase in fires and fire deaths. To beat the shortage, we cut up large, old residences to increase their living capacity and let people sleep in attics and elsewhere where there is inadequate fire protection. New families are increasing at the rate of 500,000 a year which means that additional doubling up in dwellings causes still greater fire dangers.

All this means that each and every homeowner and householder must be that much more aware of the danger of fire and alert, year round, to practice fire prevention. With that thought in mind, "Fire!!" In Miniature will be staged Thursday, October 9 at the Newton High School to show Newton people just how fires are caused in our everyday life and how they can be avoided. Too many people are blissfully unaware of the fire dangers in their homes and their daily activities. To graphically underline those dangers, the United Mutual Fire Insurance Company, cooperating with the Chamber of Commerce, the Fire Department and the Graphic, will present a unique demonstration that Newton homeowners and residents can ill afford to miss.

The show will be a feature of Fire Prevention Week, a week set aside each year in an attempt to make U. S. homeowners and others acutely aware of the dangers of fire and its appalling toll of property and human life.

But a week is a short time! Fire Prevention should and must be a year-round proposition. All of the Fire Prevention Week activities will be of no value if they are forgotten and ignored as soon as the seven days have passed. You're the one for whom Fire Prevention Week is planned. You're the one who must practice what is preached. Will you fail?

## Government Or Chaos

Pres. James B. Conant of Harvard told a student body yesterday that it is likely people would "find within 10 years" an effective world government in action." Dr. Albert Einstein, one of the world's outstanding thinkers, warns the United Nations that they must move toward world government by changing the present setup of the U.N. He urges more power for the General Assembly and election by popular vote rather than appointment by governments of the delegates to U.N. Under Dr. Einstein's plan the Security Council would still be the executive organ of the U.N., but it would take its directives, not merely recommendations, from the General Assembly.

These opinions expressed by two distinguished men, representing neither professional diplomats nor politicians, but the masses of the people sum up very well what less articulate people the world over have been trying to impress on their statesmen. Looked upon realistically these projects, very much in line with the ideas of the World Federalist movement—of which Dr. Einstein is a member—may be a long way off. But sooner or later the nations will realize that they must relinquish part of that so-called sovereignty if they wish peace and freedom. While this is true for all nations it is especially true for those of the Big Five, who are stubbornly clinging to the veto privilege. The veto in itself is no guarantee of security. It cannot prevent any big nation from breaking its pledges of peace and embarking on a policy of aggression. On the contrary the veto prevents effective world government. The Big Five can retain it if they want to stall the U.N. machinery. If they wish security, they must move toward world government.

## The Campaign

Although the city election does not come for nearly six weeks, we have already heard a great many rumors regarding the record, qualifications and character of some of the candidates. Some of these rumors are doubtless without foundation in fact and should be spiked as promptly as possible. One such rumor is being handled in the paper you are now reading.

The Newton Graphic believes in an active and strenuous campaign on behalf of any and all candidates. It also hopes to see each campaign conducted on a high level, worthy of the splendid reputation which the Garden City has built up throughout the years. With so many men of high standing in the community offering themselves as future public servants, it is up to all of us, regardless of our own personal preference, to wage a hard but clean campaign. We doubt if anybody will dispute our statement that the good name of our city is of far more importance than the success or failure of any one candidate at the polls on November 4.

Finally, we want to make it very clear that the columns of the Newton Graphic will be open to any and all candidates for office who sincerely believe that their cause is being damaged by improper rumors.

## Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the views or policy of this newspaper.—Editor's Note.)

### Henry A. Wallace

It is somewhat difficult to ascertain just what Mr. Henry A. Wallace has in the back of his head. One day he appears to be for President Truman, merely as a choice of two evils, politically speaking, and the next day he sounds off in such a manner that you feel sure he really plans to try to organize a third party. That, incidentally, would be the finest thing which could happen to the Republican party. However, what puzzles me is the tremendous enthusiasm which he generates on his numerous speaking tours. Why is it that so many thousands of citizens are willing to shell out a dollar or even two or three dollars for the privilege of listening to our former Vice-President? We have a local columnist of considerable repute who recently described Henry Wallace as a man "who has both feet firmly planted in the air." There are probably some millions of people in this country who share that opinion; nevertheless, Mr. Wallace goes merrily on his way, making one speaking tour after another and one foreign trip after another, apparently indifferent to the complaint that he is doing his country a profound disservice.

Well, let us hope that the air will be cleared well before the 1948 elections in order that both major parties may know who and what they are fighting about.

### City Election

There is one feature of our current election campaign which disturbs quite a few of our citizens. Despite the tremendous activity behind the scenes, in the home and on the street-corner, there has been, to date, very little of a public nature for the purpose of stirring up the voters as a whole. Right now, as this column is being written, none of the three Mayoral candidates has issued his campaign circular. One has been called to my attention, but it has not been officially released. By the time you read this column, the situation may very likely have changed. Let us hope so.

One encouraging feature of the situation is the knowledge that the League of Women Voters will, as usual, engage in some very valuable publicity work for the purpose of informing the electorate concerning the numerous candidates for all positions and their stand on vital issues. We have too little activity along these lines in Newton. We have long been too conservative in our general publicity, in the field of politics and in many other fields.

Another interesting development is the proposed meeting under the auspices of the Newton Progressive Association early in October. I know very little about this organization. Some one informed me that it was a new name for an organization already in existence. I'll try to keep my readers posted about this.

By the way, there has been some publicity about the fact that this year will be the first time "for many years" that "all candidates for Mayor have appeared at the same meeting." My memory told me and newspaper reports bear me out, that ALL three candidates for Mayor two years ago (our last election), appeared on the same platform at the Newton High school. That was on October 13. The Aldermanic candidates merely took a bow, after the chairman had commented very briefly about each one. The Mayoral candidates, however, Messrs. Goddard, Boyd and Cronin, each spoke his piece, tho' briefly, due to the fact that a Col. Standish was due to make the feature talk of the evening on an entirely different subject. Personally, I miss the good old days when there were rallies in Newton Corner and other places, including the Underwood School. How many of my readers remember Paul Harris Drake, the realtor, who conducted several campaigns for the Board of Aldermen, former Mayor and many, many other spellbinders? I wish that we

could turn the clock back, in this instance at least, and have more meetings like that.

Just a word or two, now, about the possible strategy to be employed this fall. I do not wish to be premature or in any way unfair, but it seems to be that, as of today, the contest for Mayor lies between Alderman Lockwood and Roy S. Edwards. Anything can happen, however, and it is quite possible that a month from now it will be anybody's race.

Messrs. Lockwood and Edwards are both stressing the fact that they will, if elected, be full-time Mayors. Fair enough. I agree with them, altho' this will startle some of those politicians who choose to tie me in very, very closely with the so-called machine in Newton.

Underneath the surface, you can count on a strenuous battle for the support of the very sizeable group of veterans in Newton. My feeling is that the veterans are split and that a fairly substantial number will be found in the camp of all three candidates. Edwards should, presumably, have the edge, due to his substantial contribution to the various causes of the veterans for many years. Lockwood, however, will probably surprise everybody by the number of veterans who are going to vote for him.

P.W.C.

solicitation starts to devote some time to "information" meetings. Village Chairmen and leaders have set an objective for complete enrollment within the next two weeks.

"As of Wednesday morning, September 24, Newton's total enrollment figures were 1459," Mr. Bates continues. "With the enrollment goal 2300 the present percentage of the goal is 63 per cent. This is an excellent showing and I am confident that we shall continue to be among the leaders if enrollments continue to come in daily at the rate they have been in the past few days."

Advance Gifts village meetings have been in progress since September 21 and will be completed with meetings in Newton Centre and West Newton Sunday September 28, and in Waban on Monday September 29. The Manufacturing Division, under the leadership of Harold T. Pillsbury, is having its luncheon at Brae Burn Country Club on Friday, September 26, to discuss their program for the Campaign.

Meetings of Residential Captains with their Chairmen will start on Wednesday October 1. These meetings are all being held at Newton Red Feather Agencies, with 2 or more villages combining at each meeting. At these meetings Executives or officers of Newton Chest Agencies will tell of the work of their agencies. Pledge cards and prospect lists will be distributed to the Captains, and E. Graham Bates, Newton Chairman, Dexter Whitthill, Residential Chairman, and Edward J. Pease, Worker Information Chairman, will discuss the Campaign plans.

Solicitation will start in the Advance Gifts, Manufacturing, Mercantile and Municipal Divisions early in October, and the general solicitation of the Residential Division will start following the Opening Dinner at the Newton High School on October 23.

## A Statement of a Business Associate of

# Theodore R. Lockwood

For the first time in Newton, as a candidate for Mayor, Mr. Lockwood offered to devote full time to the conduct of the City's business. This involves many speculations in citizens' minds and they are entitled to the facts.

Following a wide career of capable and creditable business experience, with which I am familiar in detail, Mr. Lockwood has held a high executive position with this company for over ten years. He has an unscarred reputation as to character, personal conduct, capacity and reliability in all respects.

Early this year Mr. Lockwood advised this company of his conclusion to announce his candidacy for Mayor, provided it was agreeable to the company that he devote full time to the City position.

Being familiar with his zeal and devotion as Alderman and his service as Chairman and Member of many important Committees, including Finance Committee, during past years, and recognizing the large amount of study devoted in connection with the National Municipal League, the Municipal Finance Officers' Association, the National Housing Committee and numerous other associations related to the advancement of better government, this company consented to Mr. Lockwood's presenting his candidacy to the voters of Newton.

His first two assistants are capable men who have been associated with him for over twenty-five years, and both remain in this company's employ. His operating record has been uniformly sound and consistently profitable in the departments involved. His record as to labor relations has been excellent throughout his business career. It should be well known that he was presented a paper circulated in these mills bearing the signatures of all employees and all executives associated with him, heartily endorsing his candidacy.

He has been an important Director of the Chamber of Commerce and Division Manager of both Red Cross and Community Chest, of which he also was a Director.

As one holding a keen interest in the well-being and advancement of modern business methods in the government of the City, I believe that Mr. Lockwood's wide experience, not only in business affairs but in municipal government itself, and his outstanding qualifications eminently fit him for the position of Chief Executive.

This Company, therefore, extends to Mr. Lockwood every wish for his success, and after he has rendered helpful service to the City of Newton, we shall welcome him back to further assist us - in full association as in past years.

## Waban Residents Are Against 84 Apartment Project

At a hearing before the Board of Appeal at Newton City Hall on Monday afternoon, opposition to the proposed 84 apartment project on Montclair road was expressed by Waban residents.

The case came before the Board on an appeal by the builders, Earl C. Davis and Howard M. Hatfield, from the refusal of Public Buildings Commissioner Arthur Campbell to grant a permit for the project.

After the hearing, the Board of Appeal took the matter under advisement. In the event that the appeal is denied, the petitioners will still have recourse to the State Emergency Housing Commission.

## Cabot-Clafin Thrift Shop to Open Oct. 1

The Cabot-Clafin Thrift shop, which was a tremendous success last year, reopens on Wednesday, Oct. 1. Cabot school opens from 9:30 to 12 a.m., 1:30 to 3:30 p.m. The success of our shop enabled the P.T.A. to purchase books and records for both Cabot and Clafin schools. Also new radio victrola movie projector and used piano are at the school.

A selection of new merchandise has been coming for the past two weeks. While 80% of proceeds goes to the donor, 20% of the selling price and entire proceeds go to the school.

Those helping are all volunteers under the leadership of Mrs. Carl Christenson.

## A DRAMATIC PRESENTATION

☆ ACTUAL EXPLOSIONS ☆ BLAZING BUILDINGS ☆ SEE WITH SMALL MODELS HOW YOUR HOME COULD BE DESTROYED BY FIRE

This dramatic production in miniature is thrilling entertainment — yet packed with practical information to help you avoid the loss of your home and all your personal belongings through fire. It's directed by E. W. Williams, whose long, colorful career as a fire department official brought him face to face with the havoc and horror of fire in all its tragic forms. It's brought to you by the United Mutual Fire Insurance Company and Liberty Mutual Insurance Company in cooperation with the Newton Graphic, the Chamber of Commerce and the Newton Fire Department.

## Newton Bible Class

The Newton Bible Class is to begin its eleventh year next Tuesday evening, Sept. 30, at eight o'clock. The subject to be studied, like the subjects of past years, will be very interesting and helpful. It is "Bible Characters".

Our faithful teacher, Rev. D. Stewart Smith, has never failed to make it worth one's while to attend his classes. This year we hope more people will avail themselves of the privilege. You are very welcome at 163 Waverley avenue, Newton.

**LIGHTNING STRIKES!**—The way in which lightning can and does cause house fires is shown in the above exhibit which is a part of "Fire! ... In Miniature," a fire prevention show to be held in the Newton High School auditorium Thursday, Oct. 9, at 8 p.m. The no-admission show, presented by the Newton Graphic and the United Mutual Fire Insurance Company in cooperation with the Chamber of Commerce and the Newton Fire Department, is directed by E. W. Williams, a former Lynn fire official and nationally known authority on fire prevention. The show uses model homes and buildings and various kinds of home equipment to display graphically how fires are caused and how they can be avoided and prevented.

## Miss Carey—

(Continued from Page 1)

1 p. m. on Wednesday October first.

A rare treat is in store for those who can be present at the meeting which follows. The speaker, Miss Alice E. Cary, is secretary of the American Board of Foreign Missions for Japan, Mexico, Micronesia and the Philippines. Miss Cary was born and spent her childhood in Japan. After graduating from Wellesley College she worked as social service missionary in Alaska for over 25 years. She has spent the past year in Occupied Japan as the one member of an important interdenominational Commission sent out right after the end of hostilities by the Foreign Missions Conference of North America. Her stay there had two unusual high-lights an audience with Emperor Hirohito, making her the second woman thus recognized; and a long and significant interview with Gen. MacArthur.

While in Japan she said the metamorphosis of a nation, once worshipping a "divine" emperor, into a people enthusiastic about democracy and ardently admiring General MacArthur and the American G.I.'s.

pally in the run to the Eastern Gas and Fuel coke plant in Everett.

The new "Newton" is successor to an older vessel built in 1911 and recently retired which also carried the name of this city. The new "Newton" is one of a number of colliers which played such a vital part in the winning of the war. Mystic engineers and naval architects gave important assistance to the Maritime Commission for coal cargoes.

Mystic Steamship Division operates the largest collier fleet on the Eastern coast with vessels having a combined annual carrying capacity of over eight million net tons. Its new colliers, including the "Newton," are capable of carrying nearly twelve thousand net tons each trip.

The National Safety Council says that 32 per cent of all injured pedestrians in the nation during 1946 were in the age group of 5 to 14 years, although this age group includes only 16 per cent of the total population.

## National Employ The Physically Handicapped Week Proclamation

WHEREAS, Victory in World War II cost us more than 200,000 casualties, and

WHEREAS, a number of these casualties are citizens of our community, and

WHEREAS, a number of these casualties are citizens of sons in the United States, many of them, by their efforts, aided greatly in manufacturing the tools of war, and

WHEREAS, a number of these handicapped persons are citizens of our community, and

WHEREAS, all of these handicapped citizens, veteran and non-veteran, deserve self-supporting, self-respecting jobs in which they can make useful contributions to our community, state, and nation, and

WHEREAS, the President of the United States and the Governor of the Commonwealth of Massachusetts have designated October 5th to 11th as Employ the Physically Handicapped Week.

NOW THEREFORE, I, PAUL M. GODDARD, Mayor of the City of Newton do concur in this designation of October 5th to 11th as Employ the Physically Handicapped Week, and I call upon all local officials, employers, organizations and all citizens to assist in every way possible, to the end that the attention of the community will be focused on the fact that disabled veterans and handicapped civilians are fully capable of efficient, safe and reliable performance in many different occupations.

And I urge all citizens and in particular, the employers of our community, to cooperate actively with our local Interagency Committee for the observance of Employ the Physically Handicapped Week.

And I further urge that all employers place their job openings with the Employment Office operated by the Massachusetts Division of Employment Security located at 290 Centre street, Newton, so that disabled veterans and other handicapped workers may be given an opportunity to prove that when placed in the right jobs, they are not handicapped but instead are safe workers who make good production records because they stay on the job.

## F. A. Day Jr. High News

### "NEWS OF THE DAY"

The main interest, among the boys at least, this week was the call for football candidates and the first days of practice. Ninety boys answered the call of Coach John Eldert and his assistant Robert Carr. After a week of conditioning and elementary fundamentals Mr. Eldert has cut the squad to the following forty-one boys: Donald Shaw, Francis Gilligan, Michael Proia, Louis Terenzio, Alfred Dangelo, William Lee, John Luciano, Louis Mastromattei, Robert Elkins, Allan Rowlings, Harold Crosby, Leonard Hayes, Ralph Houseman, Robert Bryson, Anthony Bibbo, Paul Sullivan, David Keefe, Robert Fattista, Wright Lewis, Simon Bedigian, Richard Ramsden, Paul DePasquale, Andrew Trussell, Nicholas Colella, Louis Cellucci, Ronald Ruffo, Gibson Studley, Richard Thatcher, Lawrence Tripp, Frederick Carew, Henry Nordheim, Donald McCullough, Jay Girroir, Edward White, Chalon Carnahan, Kenneth Buddington, David Harber, William Welch, Frederick Sutherland.

The annual audiometer tests have been going on in Room 28 under the direction of Mrs. Stratton who tests each pupil's hearing at least once during the year. Except for a few necessary retests, most of which were given at the end of the week, and a few absentees, the whole school has been tested.

The faculty members and their families are planning to attend the annual fall faculty party at Auburndale Playground on Wednesday of this week. The committee with Miss Tobin at the helm, promises the usual good supper and the fun of a fall get-together after a summer of separation.

**THE NEIGHBORLY SPIRIT..**

**MAKES FOR BETTER PARTY LINE TELEPHONE SERVICE**

Whether it's a matter of helping out the new bride next door, or cooperating for better party line telephone service, the neighborly spirit makes life pleasant for every one. For example, it's neighborly to keep calls brief, answer promptly, and allow a little time between calls in a series. This friendly spirit is especially helpful these days—when, with many kinds of telephone equipment still hard to get, party line service is our best way to provide the most telephones to the most people.

## Newton High School Notes

Mr. Raymond A. Green, principal of Newton High School, received notification last week of his appointment as a Visiting Committeeman to the Harvard University Graduate School of Education for the Board of Overseers.

Fifty students are now enrolled in the driver education course inaugurated this year at the high school under the direction of Mr. Edwin Wiest of the faculty. Students in the course will have an opportunity to study the mechanical safety features of a special Ford dual control car, and to receive actual road experience in driving, preparatory to applying for a Massachusetts driver's license.

Mr. John D. Byrd, head of the English department at the Howard Gardens High School, Cardiff, Wales, was a visitor last week at the high school. Mr. Byrd expressed much interest in Newton's course of study and requirements in English. Mr. Byrd was able to confer for some time with Mr. Floyd Rinker, head of the Department of English.

Newcomers in all classes were invited this week to attend "get acquainted" parties in the Social Room.

Drama club tryouts were conducted throughout the week under the direction of Mrs. Jean M. Wiens of the Department of English.

The high school Placement Office has announced the receipt of numerous occupational pamphlets for those interested in careers as Bookkeepers, Air Stewardesses, Aeronautical Engineers, and Foreign Correspondents.

## Hamilton—

(Continued from Page 1)

souri. Dr. T. Stewart Hamilton, Director of Newton-Wellesley Hospital, was one of 80 hospital administrators from the United States and Canada advanced to Membership in the American College of Hospital Administrators, whose headquarters are Chicago. All have been hospital administrators five years or more and have qualified by intensive oral and written examinations on hospital administration and operation. Dr. Hamilton, who was a general practitioner on Cape Cod, entered the hospital administration field as Assistant Director at Massachusetts General Hospital in 1941. He served as adjutant and executive officer of the 6th General Hospital during the war, returned as Assistant Director of Massachusetts General Hospital in December, 1945, and was appointed Director of Newton-Wellesley Hospital in June, 1946. In addition to his hospital work, Dr. Hamilton has been active in allied interests including other Newton and Wellesley Community Chest agencies and the Red Cross. He is, in addition, Personnel Officer of the 112th Composite Group, Officers' Reserve Corps, U. S. Army.

## NEWTON IN THE PAST

From the Files of The Newton Graphic

### 55 Years Ago—Sept. 23, 1892

**WEST NEWTON**—According to reports there was a pretty lively little occurrence here a few nights ago. An insane patient, it is said, escaped from his attendant. A search was instituted and a man found on the hill in a summer house. He was aroused, but began to show fight, and it was not long before he had wrenched an arm free and from somewhere about his person had produced a long dirk knife which he evinced an intention of using. It was then discovered that the prisoner was not the lost patient at all, but one of the gang of laborers employed on the sewer, who had strayed into the summer house and fallen asleep there. The lost patient was found later.

**AUBURNDALE**—There is said to be a full grown man in this place who delights, as does the small boy, in stealing a ride behind a hack on the way to the depot, to the great annoyance of the hackman who have to whip him off.

**THE NEEDHAM CHRONICLE** says it would like to see one campaign without fuss and fireworks. There is a good prospect of your wish being fulfilled. Bro. Southworth. The Presidential campaign thus far has been quiet enough to suit the most sleepy, inert politician in the land.

It is an interesting fact that out of 16 cities of over 200,000 population in the United States, 14 or over 87%, are using the electric railway system or equipping roads with the system.

**NEWTON HIGHLANDS**—A careless nursery maid left a baby carriage and its infant occupant on the sidewalk on Lincoln street, Wednesday afternoon, when she crossed the road to converse with a friend. The sidewalk slopes on an easy grade, and the carriage gained sufficient momentum to start down hill, the speed gradually increasing, until it was moving at a fairly rapid rate. An electric car was coming down Lincoln street, and a collision seemed inevitable.

It was impossible for the car to slow up before reaching the carriage, and the motorman, with cool judgment, put on full speed, and succeeded in almost clearing it, just grazing the little vehicle and fortunately doing no damage.

**50 Years Ago—Sept. 24, 1897**  
**NONANTUM**—The members of the Nonantum club enjoyed a fish dinner one evening last week. It was given by those who participated in a fishing trip, and whose successful catches provided enough for a splendid supper.

**WABAN**—Mr. Andrew Shields, gardener for Mrs. Del. Sheple, had one of his very fine squashes stolen the other night. It measured 22 inches across, and Mr. Shields was very proud of it and was intending to exhibit it at some of the New England fairs.

**35 Years Ago—Sept. 27, 1912**  
**ELECTRICAL DISPLAY**—A distinctly attractive, artistic, electrical display is just now attracting thousands of people to the big Boylston street window of the Edison Building. It is an illuminated picture of Boston as the center of the universe—at least at the present time, with the opening of the 1912 Boston Electric Co. near at hand.

A horse and buggy hired by an unknown man at the stable of Mr. Thomas A. Brady, Washington street, Newtonville, last Saturday night, and missing for two days, was returned to the owner by Liquor Officer Richard J. Goode, who succeeded in catching the man in Sudbury.

Patrolman Goode was chasing up the case in Sudbury when Albert E. Corthell, a farmer in that section, came driving toward him with the horse of which he was in search. The man finally admitted that there was much work which a horse could do about his farm, and not having sufficient funds to purchase one decided to obtain one on the plan above.

In court Tuesday morning, Corthell was sentenced to the House of Correction by Judge Bacon, and the sentence was suspended for three months.

## Pensions—

(Continued from Page 1)

held in committee for further study. For renewal of water pipes at the Emerson, Rice and Williams schools, the Board voted \$1142. Chairman Edward A. Fahey of the Public Buildings Committee asserted that the pipes have been in use for over 40 years. An additional \$1200 was voted so that the pipes at the Weeks Junior High School in Newton Centre, may be repaired with lime stone instead of cast stone.

Due to incorrect calculations in the budget, an additional \$15,000 was appropriated for vacations and sick leave for Street Department employees.

As recommended by the Mayor or the Board also appropriated for the Water Department, new autos, additional, \$292.85; Police Department, new cars and motorcycles, additional, \$95.25; Public Welfare Board, new cars, \$108.05 additional.

The request of the Middlesex & Boston Street Railway for a bus line to the Bigelow Junior High School, making three stops on Cabot street, was granted. Also approved were the appointments of public weighers for the Futurity Thread Co., and five pole locations on Pleasant street, Ward 3, as requested by Boston Edison Co. and the Telephone Co.

For private use in company cars and trucks the Strangman Manufacturing Co., was granted a license to keep, store and use gasoline at 34 Crafts street, Newtonville, in a 1000-gallon underground tank, with pump.

Subject to approval of the chief of the Fire Department, a license was granted the B. & R. Lumber Co., to keep, store and use gasoline at 51 Winchester street, Newton Highlands, maximum quantity to be stored at one time, 1000 gallons in underground tank with pump.

James G. Pappas of 161 Chapel street, Newton, was granted a hackney license for two cars at the corner of Chapel and Water-town streets, subject to the return of a license by Lawrence Civetti, and also subject to approval by the chief of police.

Rejected by the Board were the following offers for city-owned land: Joseph Swan, Brentwood avenue, Ward 6, \$400; George E. Mead, James street, Ward 3, \$150; Charles Scipione, Jr. for property at 81-85 West street, Ward 2, \$4,250. Offers for land were accepted if increased, as follows: John L. Stiles, Beethoven avenue, Ward 5, from \$1250 to \$1365; James Rouding, Jr., Warwick road, Ward 3, from \$650 to \$850; Florangelo Gasparri, Florence street, Ward 5, from \$1000 to \$2000. An offer of Marie Vianello of \$4200, plus payment of the five per cent broker's commission, for the property at 81-85 West street, was accepted by the Board.

The Board corrected a parking order, previously passed to permit parking on the south side of Commonwealth avenue from Centre street to 620 Commonwealth avenue, for one hour, from 7 A. M. to 7 P. M.

There was no opposition at the hearing on the order for taking land for drain construction on private land, from Windsor road southerly and southeasterly to Cheese Cake Brook, Ward 5.

On the recommendation of the Franchises and Licenses Committee, the following applicants for certification of incorporation were approved:

Joseph H. Axelrod, 5 Marshall street, Newton Centre, "Axelrod Foundation."

Joseph A. Legasse, V. Earl Irons, Russell E. Mainland and George T. Letorney as "Commercial Refrigerator Sales Association, Inc."

Nora Dugan and Patrick Dugan, "United Irish Club of Greater Boston, Inc."

Sarah Tarsius Ansell, Ralph F. Bass, Benjamin Ulin, Irving Usen, "Zionist Chest of New England."

The Board approved the renewal bond for Frank L. Richardson as a member of the Retirement Board and the \$3000 bond of Ralph T. Laffie as a constable. Orders were passed for the City election on Nov. 4, for establishing polling places and for paying election officers.

Renewals of auctioneer licenses were granted John T. Burns, 17 Hunnewell circle, Ward 7; Willis B. Fellows, 66 Alexander road, Ward 5; Charles J. Kinchla, 112 Walnut Hill road, Ward 5; William J. Tober, 39 Neholden road, Ward 5.

Joseph G. Cancellieri of 11 Maplewood avenue, Ward 6, was refused an auctioneer's license on the grounds that he has not been a resident of Newton for six months, Alderman Baylor said.

The request of Norman T. Lloyd of 27 Parsons street, Ward 3, for a license to deal in second-hand articles at 48 Rustic street, Ward 1, was refused on zoning grounds.

The appointment of Thomas R. King, an accountant, of 28 Bullough park, Newtonville by Mayor Paul M. Goddard to be a member of the Planning Board was confirmed last night by the Board of Aldermen. King was named to fill the unexpired term of Ralph D. Weston, who resigned.

Also confirmed were the re-appointments of W. Cornell Appleton of 14 Kenmore street, Newton Centre, and Frederic A.

## P. T. Heffron Teaches Govt. at Fordham College

Paul T. Heffron, son of Mr. and Mrs. James C. Heffron of 10 Cherry place, West Newton, a veteran of World War II, has assumed his post as teacher of government at Fordham College in New York.

Heffron, who was graduated from Boston College in 1942, returned there after serving in the Army for three years and received his master's degree last June. He taught at St. Anslem's College in Manchester, N. H., last spring. At Fordham he will also work for his doctorate.

## Conference on Junior Red Cross in the Schools

Announcement comes from Mr. Alden W. Read, Junior Red Cross chairman for the Newton Chapter of a meeting to be held on October 2nd in the office of Dr. Homer Anderson, Superintendent of Schools, for the purpose of considering the subject, "Junior Red Cross in the School Curriculum." Mr. Laurence H. Reece, Junior Red Cross Regional Director for the North Atlantic Area, will be present to confer with school principals, directors and supervisors. Representatives from parochial schools will also be present.

On the afternoon of the same day, Mr. Reece will speak at a meeting to which all teachers are being invited.

Hawkins of 38 Jameson road, Newton, as associate member of the Board of Appeal, Building Laws.

The Board granted a permit to Robert E. Wilson to move a dwelling from 63 Norwood avenue, Newton Centre, through Norwood avenue, through Centre street, through Langley road, to a location at 28 Warren street.

Renewals of building permits were granted Turgon's Garage for a two-car lubrication at 233 Walnut street, Newtonville; and to the Colonial Beacon Oil Co. for a gasoline station and three car service station at 650 Washington street, Newtonville.

W. J. Curran was granted a variance of the setback line provision in the zoning law at 436 Winchester street, Ward 5. An extension of the building permit covering a gasoline station at 1365 Centre street, Ward 6, was given the Atlantic Refining Co. A waiver of the distance from the sidewalk line was granted Edward Nahabedian, 1623 Centre street, Ward 5; Joseph W. Tuschler was granted a waiver of the setback line from Bernard and Christina streets, Ward 5, and a waiver of the distance from the rear lot line, for the erection of a single family dwelling with garage.

The Colonial Beacon Oil Co., was granted a license to keep, store, use and sell 3000 additional gallons of gasoline at 15 Centre place, Newton, in an underground tank, maximum quantity to be stored at one time 8000 gallons. Fred Maloney, salesman for the company, told the Board that the present capacity is 5000, gallons, stored in two 2000 and one 1000 gallon tanks. The new quantity is to be stored in two 3000 and one 2000-gallon tanks, he explained.

The petition of the West Newton Motor Mart, previously listed for 50 cars, was corrected to request not over 15 automobiles, including a show room at 1203 Washington street, West Newton. Fred A. Potter, proprietor of the Motor Mart told the board that about five cars would be kept in the showroom and not over 10 cars in storage in the basement of the proposed addition.

## Cook - Kerns

Miss Eleanor Kerns, daughter of Mr. and Mrs. Shirley Kendrick Kerns of 34 Waterston Road, Newton was married to C. Gardner Cook of Concord, Mass. on Saturday afternoon, September 20th in the Trinitarian Congregational Church, Concord. The four o'clock ceremony performed by Rev. John E. Wallace was

erly located at 256 Washington street, which opened 7 years ago, the new restaurant is the last word in appointments and equipment. Chef's restaurant occupies the site formerly the locale of a First National store at 240 Washington street, directly opposite the car stop. It has been entirely rebuilt, redecorated and modernized.

Exterior of Chef's Restaurant Which Promises to Become One of Newton's Landmarks

Finished in combed grain oak paneling, with pastel green and floral trim, the restaurant's 25 booths and 2 large tables will accommodate 135 diners. The booths are upholstered in ivory back cushions and red leather seat cushions.

The kitchen, under the supervision of Chef George, contains the most modern, scientific and labor-saving equipment, including a huge walk-in, built-in refrigerator. Chef George's experience in some of the state's finest restaurants and hotels include 5 years at the Copley Plaza, 4 years at Ada Bullock's. He has also been a chef at such well known restaurants as Sutton's and Howard Johnson's.

Indirect lighting, soft popular music by Wurlitzer, and expert table service by a staff of charming, trained waitresses, add to the pleasure of dining here.

Chef's Restaurant will specialize in Sea Food, Lobsters, steaks, Chops and Chicken. Swift's choice Beef will be featured. Light wines and bottled ale are served.

Open from 11 a. m. to midnight, the restaurant can accommodate small or medium sized parties, and the prices are fair and reasonable.

Launching 1,000 community chest drives from coast to coast, the President and stars will pay tribute to the million volunteers of this and all other communities who give generously of their time and means to put the Red Feather campaign over the top.

Philip H. Theopold, campaign chairman, will speak on behalf of the Greater Boston Community Fund's annual campaign to be launched in mid-October for the more than 300 Red Feather agencies serving the people of 50 communities in the metropolitan area.

## Miss Kelly to Open Local Dance Studio

RUTH H. KELLY

"Smoothness and sophistication"—these words describe today's trend in social dancing, according to Miss Ruth H. Kelly, who announces the opening of her dancing studio at the Odd Fellow's Hall, 15 Southgate Park, West Newton.

A member of the Dance Teachers' Club of Boston, Miss Kelly attended the club convention held recently at the Hotel Bradford. She reports a continued shift away from the strenuous jitterbug of the war years and that New York and Boston teachers are now laying emphasis upon smoother ballroom steps, among the newer of which are the "Walkaway," the "Astaire Trot" and the "Toddler."

Although this will be Miss Kelly's first season in W. Newton, she has over eight years of experience teaching in both her own studios, and in private schools, city recreation programs and Community centre work. She offers a complete line of instruction for both children and adults in tap, ballet and ballroom dancing. Registration details may be obtained by telephoning TRO 8402.

## Kiwanis Club

The "shotgun solution" to labor-management relations which the Taft-Hartley law purports to be, will be neither practical nor palatable to the parties involved, Kenneth J. Kelley, secretary and treasurer of the Massachusetts Branch of the American Federation of Labor stated at a meeting of the Newton Kiwanis yesterday.

"The turmoil that will ensue for the next two weeks while labor, management and administration agencies such as the National Labor Relations Board are floundering around for the exact meaning of the various provisions of the law, will be detrimental to the continuance of good labor and management relations," Mr. Kelley, who is also legislative agent of the Massachusetts Branch, continued.

"For the next two years it will be pretty much chaotic as to how labor will operate," stated the speaker. "The whole picture of the delicately balanced structure of the labor-management state during this period."

"Maintaining the law constitutes a challenge to labor and management to make collective bargaining work, and to settle their differences in an enlightened manner consistent with mutual self interest on their parts, as well as on the part of the public," he continued.

During the next session of Congress, some of the "very obviously" unconstitutional or unworkable parts of the law will be amended, according to the labor leader. Ultimately, he said, the United States Supreme Court will pass upon the constitutionality of the law as it did in 1937 on the Wagner Act.

Mr. Kelley stated that it is only the abnormal aspects about labor that receive publicity. For instance, he stated, in 1946 there were 50,000 disagreements between labor and management.

## Lions Club

Inspector Thomas L. McEnaney of the Newton Police Traffic Bureau spoke at the meeting of the Newton Lions Club on last Thursday evening at the Newton Y. M. C. A.

Inspector McEnaney, who was introduced by Henry Fusi, chairman of the program committee, told of the splendid co-operation of the Federal Bureau of Investigation and the State with our police department and that of other cities. A representative of the department he said is sent to the F. B. I. and returns with comprehensive studies of law enforcement, technical studies of the branches of crime which are imparted to our Police Department members.

Edward Gruskewski reported on the Christmas Charity Fund activity. A report on the plans for the paper drive on Sunday, Sept. 28 for the benefit of the Sea Scout Ship was presented by Clarence L. Morgan, chairman.

Members of the club will be the guests of John W. House on October 5 at his summer home in Littleton.

The meeting was conducted by President George T. Pascoe.

Mr. and Mrs. Henry A. Howard (nee Elizabeth Wildman) of 1292 Boylston street are receiving congratulations upon the birth of a son, Henry M. Howard Jr. last week at the Newton-Wellesley hospital.

Of this number, 45,000 were settled, leaving only 5000 strikes and lockouts, which received newspaper headlines.

In 1932, he continued, there were approximately two and a half million union members. In 1935, with the coming of the Wagner act, the number jumped a million. At present there are 16 million union members in the country: 8000 A. F. of L., 6000 C. I. O., with railroad and independent unions making up the balance.

The speaker was presented by Thomas J. Lyons, program chairman for September. Albert H. Gagne and Alton P. Greene received four- and two-year perfect attendance pins respectively, presented by George Bryson. Thomas Lyons was awarded the "kitty" for the week, and Richard H. Brown received the theatre ticket.

Guests were C. Evan Johnson, recreation commissioner of Newton; Herman G. Carr of the Deerfoot Farm Co., Newton Highlands, and Walter Clendenen, a visiting Kiwanian from New Haven, Conn. James P. Gallagher, clerk of the Newton District Court, sang "I Wonder Who's Kissing Her Now" and Archibald Bellinger and Robert Wilcox entertained with a duet.

The speaker next week will be Dr. H. Augustine Smith of the Boston University Conservatory of Music who will present a lecture entitled "Sing for a Longer Life."

## LETTERBOX

To the Editor:

I notice that the Newton Graphic is aiding in the program for Fire Prevention Week. In this connection, perhaps it is not too early to think ahead a few weeks to Halloween. Since living in Newton I have noticed that every Halloween a large quantity of expensive shabby is destroyed because of a prevailing practice of our Newton youngsters to start fires wherever they see a collection of leaves. Also, our Fire Department is continually racing around, either on calls to put out these fires in shabby or because of false alarms. Buildings are often in danger, especially where people are not at home.

I am wondering if it might not be possible for Newton people living in each block to work out a plan where one person patrolled the block in which he was living for Halloween night and perhaps the night before. The men living in the block could take turns doing this, and I believe in this way this useless damage to shabby could be prevented and our Fire Department saved a lot of useless trips. It would also be a help in teaching the young people to have more regard for the property of others.

I imagine that both Fire Chief John Keating and Police Chief Nicholas Veducchio would be glad to encourage some plan of block patrol. Perhaps the Newton Graphic could spread definite suggestions and our Civic Luncheon Groups might be willing to aid in getting the program organized. The program of entertainment and parties for the younger people on Halloween night as sponsored by our Recreation Department are very fine and they do a lot to keep the younger people within bounds and also give them a good time.

Very truly yours,  
E. J. Pease

To the Editor of the Newton Graphic:

For over 30 years and throughout my active association with the Newton High School as teacher of Latin and mathematics, Theodore R. Lockwood has been my nearest neighbor. My first knowledge of him was when he bought the house next door to us, and at the outbreak of World War I went to Plattsburg to take the officers training course under General Leonard Wood. Then after receiving his commission, leaving his young wife and three year old daughter here, he served in our army in this country and France throughout the war.

In his straightforwardness and sturdy Americanism his first name and his first two initials always suggest to my mind the great T. R. He typifies the initiative, the preparedness, the ability and the honesty which we associate with Theodore Roosevelt.

I consider him a thoroughly educated man. Successful in business, he has served as Alderman for the past 10 years, always growing in his understanding of the city's needs. By his constant studies and reading, he has gained a broad culture and education that has made him master of municipal problems. For 10 years he has been a member of the National Municipal League (the Council Manager Group), member of the Municipal Finance Officers Association for the same

years, and is now a member of the National Housing Committee. For years he served as chairman of Soldiers Relief, and surveyed the veterans' and welfare departments of 72 Massachusetts cities and towns to see that our veterans were well treated in all respects.

His record as Alderman for the past 10 years speaks for itself. His colleagues have honored him by selecting him as chairman of the important Finance Committee. He has devoted a vast amount of time and effort to this work, and has made himself master of the situation. He knows Newton and its needs.

Throughout these 30 years the Lockwoods have been the best neighbors a family could have. He is a man of the highest character and unblemished reputation. Assisted by his gracious wife he will carry on the city government in Newton's best traditional manner.

Let us urge each citizen of Newton to embrace every opportunity to meet and hear and know this man who is so unusually qualified to be Mayor of Newton. I recommend him wholeheartedly.

## A Friendly Chat With Our Respected Citizens

It is said when a person is losing his interest in his country's affairs he is no longer a faithful and worthy citizen but merely a wandering vagabond without a home; but when a country or home has lost her citizen's interest in her affairs she is no longer a desirable place for them to inhabit and work together in her behalf.

Newton has been known for generations as the most beautiful city and Newton citizens have shown their pride in her by trying in every way to keep her standard higher than that of surrounding cities. The second world war, as in other countries and cities, forced our most useful and patriotic citizens to forget their interest in their home town and answer the nation's call to protect her endangered freedom and disturbed peace. This left their city's political affairs in the care of those who were not qualified to be sacrificed for their nation's glory. Unfortunately in those desperate days very few were interested to know how the home political machine was run or how much money was spent from the city's fat treasury. Today with victory and the return of Newton's sons to whatever homes they could find, it is every respectable citizen's duty to show a deep interest in this coming election, to see that our best and most capable men are elected to manage our city and protect her best interests.

We cannot deny that in the last dreadful years when our city's capable citizens were busy with the war very little was done with a big cost to the city. No plans nor efforts were made to meet the needs of our boys and girls who were dreaming of a happy home and steady income so they could remain with us in our and their home town. We cannot afford to drive our young

generation away and turn this garden city into an old folk's town because there are not homes nor jobs to take care of their needs. As the present city machinery has failed to furnish the vital necessities we cannot trust it much longer to experiment in such impractical and costly ways. We need more far-sighted, deep-thinking, and quick-acting leaders to meet the city's as well as the citizen's demands, therefore it is every good citizen's duty to study carefully each candidate's ability, past and present activity in their personal and political affairs, before voting. An honest voter must forget for the moment the friendship or personal feeling for any candidate for the best interests of the city.

Today we have three estimable men running for the office of Mayor; the most honorable and responsible position, on whose decision will hang Newton's future fate. . . . .

Two of these men claim they will give up their businesses so they can devote their entire time—the story sounds patriotic but does it sound logical? . . . . .

The Newton mayor receives only \$5,600 a year while a going business should clear at least \$15,000. . . . .

The third candidate, Hugh Sloan Boyd, is of a modest Scotch family, born and brought up in our city and a graduate of our schools. He worked his way through Harvard College and Harvard Law School and his office is in Newton so he understands the needs of our people. He has special interest in the young peoples problems and is willing to back them up with all his ability and to encourage them. He has sympathy and understanding for the working man's cause. He desires to keep our school system up to the highest standard as an important foundation for our young generation. The extra quality of Hugh Boyd is his legal training, enabling him to perceive old laws that are harmful to our progress, enabling him to draft favorable contracts and avoid unnecessary or mistaken expenditure, while the other two candidates will have to call in this extra legal aid.

So with my humble opinion I aim to point out to my fellow citizens not to hesitate to select this self-made, clean-cut Hugh S. Boyd, with his superior mental ability and business energy. Our city's rusty machinery has been so badly banged and corroded that it is no longer safe to let it continue the responsible work that needs to be done, neither can we expect any satisfactory service from its parts that are going continuously over all important matters without any satisfactory results. Now that we have a sufficient number of young volunteers waiting to serve their city's good cause let us be fair to them and give them a chance. Certainly they cannot do much worse than what is being done at present. It is not wise to let an unexpert group run our city while there are others with better experience and good intentions who can more ably serve if we give them the opportunity. Let us gather our ambition together to make a wise selection to satisfy all of us for the good of our would-be perfect city of Newton.

Respectfully yours  
G.H.B.

## New Industries to Increase Newton's Revenue, Says Roy S. Edwards

Speaking informally to a neighborhood group, Wednesday evening, Roy S. Edwards, candidate for Mayor, said that he intends, if elected to devote every effort to bringing new manufacturing industries to Newton as a means of increasing the city's income.

"I want to make it plain at the outset," said Mr. Edwards, "that these new industries will not in any way encroach on residential sections. Newton is essentially a community of homes. It is a beautiful community and I want it kept so."

"Up to the present, a very small part of the city's area has been zoned for manufacturing, and the zoned districts are all at the edges of the city where they cannot possibly interfere with present or future dwellings."

"However, I do feel it necessary that the zoning laws should be revised in order to make available more areas for business. Here again, let me emphasize, I am considering outlying localities where residential sections will not be affected."

"Since we now have such a small percentage of possible sites delegated for industry, we must see that every square foot is eventually used for its purpose, inasmuch as it is highly potential income-producing property. The added revenue to the city from this source will be to the advantage of every one of our citizens and, articulately, to the owners of homes."

"When I speak of industry being confined to the edges of Newton, I can cite, as a typical example, the huge industrial development recently announced and located on Needham street, Newton Highlands. That street is wholly industrial and, being in a non-residential area, no home property is infringed upon."

"Another point of interest in the industrial development of our city is that it will provide more employment for Newton people. And a high employment figure means more all-over prosperity."

"With more pay-roll money, more family purchasing power, more business resulting for every local merchant and more revenue accruing to the city through those additional industrial projects. I can visualize a new era of affluence for Newton."

"If I am elected," concluded Mr. Edwards, "I shall do everything in my power to further Newton's prosperity and, at the same time, to uphold the city's reputation as a delightful community of charming home neighborhoods—a Garden City in the years to come, as it is now. To sum it all up, I am dedicated to the future of Newton, committed to the improvement of its financial health and pledged to the maintenance of the home owner's security."

#### THE COMMONWEALTH OF MASSACHUSETTS LAND COURT

Middlesex, ss. To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts.

Respectfully represents Viola J. Rice of Newton, in the County of Middlesex and said County of Middlesex, that she is owner of a certain lot of land with no buildings thereon, situate in Newton, in the County of Middlesex and said County of Middlesex, bounded and described as follows:

Westerly by Manomet Road, 31.38 feet;

Southerly by land now or late of Catherine L. Naramore, about 159.60 feet;

Easterly by land now or late of Harry F. Ward, 19.40 feet; and

Northerly by land now of Viola J. Rice, formerly of Ida B. MacKnight (registered land), 161.01 feet.

Said lot being the northerly portion of Lot 60 as shown on plan of Henry F. Bryant, Eng. dated October 9, 1916, and recorded with Middlesex Deeds Plan Book 254 Plan 2.

That the record title to said lot of land is clouded by a mortgage given by Robert B. MacKnight, to Catherine Lyman Naramore, dated June 12, 1923, and duly recorded Book 4624, Page 471, purporting to secure a note for \$79.67, payable in one year from June 12, 1923, with interest annually, which mortgage appears to be undischarged, unassigned and unenforced on and by the record or not properly or legally discharged of record.

That for more than twenty years after the expiration of the time limited for the full performance of said condition no payment has been made and no other act done in recognition of said mortgage; that said note was paid in full on October 14, 1924;

That the mortgagor named in said mortgage and those claiming under him have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof and that the petitioner is in possession of the original note above referred to with endorsement thereon showing note to be paid, a photostat of said note being attached to this petition.

WHEREFORE your petitioner prays that after appropriate notice a decree may be entered on the foregoing allegations as authorized by Section 15, Chapter 240 of the General Laws as amended by Chapter 20, of the Acts of 1924.

#### LAND COURT

Upon the foregoing petition, it is ordered that the petitioner give notice to all persons interested in said petition to appear before the Land Court at Cambridge, within and for our said County of Middlesex (where appearances and answers may be filed with Albert T. Gutheim, Register of Deeds for the South Registry District of said Middlesex County, as Assistant Recorder of said Court), on the first Monday of November next, by causing a true and attested copy of said petition and this order to be published forthwith once a week, for three successive weeks, in the Newton Graphic, a newspaper published in Newton, in said County of Middlesex, the last publication to be fourteen days at least before said first Monday of November next; by serving each known respondent by registered mail with a like attested copy of said petition and order as soon as may be and in any event fourteen days at least before said first Monday of November next; that all respondents may then and there show cause why the prayer of said petition should not be granted.

## Rofary Club

The speaker at the meeting of Newton Rotary Club on Monday was Sheriff Loring R. Kew of Middlesex County, Master of the House of Correction in Billerica and also a member of the Lions Club. With him as guests of the club were Chester M. Ricker and Officer Harold Baron.

Introduced by Ned Childs, Sheriff Kew stated that his job is more to correct than to punish, every man treated individually for a specific ailment, much as a doctor treats diseases. Alcoholics are a small percentage of the inmates. He spoke of Billerica as a small city, having industries such as a mat shop, brush shop, farming, canning factory, canning 15,000 gallons of food per year which is used by other institutions of cities and towns in the County. New buildings, etc., are built by inmate labor using resources from the land of the institution.

He said that the lack of authority of school teachers and police officers to invoke discipline was often the cause of many to go as far as the court for the first time. Forty per cent of the men in Billerica are habitual criminals who spend half of their life behind bars. The big problem is sex offenders who come from all walks of life, an alarming situation, time for the public to arise and stamp out the condition. He pointed out that society causes weak minds to fall and keep victims there.

Sheriff Kew invited the Newton Rotary Club to visit the institution in a group.

## Red Cross Home Nursing Course Begins October 6

Mrs. Chester M. Alter, chairman of Home Nursing for the Newton Red Cross, announces the starting of a new Standard Home Nursing Course beginning October 6 at 7:30 p. m. to be held Monday, Tuesday and Thursday evenings for two weeks. All instruction will be given at the Chapter House, 21 Foster Street, Newtonville.

At the completion of the course certificates will be awarded.

Please phone Lasell 6004. Those who have taken the course enthusiastically endorse it believing that in this day of acute nursing shortages no home-maker can afford to be without this experience. No one knows when sickness will strike. Why not get together with some of your friends and join the class starting October 6.

## New Ideas on Child Education Tested at Local Nursery School

Catherine MacKenzie in her weekly article on "Parent and Child" in the New York Times of Sept. 14, has an interesting write-up on "Learning by Acting."

It is of interest to citizens of Newton that these new ideas in child education have been worked out in the nearby Holden Nursery School of Mrs. Joseph Clancy, 31 Webster Street, West Newton.

Mrs. Clancy, herself the mother of four children, has a particularly sensitive feeling for the needs of her pupils and gladly welcomed the entrance of Dr. Rosemary Lippitt into the routine of the school day. Mrs. Lippitt received her degree in child psychology at the University of Iowa, and is Consulting Psychologist on the National Staff of the Camp Fire Girls. She is interested in the latest methods for teaching children to be good citizens; this means in guiding youngsters so that they will find happy living through their ability to be cooperative, creative, spontaneous, and well-adjusted in their social relationships.

Learning by acting, or "psychodrama" in the psychologists' vocabulary, according to Dr. Lippitt, prepares the pre-school child for counteracting the monotony of routines encountered later in school activities. It is valuable as a teaching aid in that it appeals to children, following the natural lines of their development, and bringing out spontaneity and creativity. Psychodrama is a help to a teacher as it depicts activities more vividly and does not depend on mere theory.

Mrs. Lippitt found that teaching social behavior, and communicating an understanding of the news of the world were, among other typical situations, ably organized and acted out by the pupils at the end of but a few months of training.

Dr. Lippitt believes that this is the first time that psychodrama has been used as an educational method in a nursery school. Therefore, data thus obtained is of great value to research on this subject and educators are much interested in the continuance of the project.

## School of The Dance To Reopen Oct. 14

Katherine D. O'Gorman will re-open her School of The Dance at the Newton Centre Women's Club House on Tuesday October 14, 1947.

On Tuesday September 30, 1947 from 2 to 4 o'clock Miss O'Gorman will be at the Club House for information and Registration. Classes are held in Ballet, Tap, Toe and Acrobatic and Character Dances.

Miss O'Gorman is a graduate of Wellesley College, Department of Physical Education and Chaff School of Dancing, New York.

Classes are conducted on an Educational Basis; namely to improve posture, coordination and poise with emphasis laid on health.

Miss O'Gorman is a member of N. Y. Society Teachers of Dancing, the Dancing Masters of America and a past president of Dance Teachers Club of Boston. At present she is Dean of the Normal School conducted by the Dance Teachers Club of Boston for the training of Dance Teachers and a member of the Committee who are organizing a Civic Ballet of Boston.

The main studio is in the Pierce Building in Boston. Miss O'Gorman will be pleased to send a catalogue to all who are interested.

## Upper Falls Improv. Association Begins Fall Season

A great deal of interest is being shown in the newly organized Newton Upper Falls Improvement Association. Under the able leadership of its President, Mr. George H. Ferran, this association is expected to carry out a program which will benefit the residents of Ward 5, Precinct 1, in many ways.

The executive board has already held two meetings to formulate plans and it is through its efforts this summer that the Emerson School Playground was opened and buses were provided to transport the children of the Upper Falls Playground to Crystal Lake for swimming when the Charles River was declared polluted.

The first meeting of the entire association will be in the auditorium of the Emerson School on Monday, Evening, Sept. 29, at 8 p. m. At this time Mr. Ferran will outline the program and plans of the Association and will also introduce the newly-appointed recreation commissioner, Mr. Johnson, who will be the speaker of the evening.

What he has to say will prove interesting to all especially to residents of Upper Falls.

All members and friends are urged to attend and anyone who has not joined the Association is invited to do so at this meeting which is open to the public.

## Rummage Sale At Davis School

A rummage sale will be held at the Davis School, Waltham St., West Newton on Friday, October 3 from 10 a.m. to 4 p.m. Mrs. Sidney R. Williamson of West Newton is general chairman for the sale which is sponsored by the Newton Tribute Foundation.

Her co-chairman is Mrs. Percival Waters of Wellesley and Mrs. John F. Brown of Auburndale is in charge of finances. They are being assisted by a committee on which all sections of Newton are represented.

An excellent variety of attractive and worthwhile articles have been assembled for this sale. Among them are good furniture, clothing for day-time and formal wear, books, costume jewelry, bric-a-brac, useful household articles and musical instruments.

An unusual feature of this sale will be several tables of desirable new merchandise. Mrs. D. Allen Smith of Oak Hill and Mrs. M. Fletcher Eades of Newtonville are in charge of these tables on which will be found many lovely and individual Christmas gifts.

## The Emmanuel Club of Newton

The Emanuel Club of Newton will open the 1947-48 social season with the first of a series of tea dances on Sunday, October 5, 3 p.m., at Temple Emanuel vestry, Ward street, Newton Centre. Dr. Sidney Taylor, chairman of the social committee announced today.

The first meeting will be held Sunday evening, October 19, at the Temple Emanuel vestry with the following officers presiding: President George Freedman, Newton Centre; first vice president Richard Segal, West Newton; second vice president Bernice Goldman, Newton Centre; Secretary Deborah Freedman, Newton Centre; Treasurer Mildred Karlin, Newton Centre; Corresponding Secretaries Leona Schneider, Mattapan and Aileen Horace, Mattapan; Sergeant-at-Arms Mel Izen, West Newton; Chaplain, Kenneth Gordon, Brookline.

## RECENT DEATHS

Arthur J. Wellington

Private funeral services were held at Mt. Auburn Cemetery, Cambridge on Monday for Arthur Judathan Wellington, founder and treasurer of the Massachusetts Broken Stone Company of Weston, who died on Friday, Sept. 19, at his home, 83 Church street, Newton.

Mr. Wellington was in his 88th year. He was born in Belmont, a direct descendant of Colonel Judathan Wellington who fought in the battle of Bunker Hill. He attended the Belmont public schools, and after spending several years in England buying machinery for his quarries in Salem, Greenfield and Weston he founded the company in which he remained active until his death.

He was elected the second president of the Woodland Country Club and helped plan the course. He won his first golf championship in the old Newton Golf Club's tournament in 1898 and three years later won four of the seven Flagler tournaments held in New England, also the Nassau, N. P. Bahamas tournament. Two years ago he played his last 18-hole tournament golf at Sebring, Florida.

Until his late 60's he exercised at the old Boston Athletic Association and had a shell at the BAA boathouse on the Charles. He also played squash in Newton until he was 75 years of age.

He was a member of the Longwood Cricket Club and the Oakley Country Club, the New England Senior Golfers Association and was an honorary member of the Hunnewell Club of Newton.

He leaves a son, C. Oliver Wellington of New York City and Brookhaven, R. I., four daughters, Mrs. Harold Cunningham of Duxbury; Mrs. Albert Britt of Claremont, California; Mrs. Edgar S. Burkhardt and Miss Barbara Wellington, both of Newton; also 14 grandchildren and 13 great-grandchildren.

**Earl W. Bartram**  
Earl Ward Bartram of 347 Waban Avenue, Waban, plant manager of the Carr-Fastener Corporation of Cambridge, died on Monday September 22, in his 64th year.

Mr. Bartram had been active in community affairs and was a member of the Brae Burn Country Club.

He leaves his wife, Mrs. Helen (Rockwell) Bartram, a son Philip H. Bartram of Millicent, Maine and two daughters Mrs. Chauncey D. Matthews of Wilton, Conn. and Mrs. Harry Pascoe who is in Germany with her husband, a captain in the Army.

Funeral services were held Wednesday morning. A high mass of requiem was celebrated in St. Philip Neri Church at 10 o'clock.

**Maxwell J. Lowry**  
Maxwell J. Lowry of 27 Shaw Street, West Newton, died on Monday, September 22, at his summer home in Falmouth, Mass.

Mr. Lowry was in his 86th year. He had been associated for several years with the leather goods firm of Avery & Lowry with offices on South Street, Boston. He was a member of Masonic orders.

He is survived by a son, Maxwell J. Lowry of West Newton.

## Wellesley College Fund Drive Opens With Dinner Oct. 1

Judge and Mrs. John V. Spalding of Newton Centre and Mr. and Mrs. Charles E. Spencer, Jr., of West Newton are serving as sponsors for the Wellesley 75th Anniversary Fund Campaign dinner at the Hotel Statler, October 1. Other sponsors of the dinner from Newton are Mr. and Mrs. Erwin D. Canham, Mr. and Mrs. William V. M. Fawcett and Mr. and Mrs. Robert H. Loomis. Wellesley alumnae and other friends of the college in the Newtons will be present on the occasion which marks the opening of Wellesley's campaign for \$7,500,000.

Dean Acheson, former Under Secretary of State and distinguished Washington lawyer, will be the principal speaker at the dinner. President Mildred McAfee Horton of Wellesley College, Mr. Oscar W. Hausermann of Milton, National Chairman of the Men's Committee, and Miss Nancy Bartram, President of Wellesley Student Government will also speak. Mr. Harvey Bundy of Boston, a trustee of the college, will be the toastmaster.

Plans for the campaign were discussed by Wellesley alumnae from Newton at a rally for campaign leaders at Alumnae Hall, Wellesley College, Wednesday evening, September 24. Mrs. George Belcher of Waban, Chairman for the Newtons, was present at the rally together with 40 other Newton representatives.

He is married and has two sons, Wendell, a veteran of World War II and Roger, a student at Newton High School, and a daughter, Ruth, who is a student at Wilson College, Chambersburg, Pa.

## Huston's Huskies Defeat Arlington in Season's First Game

Before a capacity crowd of 8,000 cheering fans the Newton High Football Squad marched down the field at Dickinson Memorial Stadium, Newton for their first win of the season over a highly over-rated Arlington Eleven, last Saturday. The Orange and Black Squad was fairly green, the coach was new to the squad, but with a lot of spirit and several breaks they emerged victorious.

The first canto of the game saw several fumbles by both sides and from our position in the press box it looked as if the "Spy Ponder's" of Arlington would have a tough job on their hands to break through the Newton defense.

The first break of the game for "Huston's Huskies" came in the closing minutes of the second period, after several threats by Arlington's come coming as close as the Newton 1 foot line. A pass from Arlington's Captain Dick Raia was intercepted by Joe Seichlone, Newton's 195 lb. full back on his own 48 yard line and scampered 52 yds. for the tally. The conversion was no good. Score at the end of the half; Newton 6, Arlington a goose egg.

In the third chapter Arlington threatened once again marching as close this time as the 1 yd. line, but once again as in the preceding canto in vain. The Huston men were in trouble the entire period but the Spy Ponder's failed to score.

After five plays in the fourth period Arlington had tied the ball game up. Paul Tyrell, right half back sweeping around end for 22 yds. placed the pigskin on the Newton 14 yd. line. Preston plunged through the line for another 3 yds. Raia crashed through center to the one for a first down. Raia attempted to go through center again for the score but was stopped at the line of scrimmage. Capt. Dick Raia tried again this time he made it. Johnny Carroll's kick for the tie breaking point was blocked.

In the final minutes of the game the ball rested on the Newton 38. Newton's speedy Don Collins moved it to the Arlington 38, for a first down. Once again Collins took the ball and shoved it to the 24 yd. line for another first down. Joe Seichlone crashed through center to the 14 yd. line, another first down. Collins carried the ball the remaining 14 yds. for pay-dirt. Seichlone plunged through center for the extra point. The Spy Ponder's did not come back for a score after a few plays time ran out. Final Score: Newton 13, Arlington 6.

This Saturday its Rindge, at Newton, with Coach Warren Huston at the helm this reporter will stick his neck out and say, "An easy victory for the Garden City."

In the five-year period from 1942-46 the number of fires increased 30 per cent, while the population increased less than five per cent. This year there will occur approximately 830,000 fires, or nearly 2,300 per day.

## Holy Name Society

## Gath Announces His Campaign Committee

Marking no time delay in his planned aggressive campaign for Alderman-at-Large from Ward 2, Harry (Sonny) Gath, Jr., last night at the John W. Weeks Junior High School, Newton Centre, announced the city wide membership of his campaign committee. The occasion was the annual banquet of the Newton Twilight Baseball League where Mr. Gath for the third year in succession presented the Harry Gath, Jr. trophy to the Nonantum A. C. softball champions, sponsored by Samuel Fried.

The leaders in the Gath campaign represent all phases of the industrial, mercantile, educational, civic and sports life in Newton. They will be augmented later by ward campaign workers in every part of the city.

Speaking of his committee candidate Gath said, "The acceptance of these representative type of citizens to my invitation to serve, merits the consideration of the Newton voters and indicates a city-wide interest in my candidacy from all phases of community life. They will be an active, working committee, not a 'window dressing' listing of names aimed to give a false impression to the voters."

The following will be the "master mind" committee of the Gath campaign: Donald G. Enoch, 19 Angier circle, Auburndale, Ward 4 who brought "fame and fortune" to Newton High while track coach, served as a major in World War II. Harold K. Bragle, 36 Westfield road, West Newton, Ward 3, former regional manager of General Motors. (Sweden) Frederick Youngstrom, 21 Hazelton road, Newton Centre, Ward 6, former all-American football player at Dartmouth and prominent Boston flour broker. William P. Sullivan, 249 Homer street, Newton Centre, Ward 2, lieutenant, World War II, member Newton Post, American Legion. Edward J. Daley, Jr., 123 Elliot street, Newton Highlands, Ward 5, president of the Newton Restaurant Owners Association. Thomas J. Donaldson, 50 Oak street, Newton Upper Falls, Ward 5, "See Tom" fame regarding Newton's history and politics for half a century. Mrs. Margaret Stahl, 152 Cabot street, Newton, Ward 1, prominent in all activities of Parent Teachers Association. Ernest E. Annesse, 510 Watertown street, Newton, Ward 2, disabled veteran of World War II and Newton business man. Miss Mildred L. King, 181 Washington street, Newton, Ward 7, Community Chest representative and active in all Newton Corner women's activities. Samuel Fried, 20 Hope street, Auburndale, Ward 4, Newton department store owner and prominent in Jewish circles. Walter L. Kohn, 294 Adams street, Newtonville, Ward 1, prominent railroad executive and member of Newton Post, American Legion.

The various business sessions of the National Holy Name Convention to be held in Boston and a large representation from the parish is expected to be present at the "Holy Hour" to be held at Braves Field on Friday evening, October 3 at 8:30 o'clock.

Rev. John J. Crane, pastor of St. Bernard's has asked that every man in the parish unless physically handicapped, march in the Holy Name procession in Boston on Sunday, October 5.

A RED FEATHER AGENCY

## JUNIOR LEADER TRAINING COURSE AT NOBSCOT

103 Norumbega Council Junior Leaders of Newton and Wellesley, and 21 Adult Leaders from 22 Scout Troops, opened the Council Scouting year by attending a weekend Training Conference the past weekend at Nobscot Reservation in Sudbury.

The program included a series of discussions, demonstrations and outdoor field activities—all designed as material to be taken back to the Troops by the Junior Leaders.

Practice groups and demonstrations were headed up by a group of Norumbega Council veteran Senior Scouts: Senior Scouts Walter Tower, Jr. and Leonard Kent of Troops 7A and 7C presented an outdoor cooking demonstration; Senior Scout William Underhill, Troop 16, demonstrated Fire Building and types of outdoor fires; Senior Scout Thomas Lyndon, Troop 5, demonstrated and conducted practice of the use of an outdoor Rope-yard; Senior Scout Kent Collins, Troop 16, demonstrated the care and use of the Knife and Axe at an outdoor Axe-yard; Senior Scouts David Starkweather, Troop 15 and Curtis Livingston, Troop 22, presented an observation project which involved study of animal track bed, use of the compass and Nature Study; Senior Scout Daniel Abbott, Troop 16, and Air Scout Assistant Squadron Leader, Richard Paul, demonstrated and headed a practice of Troop Drill technique—Senior Scout Graham Fulton, Troop 16, assisted in the presentation of the program. Norumbega's new Field Executive, William Small, conducted an extensive two-day course in the use of the Compass and Map Making.

The Campfire Saturday night was highlighted by reports from the summer trip groups of Senior Scouts who attended the National Scout Ranch at Philmont, New Mexico, the Wilderness Canoe Trip in Maine, the Air Scout trip to West Point, Vermont, and Camp Quinapoxet. Major John H. Taylor, New England Army Air Force Liaison Officer, was present as a guest at the Camp fire.

The Rev. Martin J. Dolphin conducted Mass on Sunday morning and the Rev. Frederic Groetsma conducted Scouts Own Service. In his Sermon Mr. Groetsma charged the Junior Leaders present with the responsibility of setting an example of guiding and influencing the younger members of the various Troops. He commended the ideals of Scouting as a noteworthy code of living to supplement the Church during the present trouble era.

The following Troops were represented at the Green Bar Weekend: Troops 1, 2, 5, 6, 7C, 9, 10, 11, 15, 16, 14, 19, 22, 27, Senior Outfit 16, Air Squadron 1, Newton Troops; Troops 2W, 7W, and 84, Wellesley Troops.

The Council Program for the new year was featured by an early start in September. The majority of the Council Troops and Packs were organized with the first meeting during the month.

The October Program includes: the start of the Annual Roll Call
